

New York State Legislature Clinical Staffing
Committee Bill

Due Date: November 8,
2023

Purpose

The bill represents an alternative to the mandatory nurse staffing ratio bill. The clinical staffing committee will work collaboratively with nurses and other members of the care team to design and implement a hospital staffing plan. The Clinical Staffing Committee allows for frontline team members to have a role and voice in the staffing process.

Committee Responsibilities

- Development and oversight of implementation of an annual clinical staffing plan
- Semiannual review of the staffing plan against patient needs and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the general hospital
- Review, assessment and response to complaints regarding potential violations of the adopted staffing plan, staffing variations or other concerns regarding the implementation of the staffing plan and within the purview of the committee
- Staffing plan to be submitted by July 1st 2022 and annually thereafter. Implementation will occur no later than January 1st 2023 and annually thereafter
- Clinical staffing plan to be posted in a publicly conspicuous area on each patient care unit

Membership Eligibility

1. Team member to be in good standing
2. Understand staff planning process
3. Prior committee experience
4. Able to maintain collaborative relationships

Utilize a Peer Selection Process (names submitted by Friday 12/28/21- Final selection using ballot process to be conducted by team members and without leadership involvement 1/28/22 at 2:00 pm Shared Governance Meeting.

Clinical Staffing Committee and Clinical Staffing Plan 2023

The **Clinical Staffing Committee** was formulated and began meeting in January of 2022. Please see the Committee Charter document that includes the committee responsibilities, member eligibility, scope of representation from the various types of clinical units, frontline team member names and titles, and leader membership. Individuals on this Committee were nominated and selected by their peer staff to represent the various units through an already-established Shared Governance Committee of United Memorial Medical Center. The Clinical Staffing Committee Meetings are monthly with active participation on pertinent clinical staffing discussions resulting in creation and approval of a Clinical Staffing Plan annually. Minutes are sent out to each committee representative and are made available to be shared with any interested clinical staff.

The United Memorial Medical Center North Street **Nursing Staffing Plan** has been developed by utilizing staffing grids as a guide for the various units that reflect the expected/ideal clinical staff to patient ratios. The grids reflect direct patient care givers: nursing staff (RN/LPNs), Patient Care Technicians (PCTs) and unit/department secretaries. The newly established Clinical Staffing Committee members reviewed, revised and approved through consensus the staffing grids for their perspective units. Please see Attachment 2 for the latest staffing grids by units. Staffing information including the unit staffing plan and actual daily staffing shall be posted within a conspicuous public area on each patient care unit.

United Memorial Medical Center's Nursing Supervisors have easy access to each 4 week nursing schedule by unit and has access to current patient census for all units. The Nursing Supervisor receives all sick calls in order to enhance appropriate triaging of any full- time, part- time, or per diem staff members to the unit of need. Floating staff from one unit, to a similar unit, will occur when necessary to meet unit/department, and patient needs.

On the off shifts and weekends, an RN Nursing Supervisor oversees the staffing coordination so that 24/7 staffing needs at United Memorial Medical Center can be addressed. The unit charge RN's are expected to communicate closely with the Nursing Supervisor by addressing changes/increases in patient acuity level that may necessitate additional staffing needs. Hospital census, that include new admissions, patient transfers and expected discharges, are numbers assessed each shift in order to anticipate any changes to staffing needs for the upcoming shifts.

In situations in which the expected nurse to patient ratio for safe staffing cannot be met by the number of staff previously scheduled, many options are then utilized include:

- Asking staff to work an additional 4 hours or 8 hours to an existing shift
- Switch scheduled shift/day off to another shift/day to meet the present need
- Adjust the charge nurse to take a full patient assignment in addition to the charge nurse responsibilities
- Assess the skill mix and experience (including specialty certification) of team members in house and resource share as appropriate to meet the needs of acuity in individual unit/departments
- Offer additional pay incentives to staff nurses in times of high RN vacancy rates
- Utilize RN management to take a patient assignment
- Offer office or specialty area nurses to assist on medical-surgical units as a "helping hands" nurse that is paired with a scheduled unit staff nurse

- Agency RN utilization with contracts for areas with a vacancy
- Available Weekend Program
- Available Premier Per Diem Program

Emergency Circumstances:

During Public Health Emergencies or situations that require activation of Incident Command/Emergency Operations Plans, staffing will be evaluated and adjusted by appropriate general hospital personnel overseeing patient care operations following guidance set forth by regulatory agencies, executive leadership of the hospital and or health system, and individual acuity needs of departments.

Complaint Reporting:

Concerns related to the Staffing Plan should be entered anonymously into the Safe Connect Event reporting system. Concerns will be tracked and brought to the standing Clinical Staffing Committee for review as needed and responded to accordingly. Concerns can also be brought forth to the immediate Nurse Leader in the department. UMMC shall not retaliate against or engage in any form of intimidation of an employee, patient, or any other individual in connection with clinical staffing.

Ambulatory Staffing Committee

Clinical Staffing Committee and Clinical Staffing Plan 2023 & 2024

The Rochester Regional Health Ambulatory **Clinical Staffing Committee** was formulated and began meeting in November of 2023. Please see [Page 3](#) for Committee Charter document that includes the committee responsibilities, member eligibility, scope of representation from the various types of clinical areas, frontline team member names and titles, and leader membership.

Individuals on this Committee were nominated and selected by their peer staff to represent the various areas of ambulatory care. The Clinical Staffing Committee Meetings are twice yearly and as needed with active participation on pertinent clinical staffing discussions. Minutes are sent out to each committee representative and are made available to be shared with any interested clinical staff.

The Rochester Regional Health Ambulatory **Nursing Staffing Plan** has been developed by utilizing staffing grids as a guide for the various areas that reflect the expected/ideal clinical staff to patient ratios. The grids reflect direct patient care givers: nursing staff (RN/LPNs), Medical Assistants (MAs) and Access Associates (AA). The newly established Clinical Staffing Committee members reviewed, revised and approved the staffing grids for their perspective units. Please see [below](#) for the staffing grids by units.

In addition, RRH Ambulatory has an established central process that evaluates ongoing, up to date, current staffing requirements. The full time Program Manager has easy access to each nursing schedule by service line and has access to current provider/patient schedules for all areas. The Program Manager receives all sick call escalations in order to enhance appropriate triaging of any per diem or part time staff to the area of need. Floating staff from one area, to a similar area, will occur when necessary to meet patient needs.

The site leader is expected to communicate closely with the Program Manager by addressing changes/increases in patient acuity or volume level that may necessitate additional staffing needs. Provider schedules/patient volume, that includes add-ons, provider schedule changes and pre-scheduled visits/procedures are numbers accessed each day in order to anticipate any changes to staffing needs for the upcoming shifts.

In situations in which the expected nurse to patient ratio for safe staffing cannot be met by the number of staff previously scheduled, many options are then utilized that include:

- Asking staff to work an additional 4 hours or 8 hours to an existing shift
- Utilize remote support for telephone triage and inbasket management
- Switch scheduled shift/day off to another shift/day to meet the present need
- Offer additional pay incentives to staff nurses in times of high RN or LPN vacancy rates
- Utilize Clinical Nurse Leader and service line Nurse Educators to take a patient assignment
- Utilize RN management to take a patient assignment

- Agency RN/LPN/MA/AA utilization with contracts for areas with a vacancy

Additional Support and collaboration within the Nursing Division:

Advanced Practice Providers
Care Management Nurses
Clinical Nurse Leader
Directors of Nursing
Environmental Services
Physicians
Infection Prevention
Nurse Educators
Occupational Therapist
Pharmacist Support
Physical Therapist
Quality Coordinator
Regulatory DON
Respiratory Therapy
Security
Social Work
Volunteers and Guest Services
Operational Leaders

Complaint Reporting:

Concerns related to the Staffing Plan should be entered into the Safe Connect Event reporting system. Concerns will be tracked and brought to the standing Clinical Staffing Committee for review and then responded to accordingly without retaliation.

Rochester Regional Health's electronic event reporting system. <https://intranet.rochesterregional.org/safeconnect/Pages/Home.aspx>

Concerns can also be brought forth to the immediate nurse leader in the department.

During Public Health Emergencies or situations that require activation of Incident Command/Emergency Operations Plans, staffing will be evaluated and adjusted following guidance set forth by regulatory agencies, executive leadership of Ambulatory and or health system, and individual acuity needs of departments.

New York State Legislature Clinical Staffing Committee Bill

Due Date: November 8, 2024

Purpose

The bill represents an alternative to the mandatory nurse staffing ratio bill. The clinical staffing committee will work collaboratively with nurses and other members of the care team to design and implement an ambulatory staffing plan. The Clinical Staffing Committee allows for frontline team members to have a role and voice in the staffing process.

Committee Responsibilities

- Development and oversight of implementation of an annual clinical staffing plan
- Semiannual review of the staffing plan against patient needs and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the sites
- Review, assessment and response to complaints regarding potential violations of the adopted staffing plan, staffing variations or other concerns regarding the implementation of the staffing plan and within the purview of the committee

Membership Eligibility

1. Team member to be in good standing
2. Understand staff planning process
3. Prior committee experience
4. Able to maintain collaborative relationships

Utilize a Peer Selection Process – The Ambulatory Nurse Profession Practice Council (ANPPC), which is the shared governance committee, selected the representatives for the Ambulatory Staffing Committee
