II. STATEWIDE CONSTRUCTION AND BUILDING CODES

Mr. Nichols will review building codes as they pertain to new construction as well as issues associated with retrofitting existing structures.

Daniel Nichols, P.E., Fire Protection Engineer

Department of State, Division of Code Enforcement and Administration

III. OUR LADY OF LOURDES HOSPITAL IN BINGHAMTON - "A Communities Experience with Major Flooding, Turning Adversity into Opportunity"

Wayne Mitteer, RN MS is recently retired as Vice President of Clinical Services at Our Lady of Lourdes Memorial Hospital in Binghamton, New York. Mr. Mitteer had direct involvements in both the 2006 flood which required full evacuation and closure of the Hospital resulting in over 21 million dollars in damage; and, the 2011 flood which allowed the hospital to continue operations because of the flood mitigation strategy that was put in place. Lourdes survived far better in 2011 than in 2006 even though the community flooding was far worse
