

Have you been prescribed buprenorphine? Do you need help paying for the prescription?

BUPE-AP covers the cost for people who don't have any or enough insurance to cover the cost of buprenorphine.

Buprenorphine (also known as Suboxone) is used to help you manage your opioid use, (heroin, fentanyl, and prescription opioids) and prevents you from having an opioid overdose.

To find out if you qualify for the program and where you can be enrolled, call:

800-542-2437 or 1-844-682-4058

Department
of Health

Office of Addiction
Services and Supports

Get help to pay for your bupe!
