

**Clinical Staffing Committee and Clinical Staffing Plan
2023 & 2024**

The Newark Wayne Community Hospital **Clinical Staffing Committee** was formulated and began meeting in January of 2022. Please see [Page 3](#) for Committee Charter document that includes the committee responsibilities, member eligibility, scope of representation from the various types of clinical units, frontline team member names and titles, and leader membership.

Individuals on this Committee were nominated and selected by their peer staff to represent the various units of Newark Wayne Community Hospital. The Clinical Staffing Committee Meetings are monthly with active participation on pertinent clinical staffing discussions. Minutes are sent out to each committee representative and are made available to be shared with any interested clinical staff.

The Newark Wayne Community Hospital **Nursing Staffing Plan** has been developed by utilizing staffing grids as a guide for the various units that reflect the expected/ideal clinical staff to patient ratios. The grids reflect direct patient care givers: nursing staff (RN/LPNs), Patient Care Technicians (PCTs) and Unit Secretaries (US). The newly established Clinical Staffing Committee members reviewed, revised and approved the staffing grids for their perspective units. Please see [Page 10-25](#) for the staffing grids by units. The outpatient services Ambulatory staffing charter and grids are included in [Appendix A](#).

In addition, Newark Wayne Community Hospital has an established Nursing Supervisor model that evaluates ongoing, up to date, current staffing requirements. The full time Nursing Supervisor has easy access to each 4 week nursing schedule by unit and has access to current patient census for all units. The Nursing Supervisor receives all sick calls on the off-shifts in order to enhance appropriate triaging of any per diem or part time staff to the unit of need. Floating staff from one unit, to a similar unit, will occur when necessary to meet patient needs.

On the off shifts and weekends, an RN Nursing Supervisor continues the staffing coordination so that 24/7 the staffing needs at Newark Wayne Community Hospital can be addressed by this centralized process. The unit charge RNs are expected to communicate closely with the Nursing Supervisor by addressing changes/increases in patient acuity level that may necessitate additional staffing needs. Hospital census, that includes new admissions, patient transfers and expected discharges, are numbers accessed each shift in order to anticipate any changes to staffing needs for the upcoming shifts.

In situations in which the expected nurse to patient ratio for safe staffing cannot be met by the number of staff previously scheduled, many options are then utilized that include:

- Asking staff to work an additional 4 hours or 8 hours to an existing shift
- Switch scheduled shift/day off to another shift/day to meet the present need
- Adjust the charge nurse to take a full patient assignment in addition to the charge nurse responsibilities
- Assess the skill mix and experience of team members in house and resource share as appropriate to meet the needs of acuity in individual departments
- Offer additional pay incentives to staff nurses in times of high RN or LPN vacancy rates
- Utilize Clinical Resource Nurse and unit Nurse Educators to take a patient assignment
- Utilize RN management to take a patient assignment

- Offer office or specialty area nurses to assist on medical-surgical units as a “helping hands” nurse that is paired with a scheduled unit staff nurse
- Agency RN utilization with contracts for areas with a vacancy
- Available Weekend Program
- Available Premier Per Diem Program

Additional Support and collaboration within the Nursing Division:

Advanced Practice Providers

Behavioral Health Nursing and Psychiatry Consult Staff

Bed Coordination Office

Care Management Nurses

Clinical Resource Nurse

Directors of Nursing

Environmental Services

Food and Nutrition Clerks

Hospital Equipment Coordinator

Hospitalist

Infection Prevention

Nurse Educators

Occupational Therapist

Off Shift and Weekend Nursing Supervisors

Pharmacist Support

Physical Therapist

Quality Coordinator

Assistant Director of Quality

Regulatory RN

Respiratory Therapy

RN Stroke Coordinator

RN Vascular Access Team

Security

Social Work

Speech Pathologist

Transport

Volunteers and Guest Services

WOCN Nurse

Complaint Reporting:

Concerns related to the Staffing Plan should be entered into the Safe Connect Event reporting system. Concerns will be tracked and brought to the standing Clinical Staffing Committee for review and then responded to accordingly without retaliation.

Rochester Regional Health’s electronic event reporting system. <https://intranet.rochesterregional.org/safeconnect/Pages/Home.aspx>

Concerns can also be brought forth to the immediate nurse leader in the department.

During Public Health Emergencies or situations that require activation of Incident Command/Emergency Operations Plans, staffing will be evaluated and adjusted following guidance set forth by regulatory agencies, executive leadership of the hospital and or health system, and individual acuity needs of departments.

Newark Wayne Community Hospital Charter

New York State Legislature Clinical Staffing Committee Bill

Due Date: July 1, 2023

Purpose

The bill represents an alternative to the mandatory nurse staffing ratio bill. The clinical staffing committee will work collaboratively with nurses and other members of the care team to design and implement a hospital staffing plan. The Clinical Staffing Committee allows for frontline team members to have a role and voice in the staffing process.

Committee Responsibilities

- Development and oversight of implementation of an annual clinical staffing plan
- Semiannual review of the staffing plan against patient needs and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital
- Review, assessment and response to complaints regarding potential violations of the adopted staffing plan, staffing variations or other concerns regarding the implementation of the staffing plan and within the purview of the committee

Membership Eligibility

1. Team member to be in good standing
2. Understand staff planning process
3. Prior committee experience
4. Able to maintain collaborative relationships

Utilize a Peer Selection Process - Final selection using Survey Monkey conducted by team members and without leadership involvement from 12/20/21 – 12/27/21, updated June 15, 2023.

Scope

Med/Surg (3 Rep)

Perioperative Services (2 Rep)

Emergency Department (2 Rep)

Policy & Procedure

Title:	Staff Scheduling Plan	Date of Origin:	06/22	Policy #			
		Last Reviewed:	06/22				
		Last Revised:	06/22				
		Effective:	06/22	Page	1	of	2
Affiliate(s)	<input checked="" type="checkbox"/> Hospital: <input checked="" type="checkbox"/> Clifton Springs <input checked="" type="checkbox"/> NWCH						
<p>For purposes of this policy, “Rochester Regional Health” shall collectively refer to the affiliates identified in the header of the policy.</p>							

Policy Statement:	<p>Purpose: To serve as a guideline when developing schedules in medical-surgical and critical care clinical areas; as well as to set standards for staff around scheduling related issues.</p>
Procedure:	<p>I. <u>General Staffing Guidelines</u></p> <ol style="list-style-type: none"> 1. The schedule will be developed in a minimum of 4-week time blocks; up to a 9-week block of time; except on the Women’s Care Unit where cyclical scheduling is done bi-annually. 2. The staffing coordinator or designated nurse leader will create the schedule in Kronos based on requests of team members. 3. As many vacant shifts as possible will be filled at the nursing unit level. 4. The schedule cannot be approved by the designated nurse leader unless core staffing has been met. This can be accomplished in the following ways: <ol style="list-style-type: none"> a. Each unit will use the staffing grids developed with leadership as a guideline for planning of staffing. b. Once core staffing is set, additional staffing is to be added or canceled based on trends on the individual unit, which includes but is not limited to: patient acuity levels, number of expected discharges and admissions, emergency department volumes, surgical volumes, and historical trends. c. Team members are hired into core staffing patterns (D; D/E; E/N; E; N) with the understanding that changes in trends may necessitate changes in shifts to meet the needs of the individual unit. 5. In accordance with labor laws, mandatory overtime of nurses is prohibited. Pre-scheduled overtime for nurses is

prohibited, unless voluntarily agreed to in advance, by the nurse. Team members may not work more than sixteen hours in a 24-hour period of time. Team members may not work more than 60 hours in a 7 day period (subject to change during state of emergency).

6. Efforts to fill anticipated or unanticipated vacancies:
 - a. Pursue all straight time options first (per diem, part time, floats) before a nurse is requested to stay for overtime.

II. Staff Scheduling

1. Staff must work the shift rotation that they were hired for based on unit need and designated nurse leader approval (Day/Evening/Night rotations).
2. Staff must work required weekends as prescribed upon hire. Typically this is every other weekend unless other arrangements have been made.
3. Once the designated Nurse Leader approves the schedules, the schedules will be posted in Kronos and will be made accessible within the departments.
4. Any changes to the master schedule such as switching shifts, or a request for a change, must be communicated and approved through the nurse leader or designee before communicated as approved to the team member.

III. Staffing Composition

1. Patient care is provided on the nursing units with a team approach utilizing RN's, LPN's and PCT's. Care is delivered under the direction of the RN.
2. On all off-shifts (evenings/nights, holidays/weekends) a nursing supervisor is available in house to provide supervision in the absence of leaders.
3. Student Nurses: The nurse leader or designee collaborates with the instructors in determining appropriate assignments for student nurses that will enhance application of learned theoretical principles. When student nurses are assigned, they perform nursing care activities under the direct supervision of the nursing instructor. The regular staff on duty maintains responsibility to ensure the patients individual care needs are met in accordance with the plan of care.
4. Private Duty Personnel: Private duty personnel may be RN's, LPN's, or CNA's hired and paid by the patient's family to address hygiene needs, comfort needs, and other dependent ADLs. A physician's order is required. Private duty personnel are under the supervision of the primary care nurse. Private duty personnel may not give medications, perform therapeutic treatments such as

respiratory treatments, or wound care. Regular staff will be assigned to the patient and be responsible for the assessment and care of the patient. Private duty personnel are required to report any and all observed changes in condition to the primary care nurse. The use of private duty personnel is not encouraged but rather accommodated as appropriate based on patient's plan of care.

IV. Alternate Staffing Methods

1. Per diem Staff: May consist of RN, LPN, or PCT assigned to any given unit with varied hours. Per diem staff may perform duties and responsibilities outlined in the job description and their documented skill level. Per diem staff are required to complete all annual competencies, required education, and are evaluated annually. Per diem team members are required to work at least 144 hours in a calendar year and fulfill all unit weekend and holiday requirements in order to stay up-to-date with any changes in policy and procedure.
2. Agency/Contracted Staff: In the event of staffing shortages, agency RN's and LPN's may be utilized to meet staffing requirements. The agency/contract nurse will function in accordance with mandates by the NYS Education department as outlined by the Nurse Practice Act. Members of the nursing staff who observe any behavioral or clinical actions not consistent with approved standards shall report them to a nurse leader immediately. All concerns will be discussed with the agency liaison and if deemed appropriate we will not utilize the individual in the future.
 - a. Upon arrival to the unit, the assigned preceptor will review physical layout of the unit, location and use of emergency equipment, and the location of policy and procedures and reference material on the intranet with agency staff.

V. Reporting for Duty

1. When a staff member is put on the schedule, it is the responsibility of that staff member to report for work for the assigned shift.

VI. Sick Calls

1. Sick calls must be made no less than 2 hours before the start of the shift.
2. Employees must report absences daily unless hospitalized.
3. Team members are required to make up any missed weekend shifts within the next 8-week time block; unless previous arrangements have been made.
4. Employees in the process of transferring to a different department who call in for a shift will be required to make up the shift on the unit to which they called in.

For Clifton: All sick calls must be made directly to the nursing supervisor.

For Newark: All sick calls must be made directly to the unit charge nurse phone.

VII. Requests for time off (single shifts/vacation)

Newark: Employees must request time off (up to one year in advance) in Kronos prior to the self-scheduling period opening for that time block. The employee must have the time accrued prior to requesting the time off. WCU: may request time off starting in October for the following January – June and may request time off beginning in January for the following July through December.

Clifton: employees must fill out time off request form and turn into staffing coordinator for approval.

Time off will be approved by the Nurse Manager as soon as possible after the request is made. Requests will be approved in order of submission date, by seniority and are dependent on previous time off submissions.

VIII. Switching process

Newark: Shift swaps should be requested in Kronos or directly to the designated nurse leader. No schedule changes should be made without nurse leader approval and initialing the change on the schedule.

Clifton: Team members who want to switch a shift should complete the shift swap form and turn in to staffing coordinator for approval.

IX. Holiday Scheduling Process

1. The holidays are broken down into A&B rotations. On most units, staff is scheduled for every other holiday. Team members can expect that the holidays you work this year will be the holidays you have off the following year. In the event flexing needs to occur on the holiday, years of service will be taken into consideration.

2. Women's Care Unit: Staff work holidays as they fall throughout the year except for Christmas Eve and Christmas Day, these are alternated every other year.

X. Floating/Flexing

1. Floating will not be required in the first six months of employment. Floating will occur based on the float log.

2. Flexing occurs in four-hour increments- the team member flexed should be calling at the 3-hour mark to see if they are needed.

3. Flexed team members may be required to come in for another unit in need.

4. Flexed time may be paid using vacation time or floating holiday time.

5. Flexing will occur in the following order:
 - a. Agency on Overtime
 - b. Staff on Overtime
 - c. Per diem staff
 - d. Follow flex log
6. Women's Care Unit does not flex, they are out on-call and may need to come to work at any time to care for patients.

ROCHESTER REGIONAL HEALTH

Ambulatory Staffing Committee: Appendix A

Clinical Staffing Committee and Clinical Staffing Plan 2023 & 2024

The Rochester Regional Health Ambulatory **Clinical Staffing Committee** was formulated and began meeting in November of 2023. Please see [Page 3](#) for Committee Charter document that includes the committee responsibilities, member eligibility, scope of representation from the various types of clinical areas, frontline team member names and titles, and leader membership.

Individuals on this Committee were nominated and selected by their peer staff to represent the various areas of ambulatory care. The Clinical Staffing Committee Meetings are twice yearly and as needed with active participation on pertinent clinical staffing discussions. Minutes are sent out to each committee representative and are made available to be shared with any interested clinical staff.

The Rochester Regional Health Ambulatory **Nursing Staffing Plan** has been developed by utilizing staffing grids as a guide for the various areas that reflect the expected/ideal clinical staff to patient ratios. The grids reflect direct patient care givers: nursing staff (RN/LPNs), Medical Assistants (MAs) and Access Associates (AA). The newly established Clinical Staffing Committee members reviewed, revised and approved the staffing grids for their perspective units. Please see [Page 6-189](#) for the staffing grids by units.

In addition, RRH Ambulatory has an established central process that evaluates ongoing, up to date, current staffing requirements. The full time Program Manager has easy access to each nursing schedule by service line and has access to current provider/patient schedules for all areas. The Program Manager receives all sick call escalations in order to enhance appropriate triaging of any per diem or part time staff to the area of need. Floating staff from one area, to a similar area, will occur when necessary to meet patient needs.

The site leader is expected to communicate closely with the Program Manager by addressing changes/increases in patient acuity or volume level that may necessitate additional staffing needs. Provider schedules/patient volume, that includes add-ons, provider schedule changes and pre-scheduled visits/procedures are numbers accessed each day in order to anticipate any changes to staffing needs for the upcoming shifts.

In situations in which the expected nurse to patient ratio for safe staffing cannot be met by the number of staff previously scheduled, many options are then utilized that include:

- Asking staff to work an additional 4 hours or 8 hours to an existing shift
- Utilize remote support for telephone triage and inbasket management
- Switch scheduled shift/day off to another shift/day to meet the present need
- Offer additional pay incentives to staff nurses in times of high RN or LPN vacancy rates
- Utilize Clinical Nurse Leader and service line Nurse Educators to take a patient assignment
- Utilize RN management to take a patient assignment

- Agency RN/LPN/MA/AA utilization with contracts for areas with a vacancy

Additional Support and collaboration within the Nursing Division:

Advanced Practice Providers
Care Management Nurses
Clinical Nurse Leader
Directors of Nursing
Environmental Services
Physicians
Infection Prevention
Nurse Educators
Occupational Therapist

Complaint Reporting:

Concerns related to the Staffing Plan should be entered into the Safe Connect Event reporting system. Concerns will be tracked and brought to the standing Clinical Staffing Committee for review and then responded to accordingly without retaliation.

Rochester Regional Health's electronic event reporting system. <https://intranet.rochesterregional.org/safeconnect/Pages/Home.aspx>

Concerns can also be brought forth to the immediate nurse leader in the department.

During Public Health Emergencies or situations that require activation of Incident Command/Emergency Operations Plans, staffing will be evaluated and adjusted following guidance set forth by regulatory agencies, executive leadership of Ambulatory and or health system, and individual acuity needs of departments.

Rochester Regional Health Ambulatory Charter

New York State Legislature Clinical Staffing Committee Bill

Due Date: November 8, 2024

Purpose

The bill represents an alternative to the mandatory nurse staffing ratio bill. The clinical staffing committee will work collaboratively with nurses and other members of the care team to design and implement an ambulatory staffing plan. The Clinical Staffing Committee allows for frontline team members to have a role and voice in the staffing process.

Committee Responsibilities

- Development and oversight of implementation of an annual clinical staffing plan
- Semiannual review of the staffing plan against patient needs and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the sites
- Review, assessment and response to complaints regarding potential violations of the adopted staffing plan, staffing variations or other concerns regarding the implementation of the staffing plan and within the purview of the committee

Membership Eligibility

5. Team member to be in good standing
6. Understand staff planning process
7. Prior committee experience
8. Able to maintain collaborative relationships

Utilize a Peer Selection Process – The Ambulatory Nurse Profession Practice Council (ANPPC), which is the shared governance committee, selected the representatives for the Ambulatory Staffing Committee
