

# CHA-CHIP and CSP Review Findings

Ad Hoc Committee to Lead the  
Prevention Agenda

New York State Department of Health

# Outline

---

- Background
- Findings from the Reports
  - Review Criteria
  - Priorities, Focus Areas, Goals and Strategies Selected
  - Partners
  - Disparities
  - Summary Observations

# Prevention Agenda 2013-2017

---

- Goal is improved health status of New Yorkers and reduction in health disparities through increased emphasis on prevention.
- Call to action to broad range of stakeholders to collaborate at the community level to assess local health status and needs; identify local health priorities; and plan, implement and evaluate strategies for local health improvement.

# Prevention Agenda 2013-2017: Steered by Ad Hoc Leadership Group

Six members of Public Health Committee and other leaders from Healthcare, Business, Academia, Community-based & Local Health Departments.

# Five Prevention Agenda Priorities

---

1. Prevent chronic diseases
2. Promote a healthy and safe environment
3. Promote healthy women, infants and children
4. Promote mental health and prevent substance abuse
5. Prevent HIV, sexually transmitted diseases, vaccine-preventable diseases and healthcare associated infections

# Timeline

---

April  
2014

Feedback letters developed and mailed to local health departments and hospitals

Local Health Department Community Health Assessment & Community Health Improvement Plan due November 15, 2013

Nov  
2013

Hospital Community Service Plans; Due November 15, 2013

Dec  
2012

NYS DOH directs LHDs and Hospitals to work together and include local stakeholders; asked to choose two Prevention Agenda priorities and one that addresses health disparities

# CHA-CHIP-CSP Review Process

---

- All 58 local health department (LHD) Community Health Assessments-Community Health Improvement Plans (CHA-CHIPs) and 148 hospital Community Service Plans (CSPs) reviewed by at least two reviewers using an online tool.
- Every local health department and hospital received feedback highlighting strengths and opportunities for improvement.

# CHA-CHIP-CSP Review Criteria

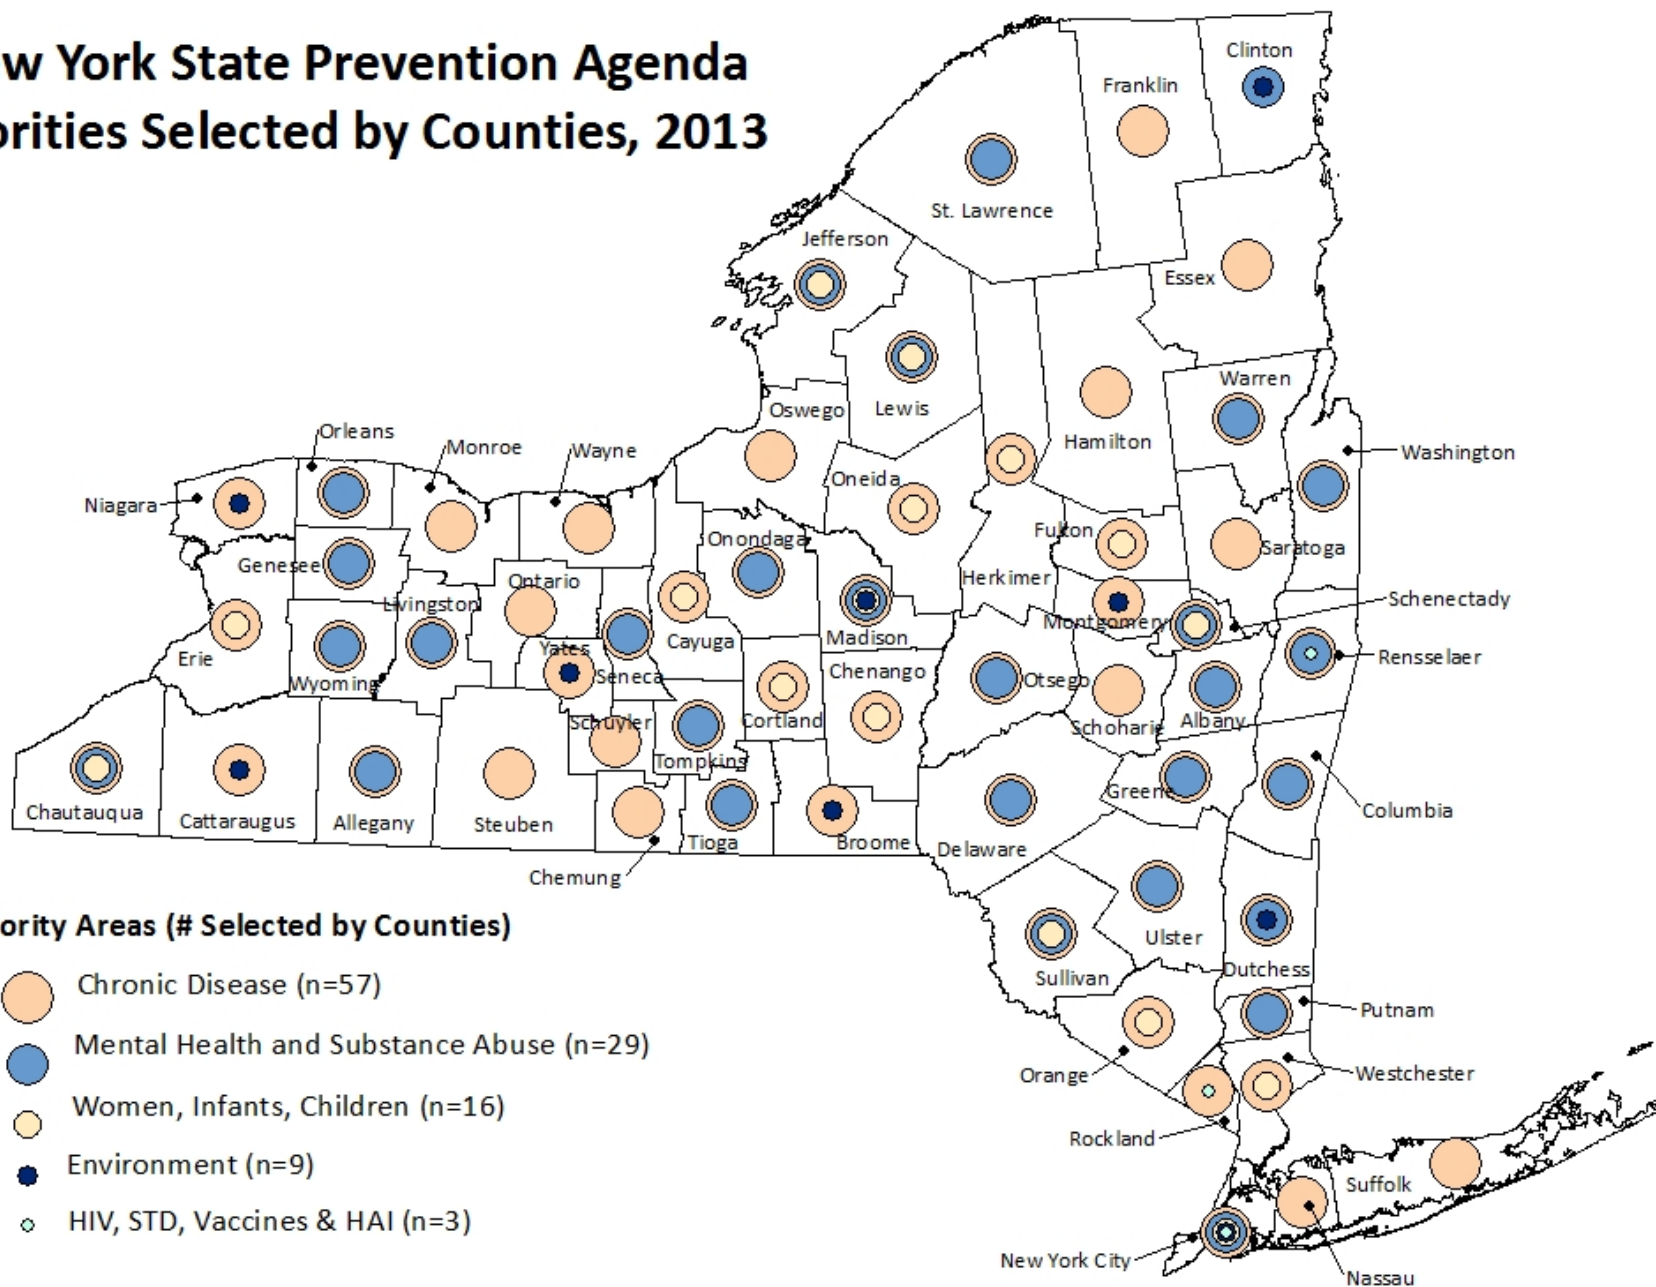

---

## Understanding and Quality of:

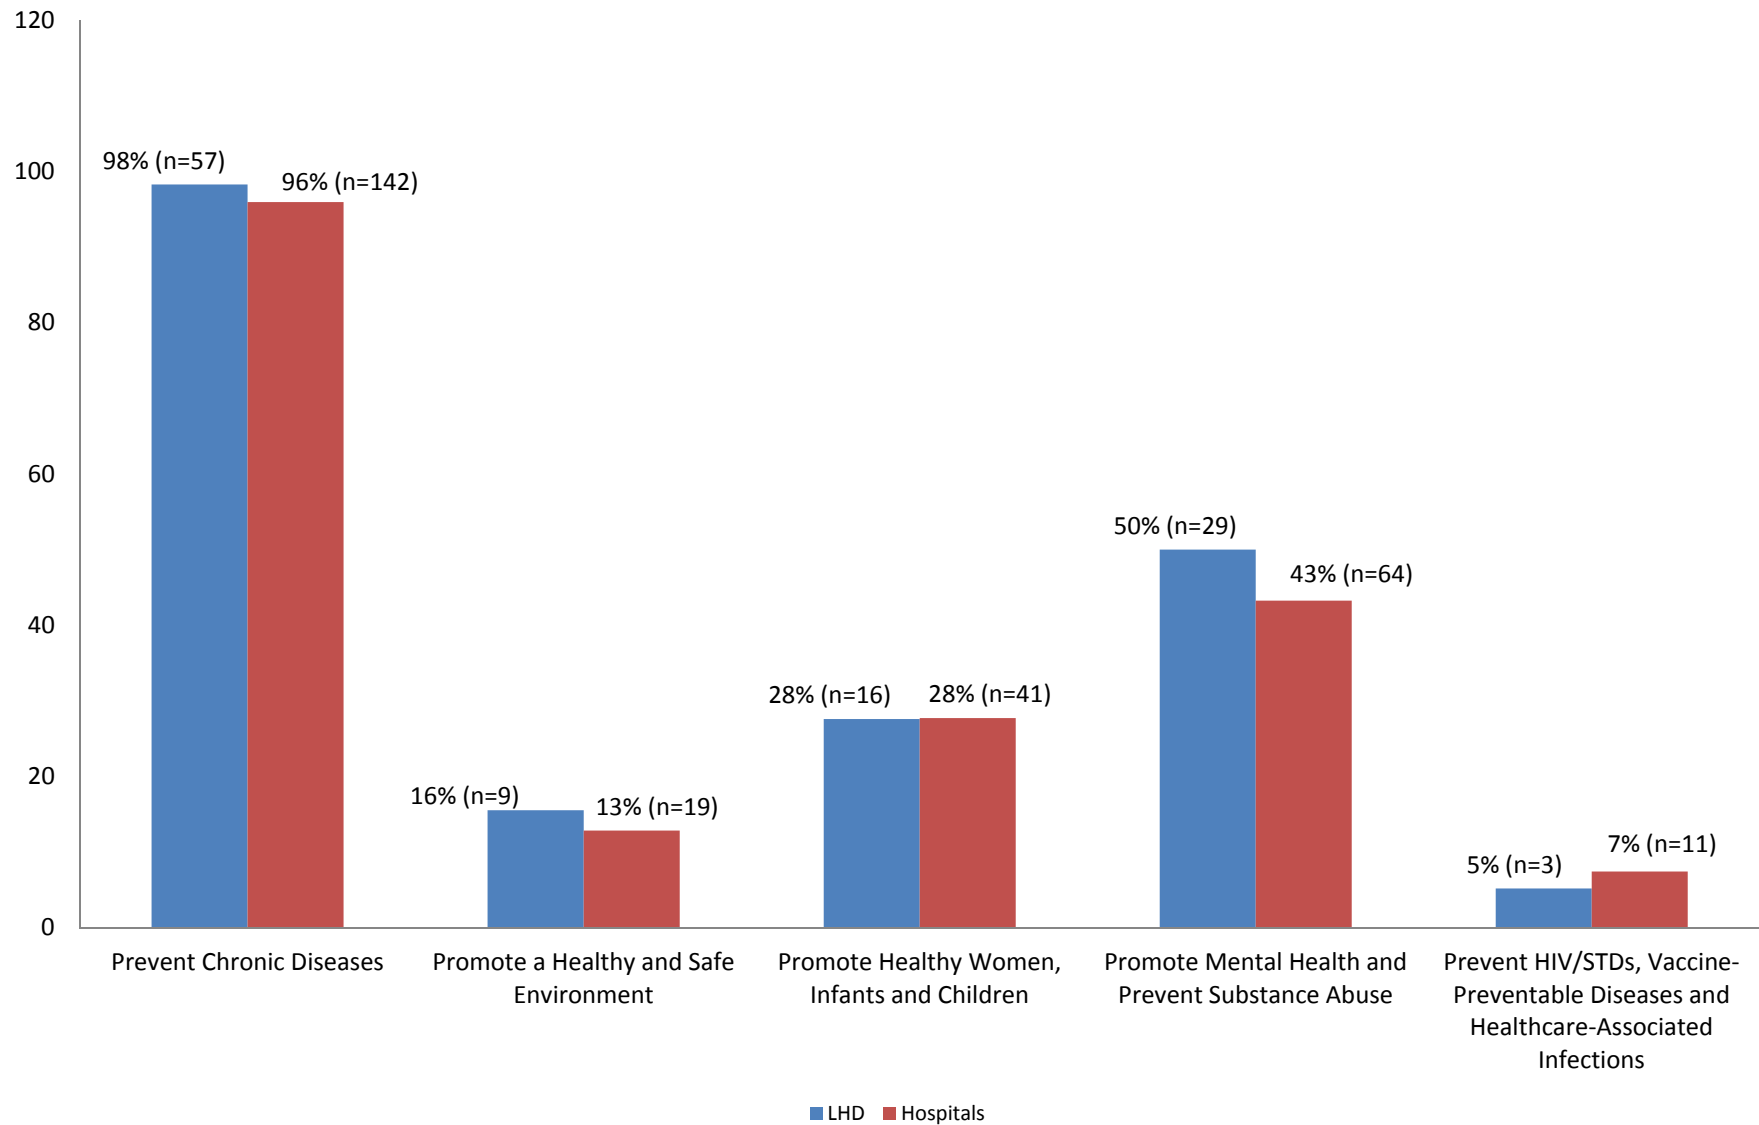

- Breadth of participating organizations and collaboration among partners
- Assessment
- Meeting Prevention Agenda criteria for selecting two priorities, including one that addresses a disparity
- Plans for implementation of evidence-based strategies.
- Measurable objectives
- Plans for dissemination and sustaining community engagement.

# New York State Prevention Agenda Priorities Selected by Counties, 2013

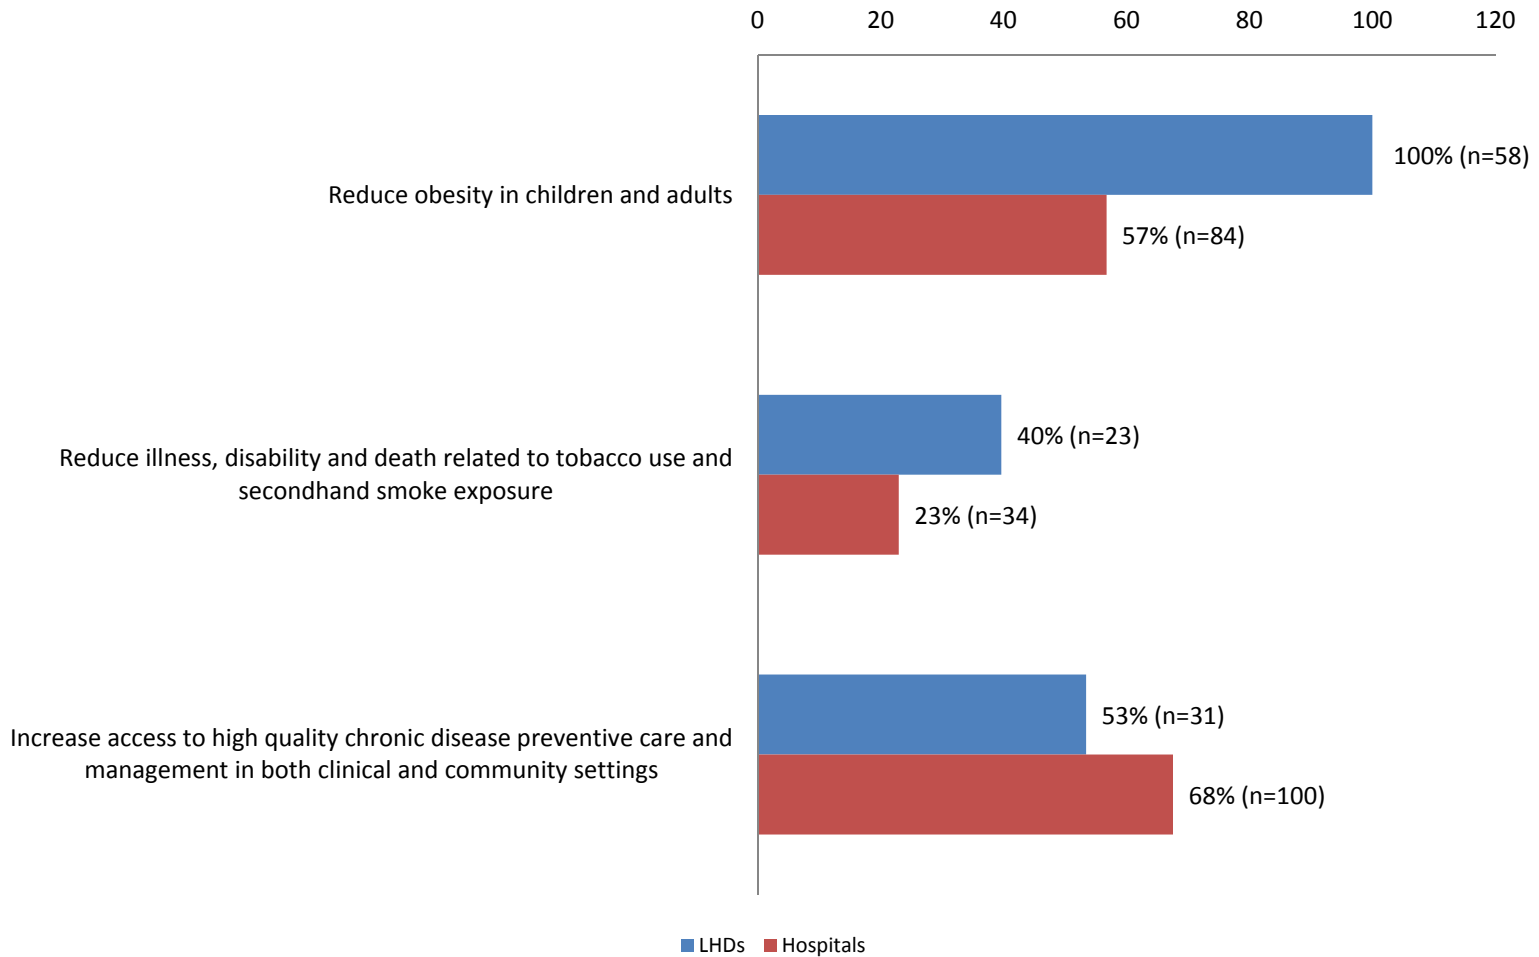

## Priorities Reported by Local Health Departments and Hospitals

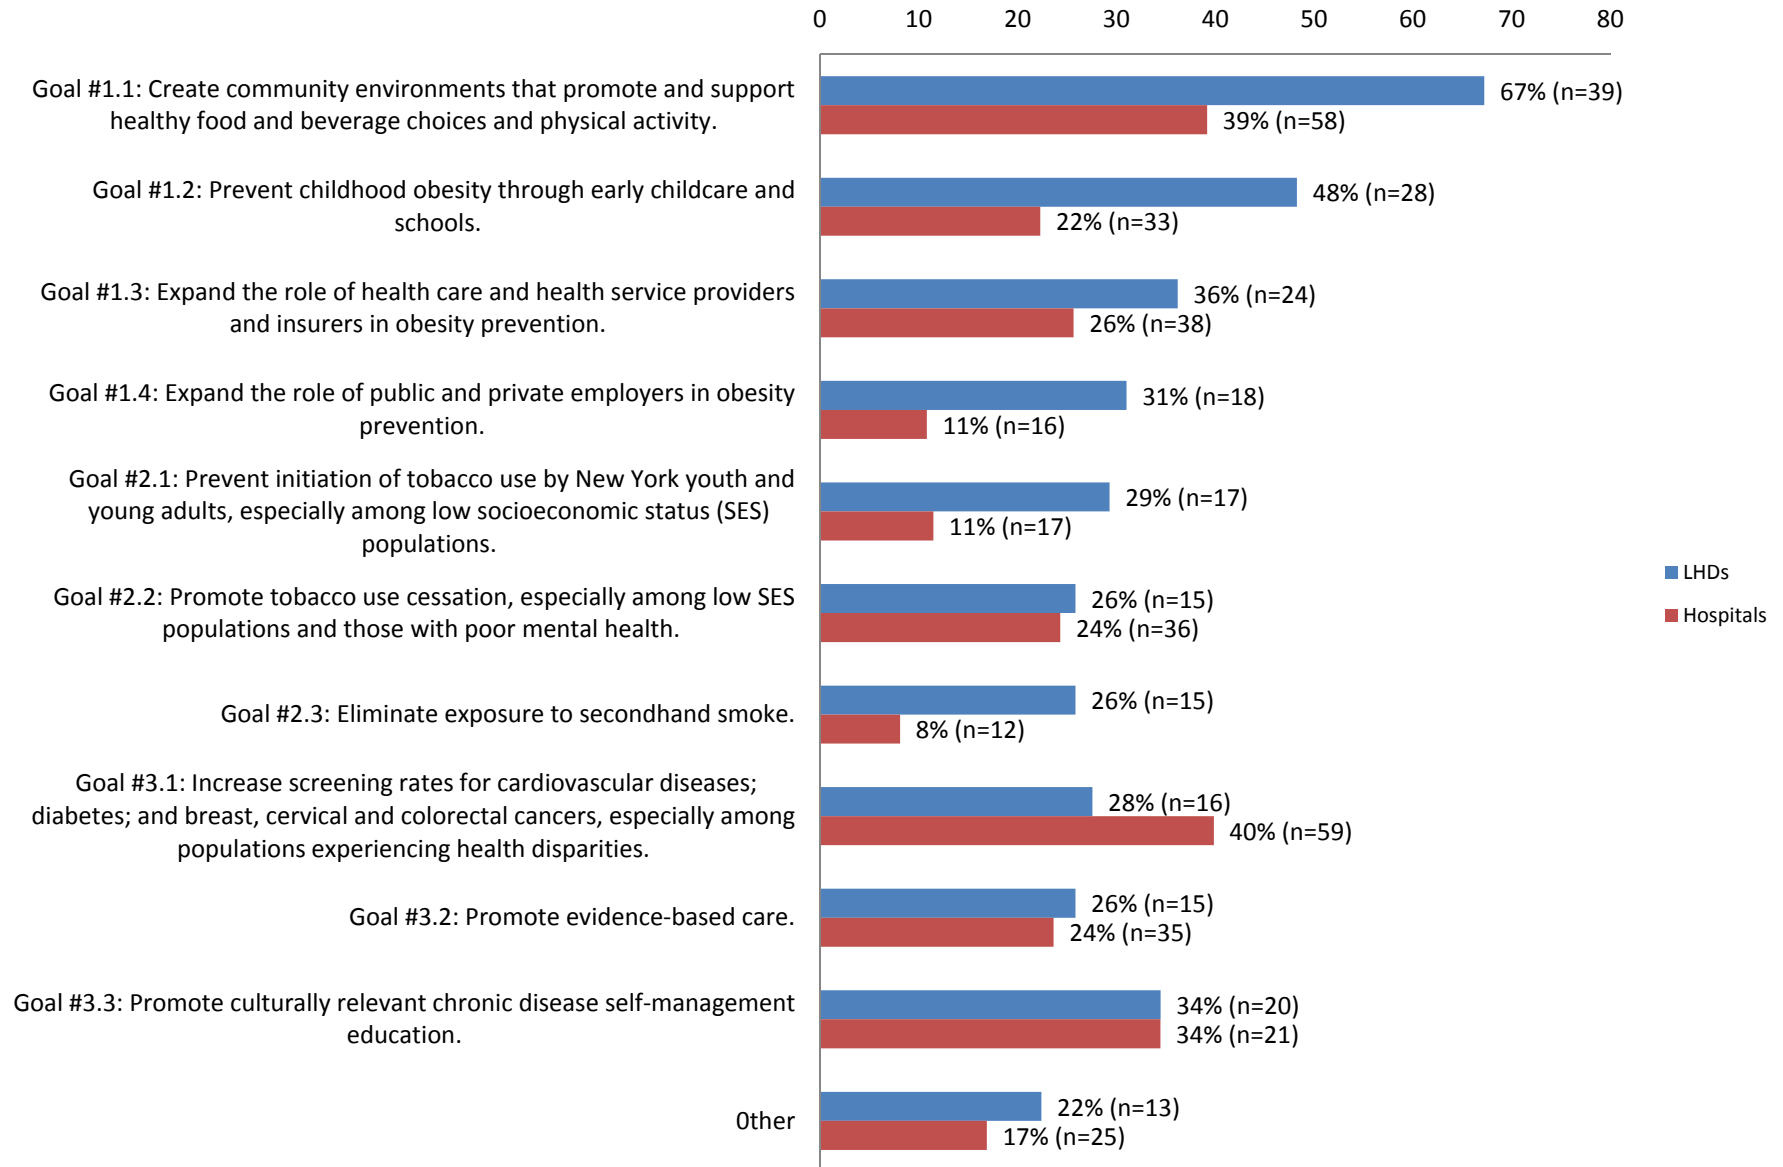

Data have been analyzed from 58 LHD CHA-CHIPs and 148 Hospitals CSP reviews

May 28, 2014

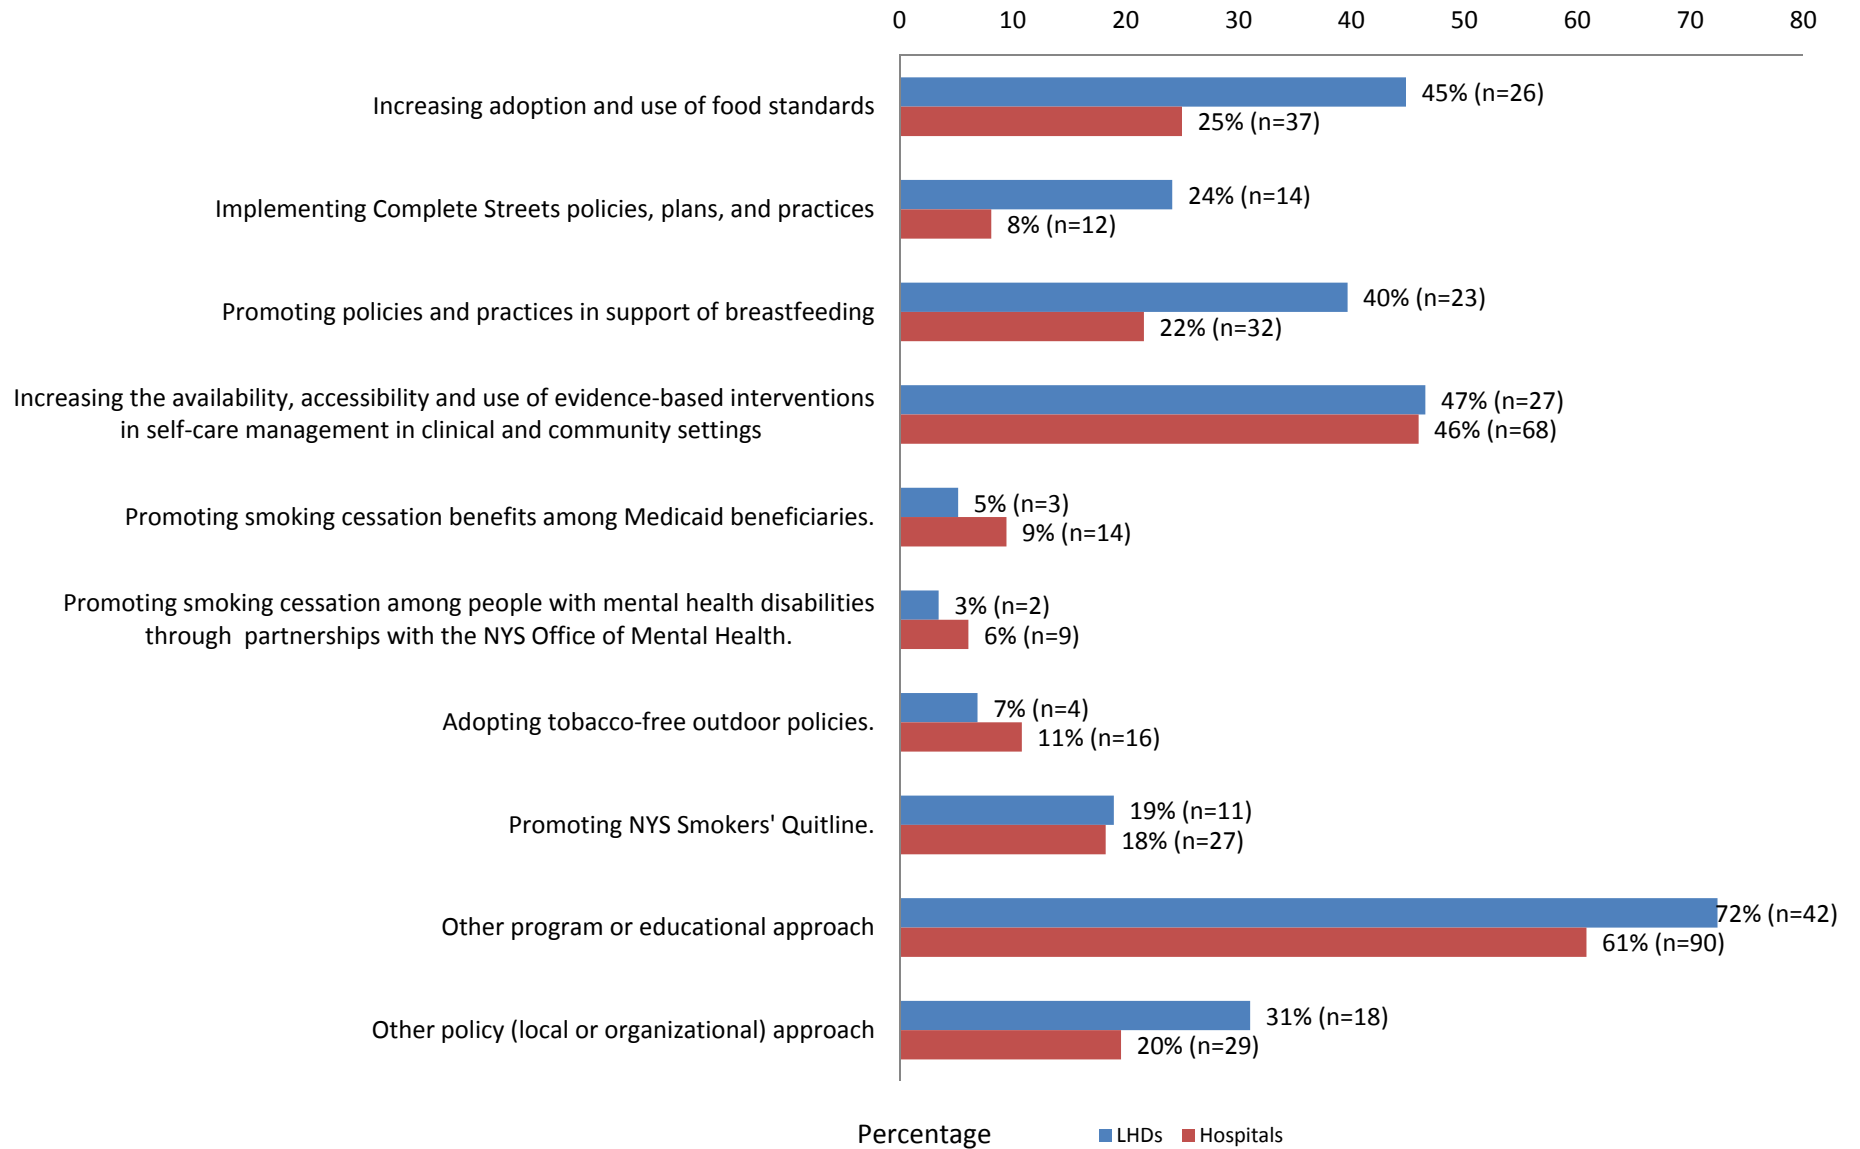

## Percent of LHDs and Hospitals Selecting Chronic Disease Focus Areas, 2013

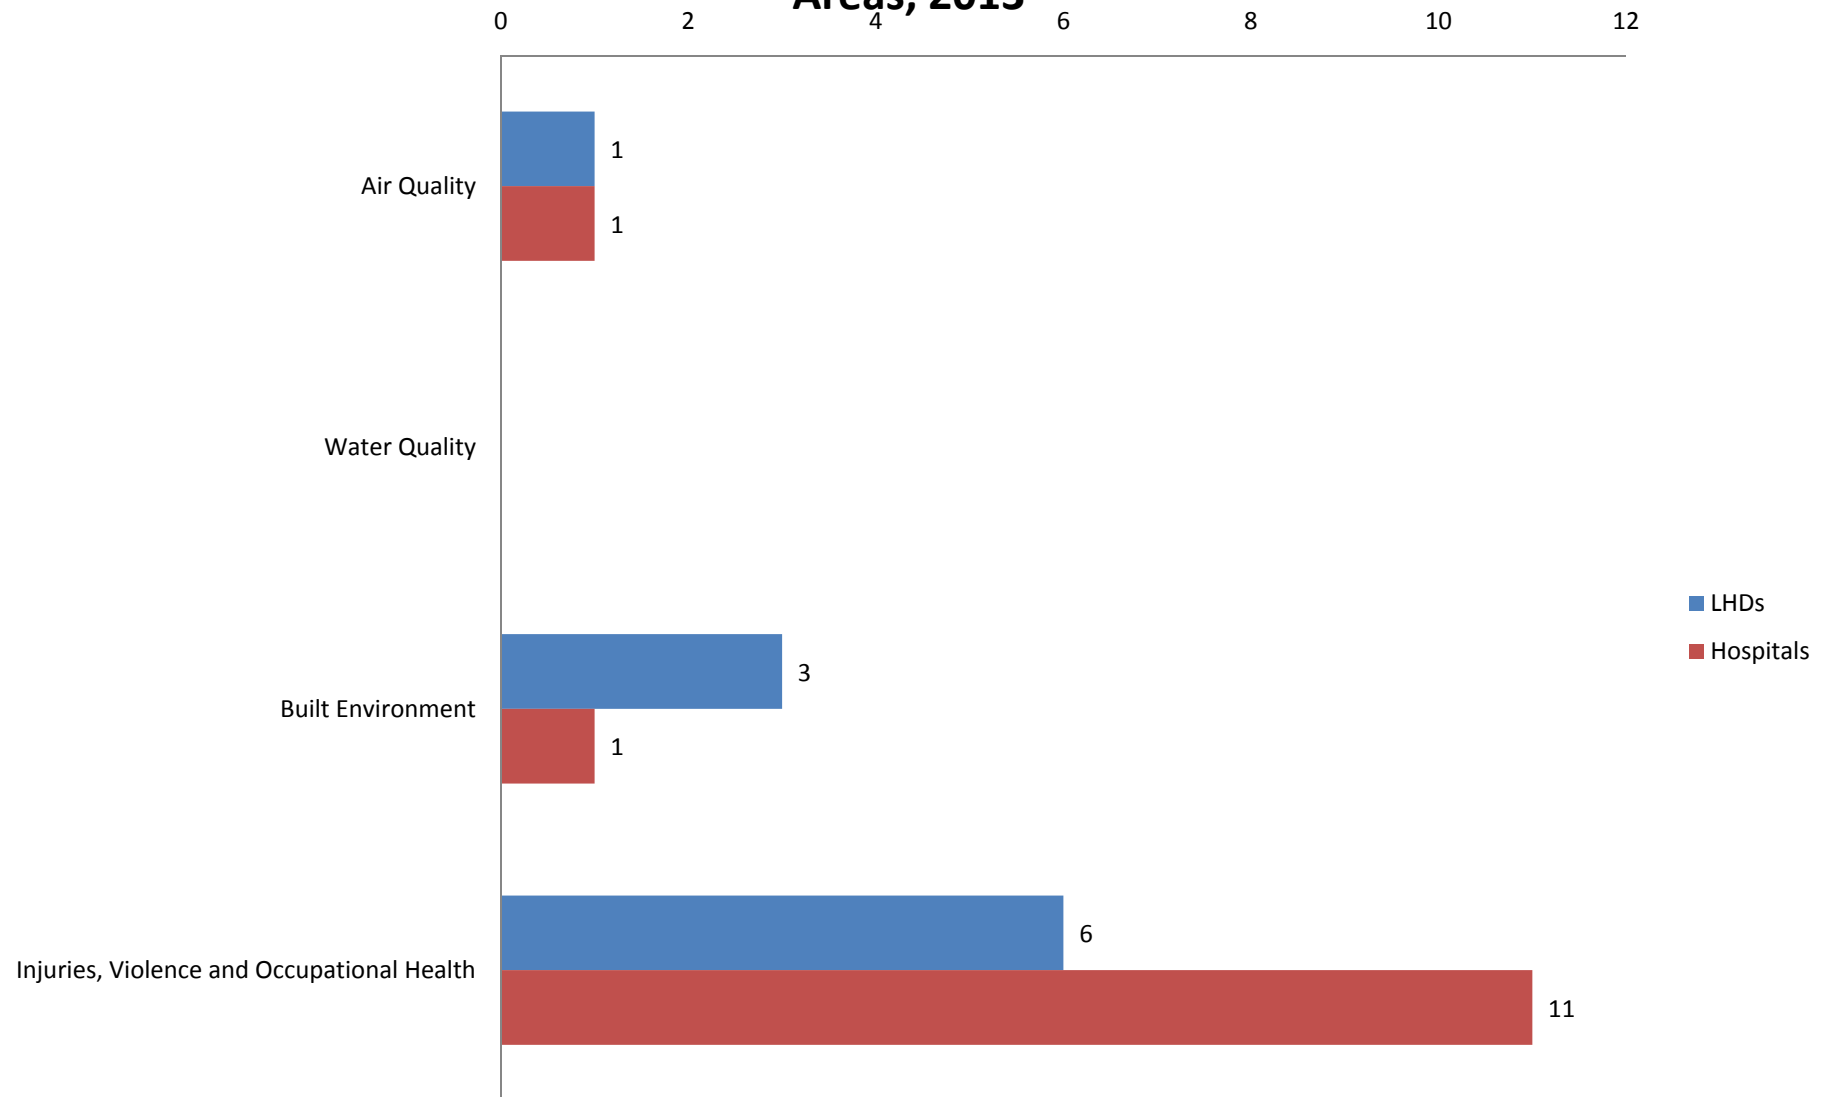

## Percent of LHDs and Hospitals with Chronic Disease Goals, 2013

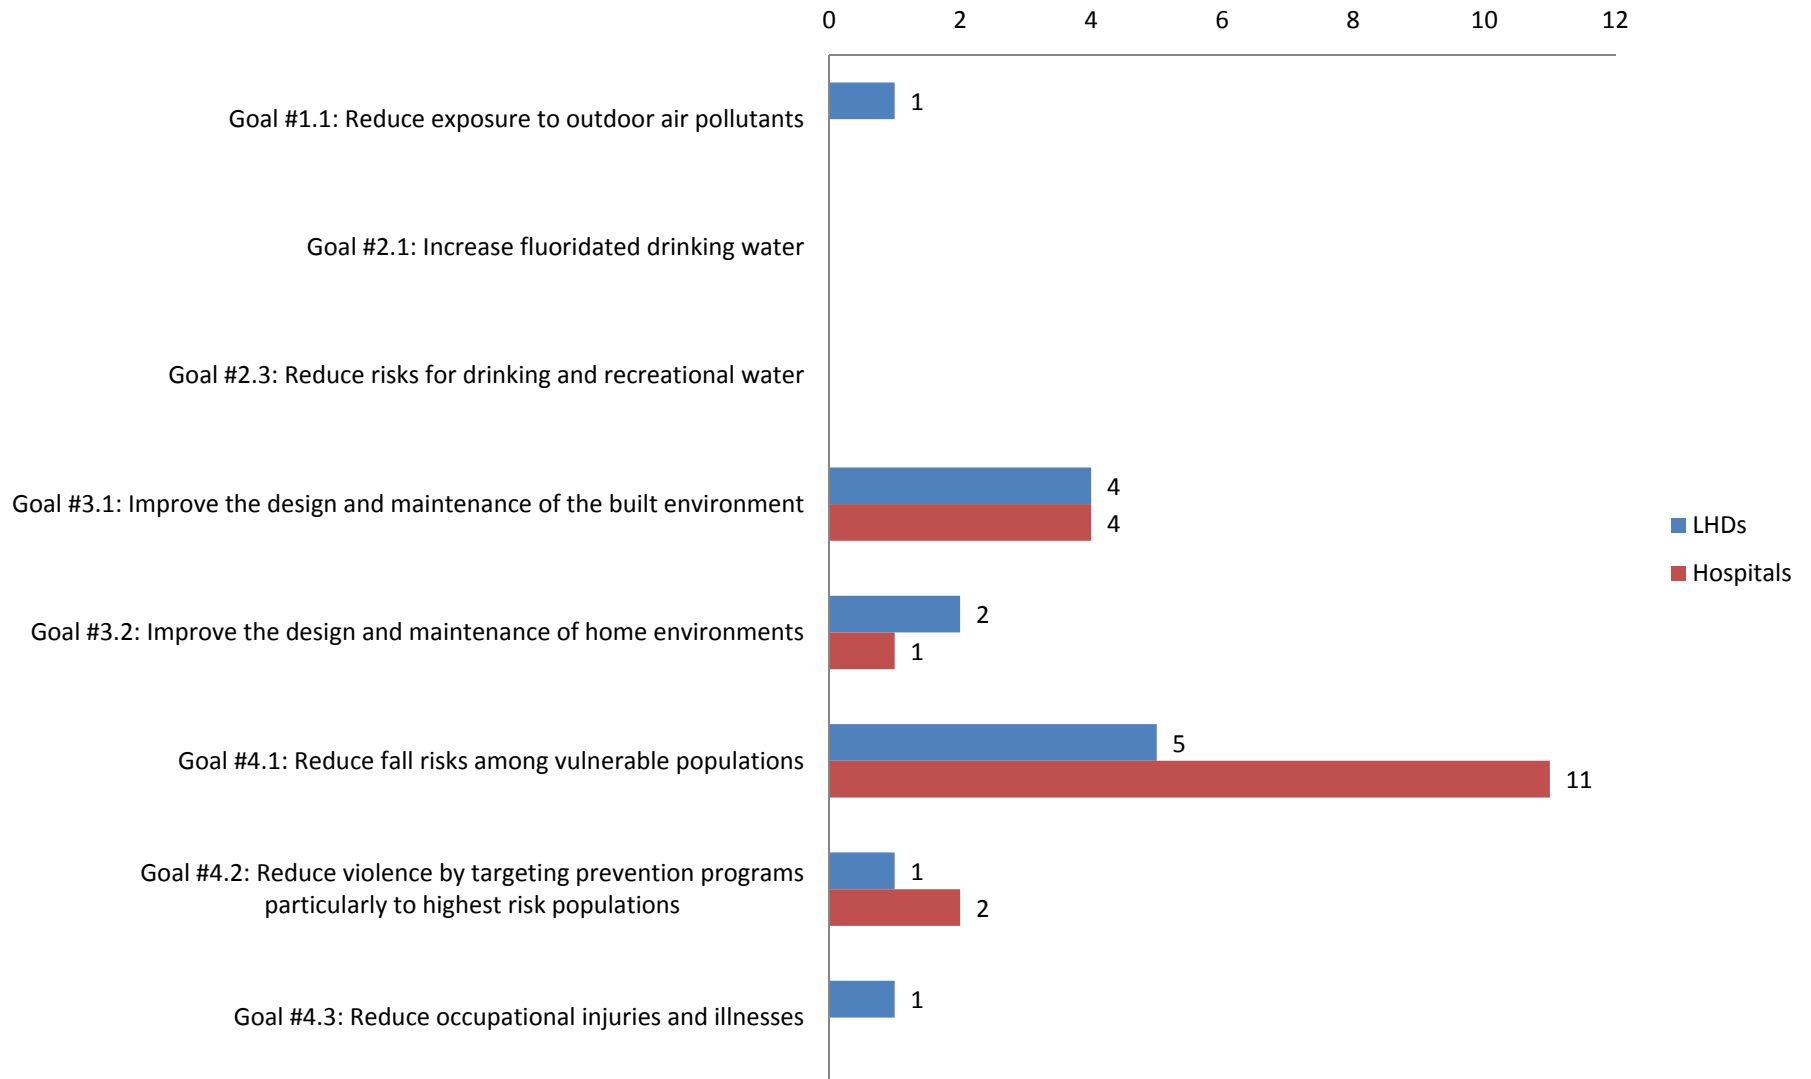

## Percent of LHDs and Hospitals Selecting Chronic Disease Strategies, 2013

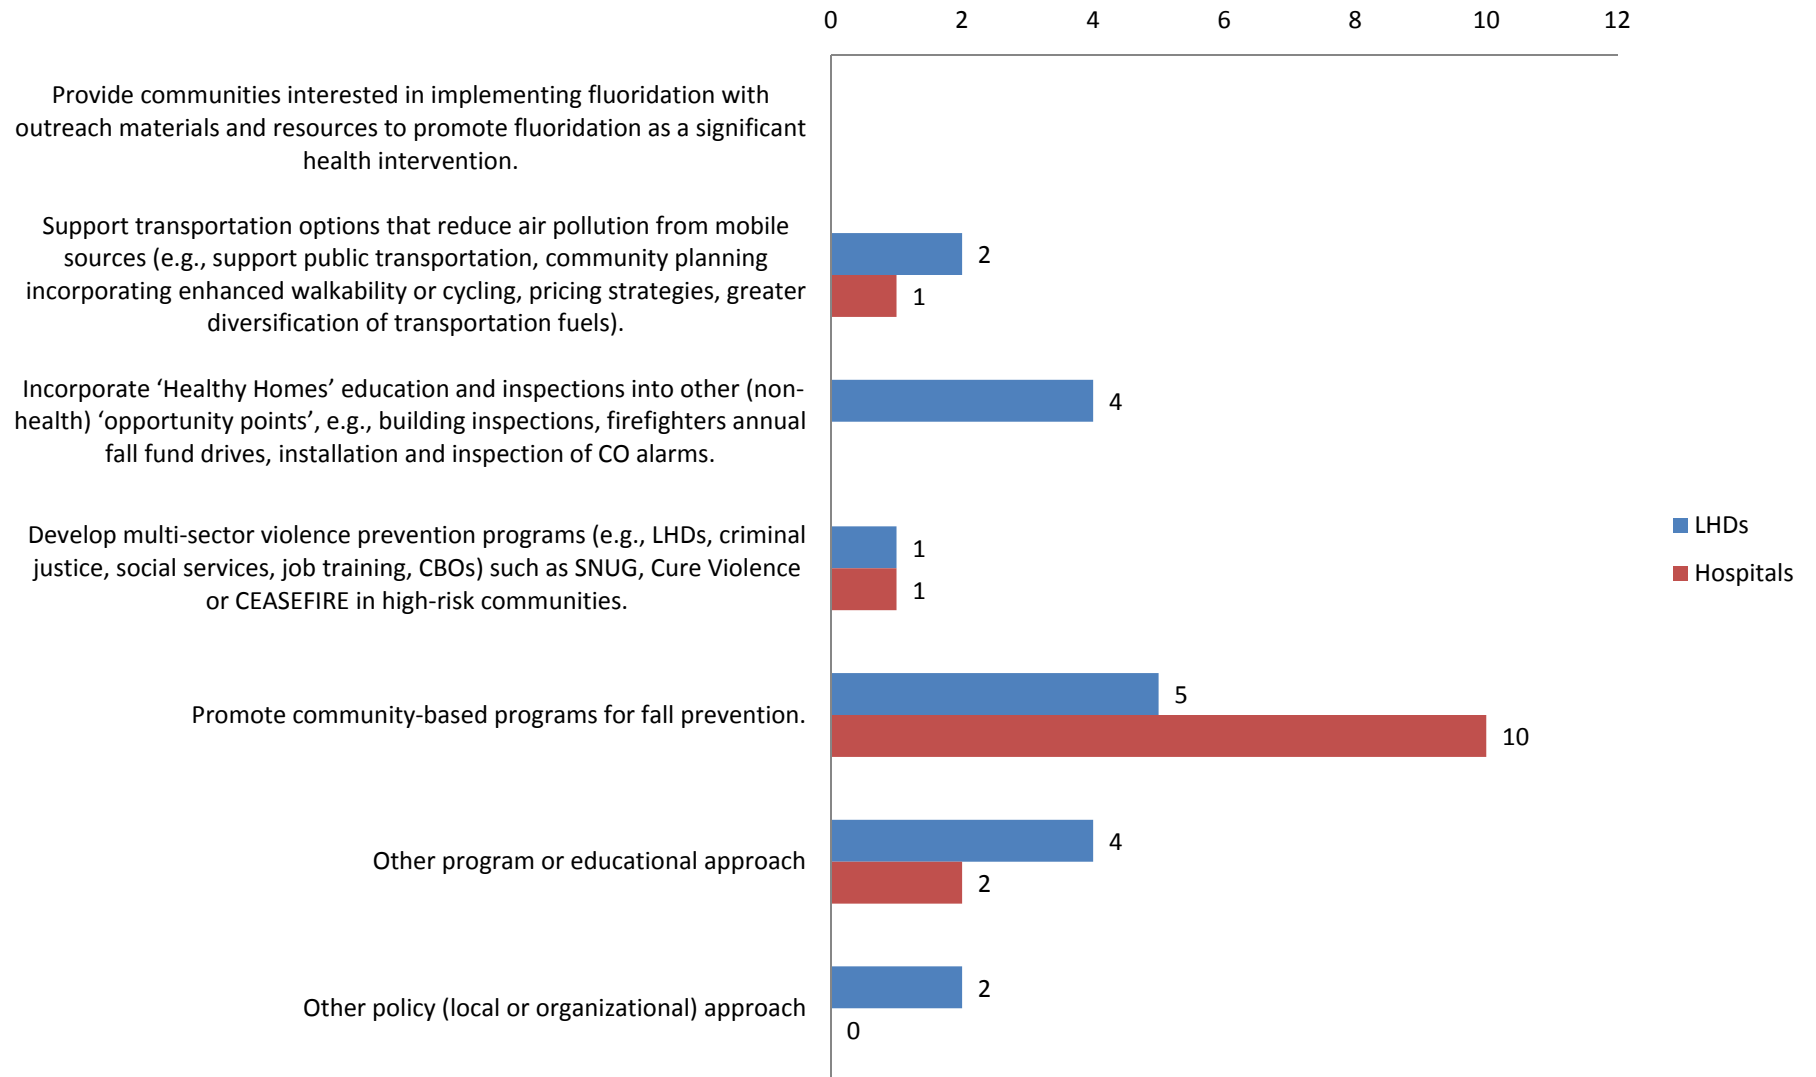

## Number of LHDs and Hospitals Selecting Healthy Environment Focus Areas, 2013

## Number of LHDs and Hospitals Selecting Healthy Environment Goals, 2013

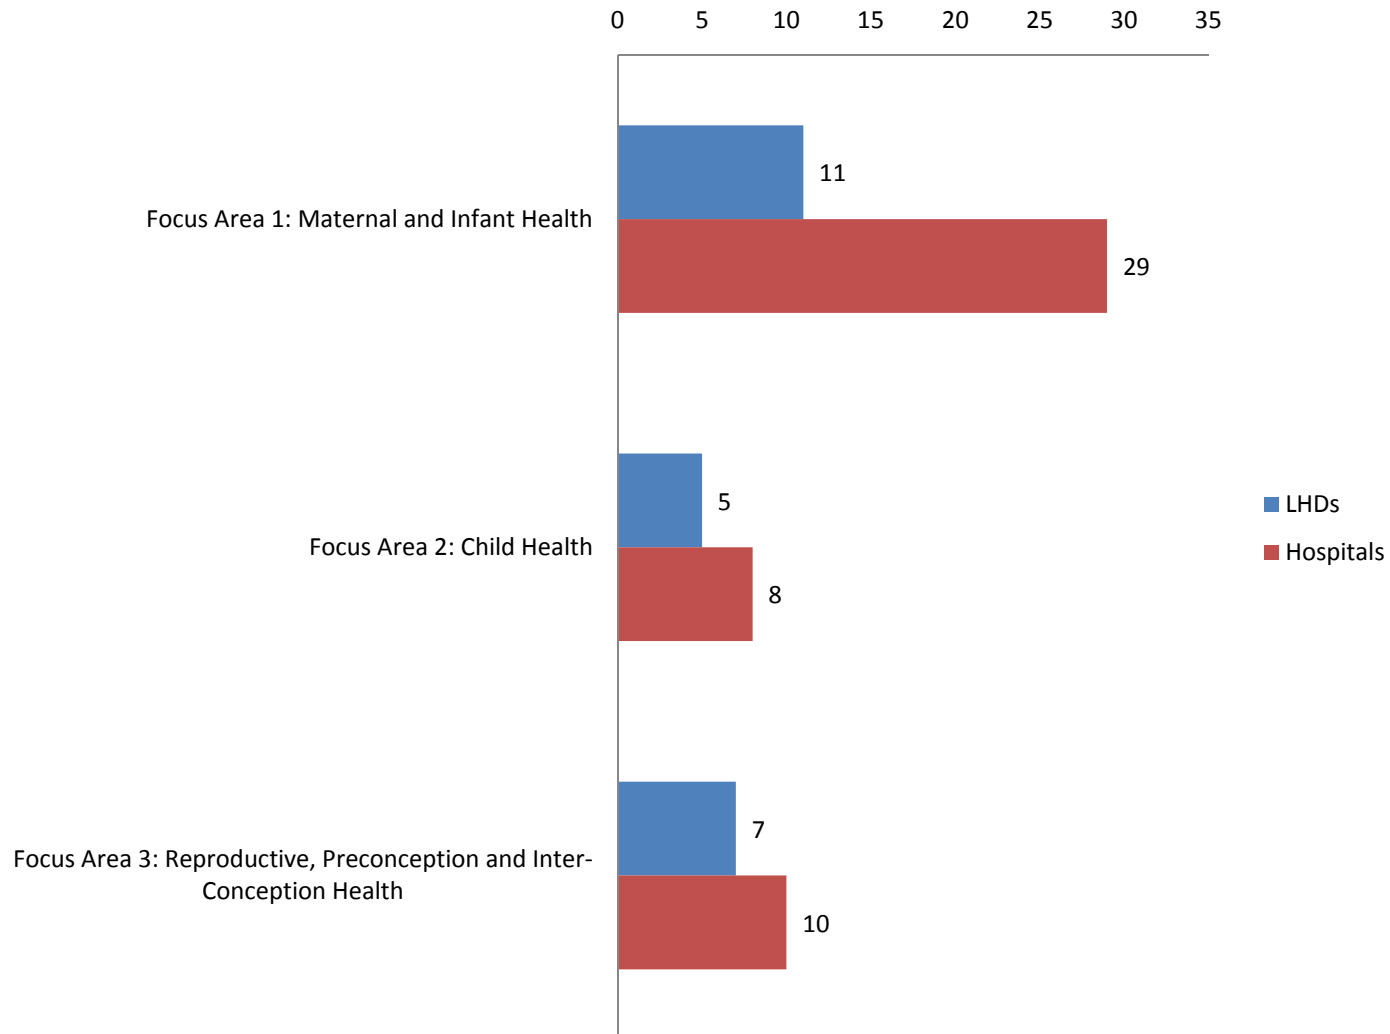

## Number of LHDs and Hospitals Selecting Healthy Environment Strategies, 2013

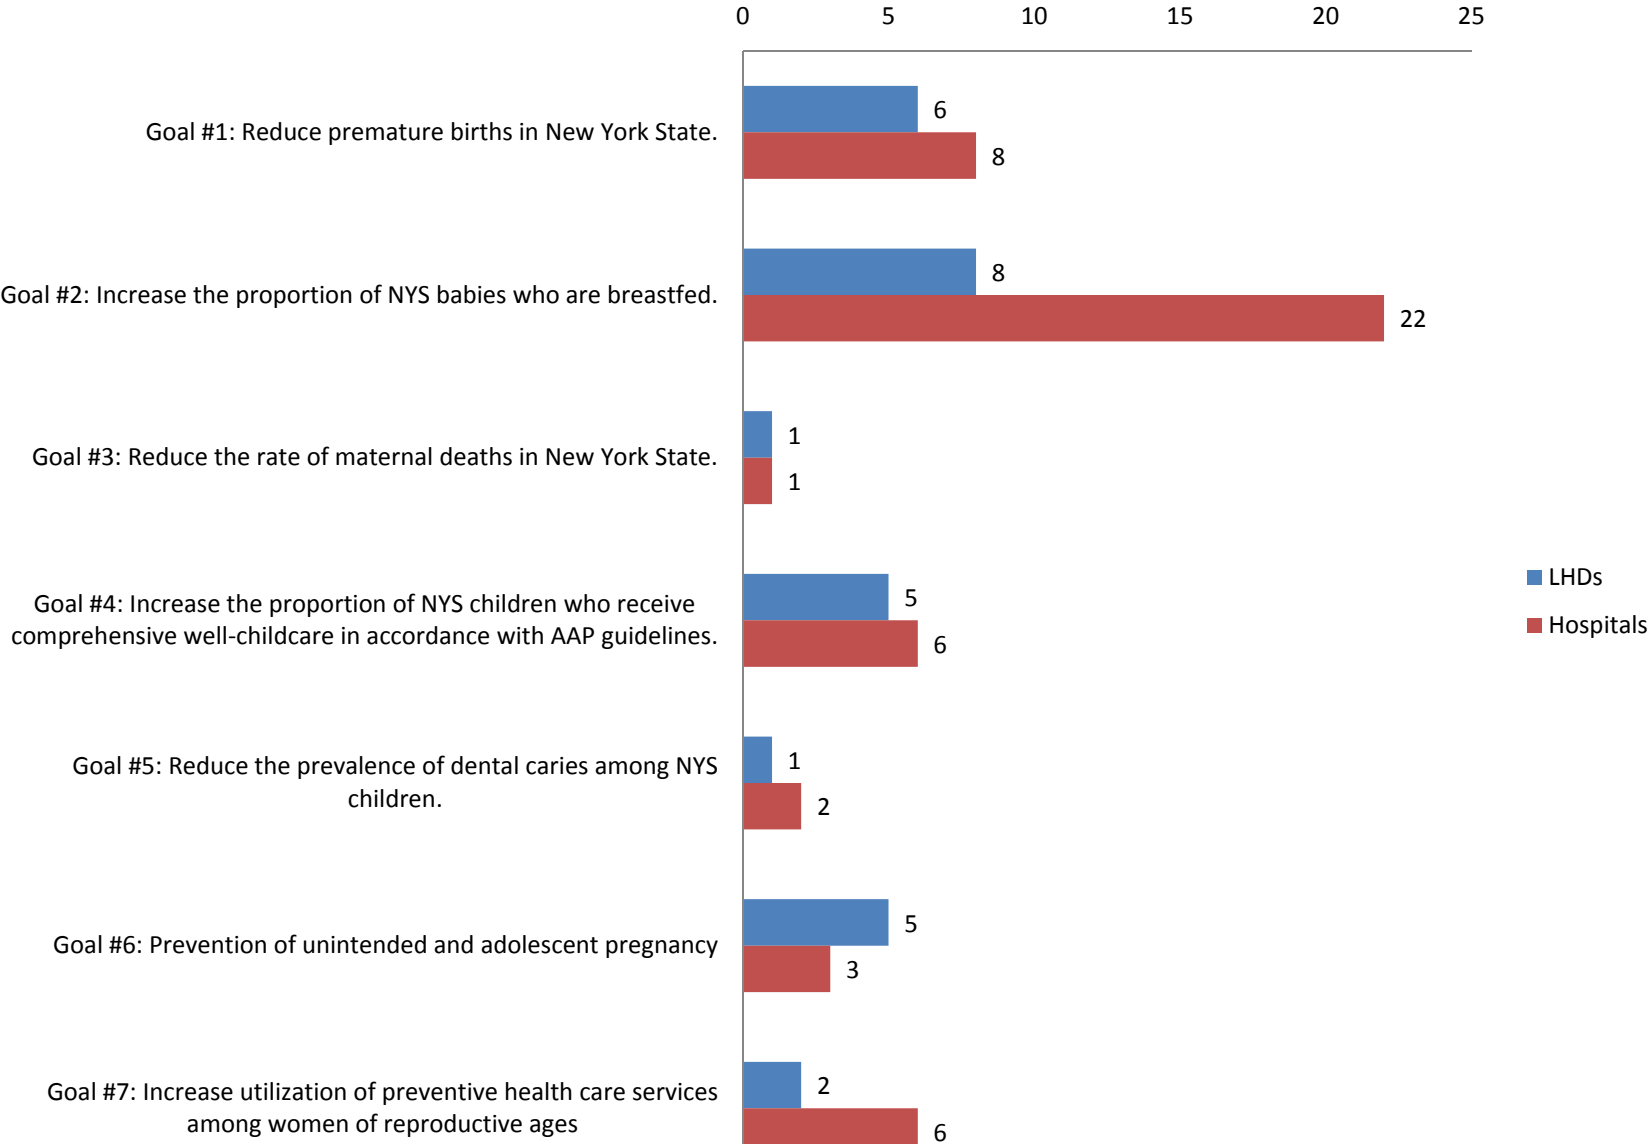

## Number of LHDs and Hospitals Selecting Healthy Women, Infants and Children Focus, 2013

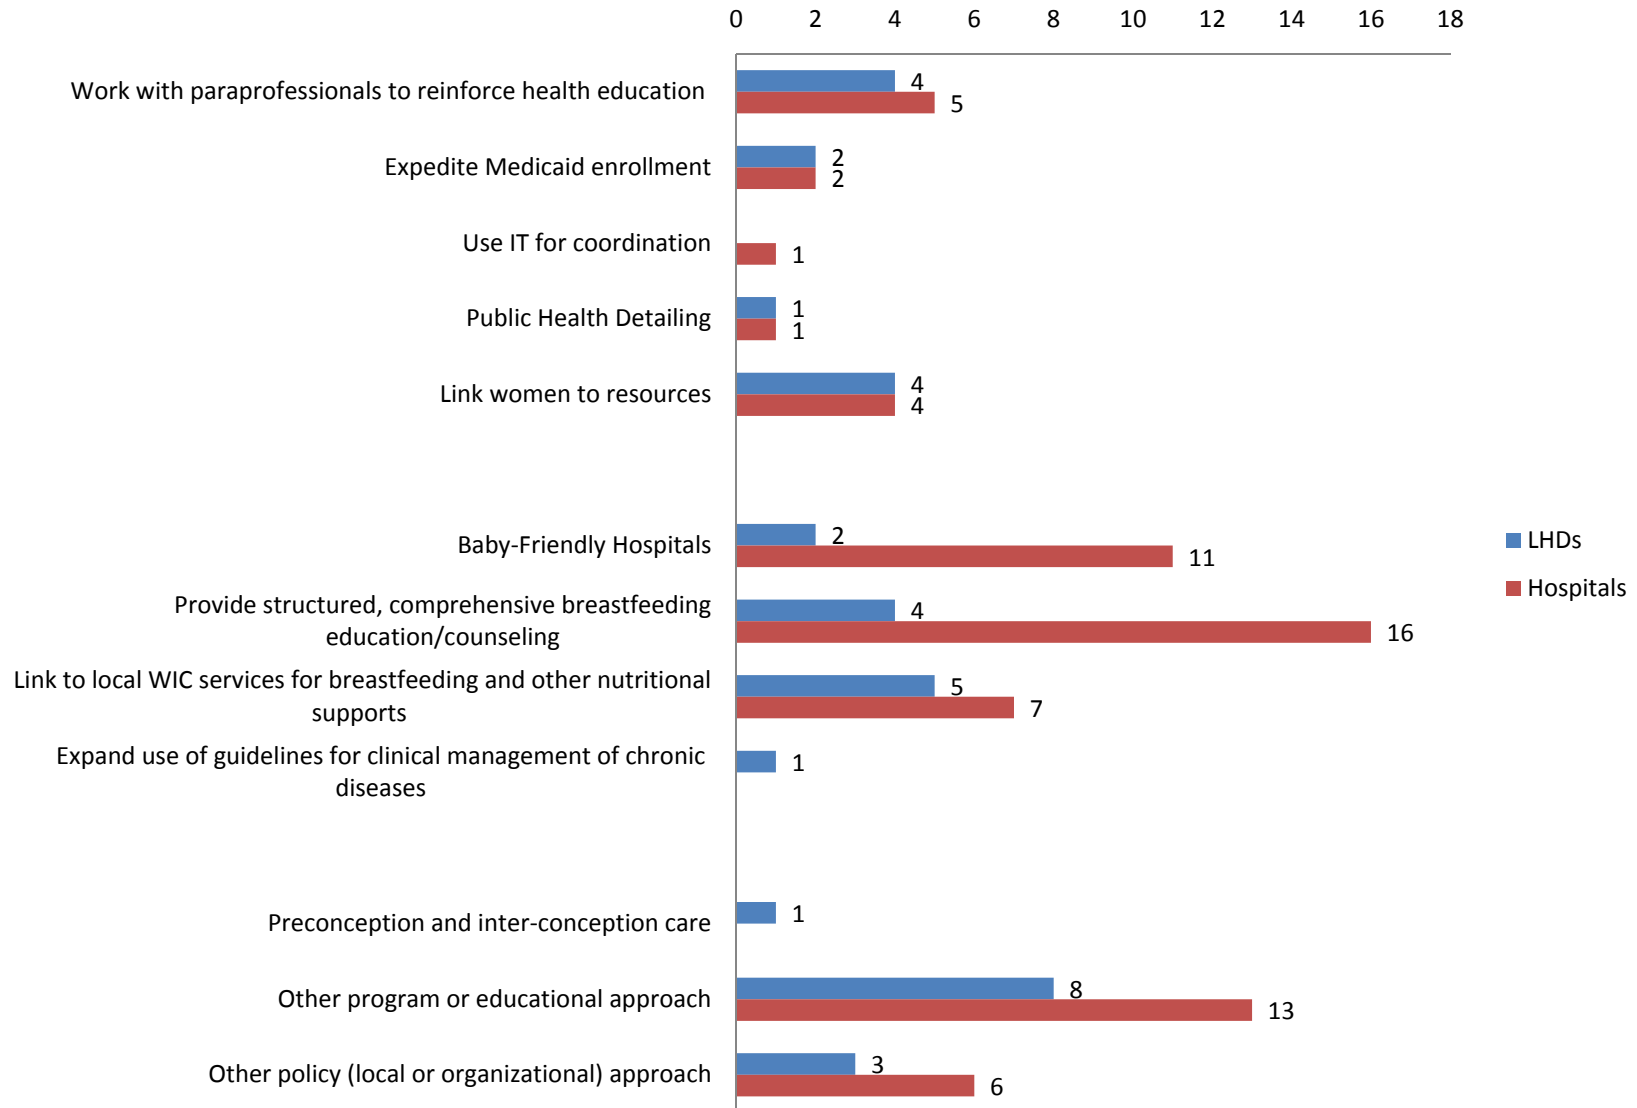

May 28, 2014

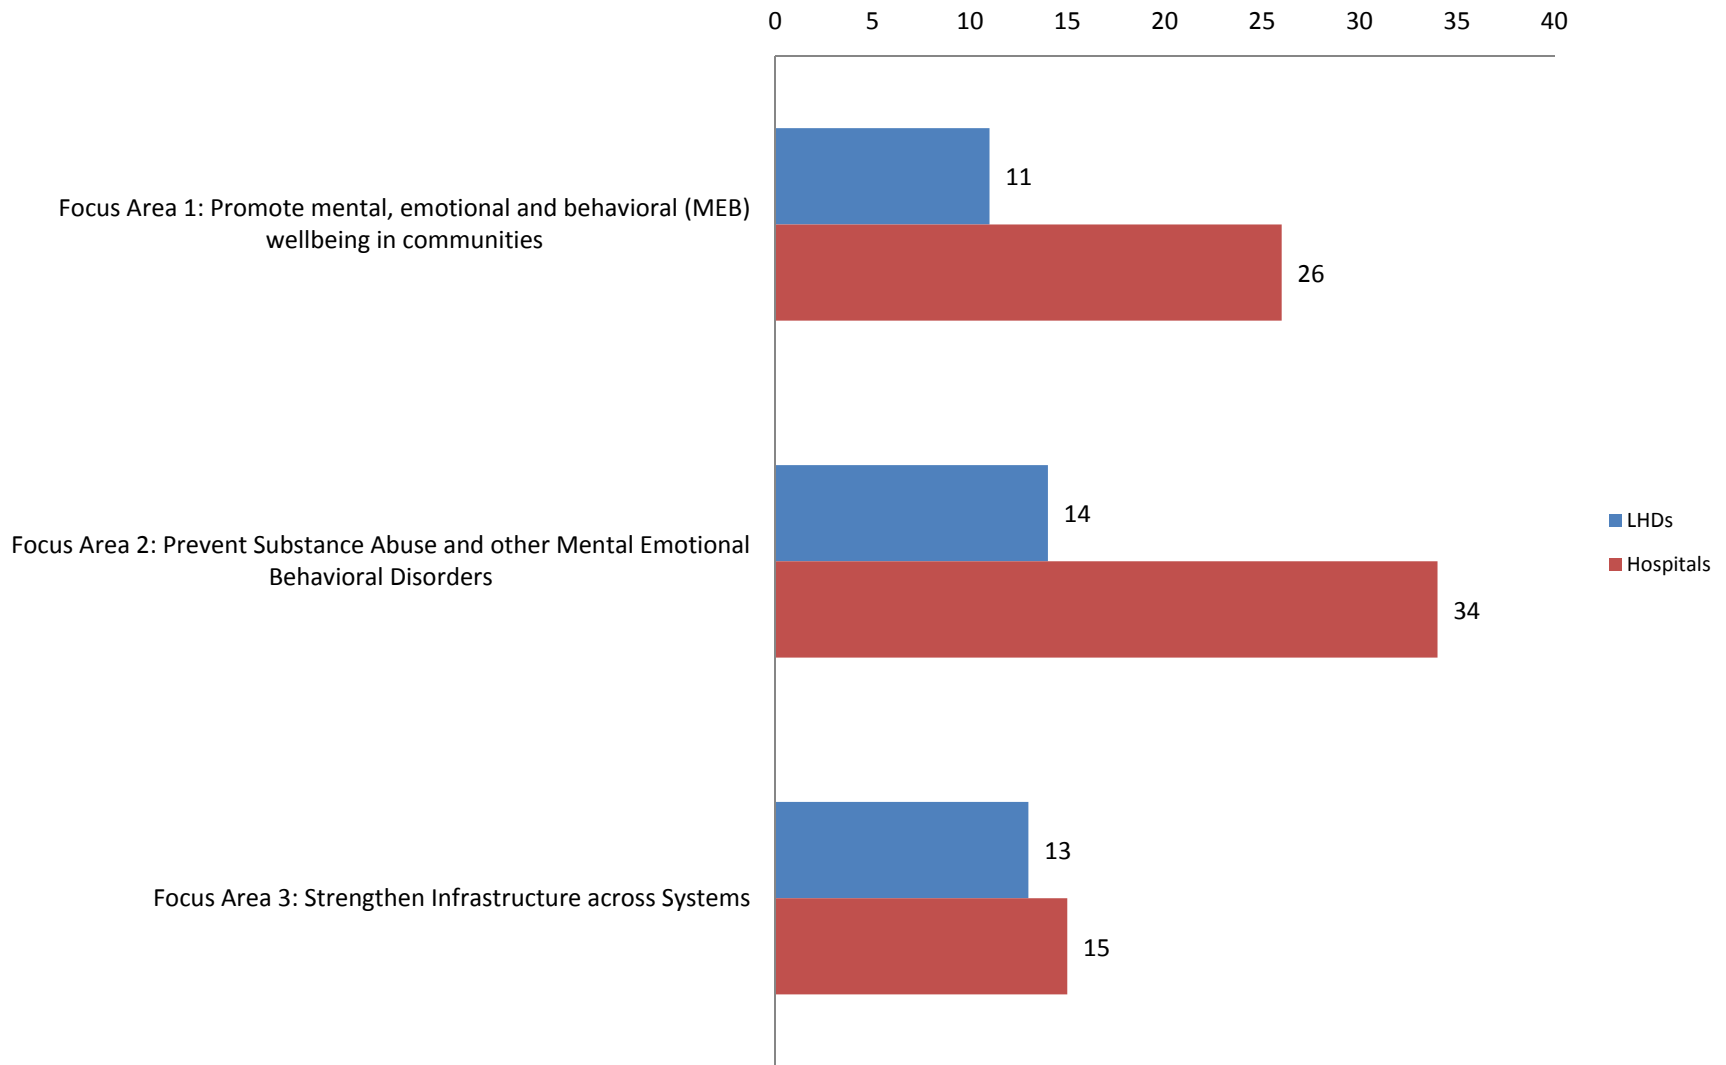

# Number of LHDs and Hospitals Selecting Healthy Women, Infants and Children Goals, 2013

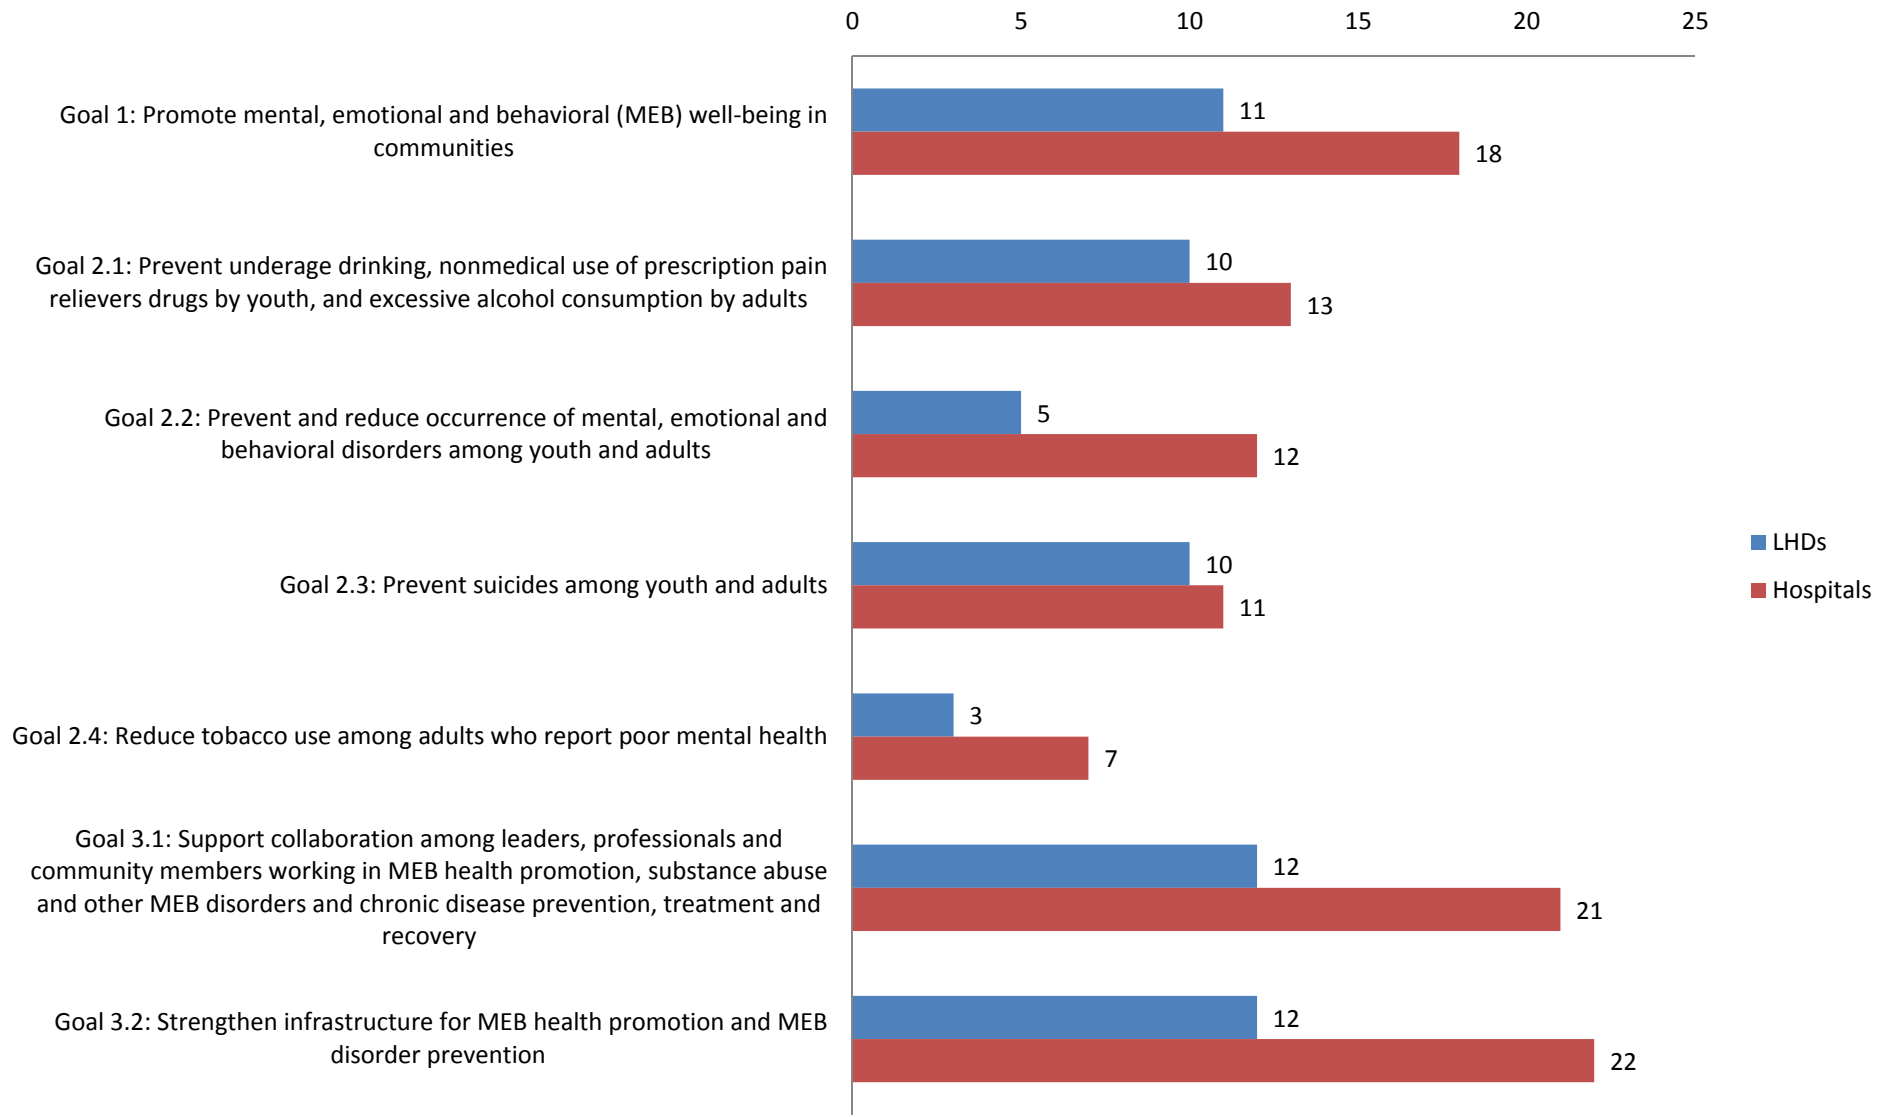

## Number of LHDs and Hospitals Reporting Strategies to Promote Healthy Women, Infants and Children, 2013

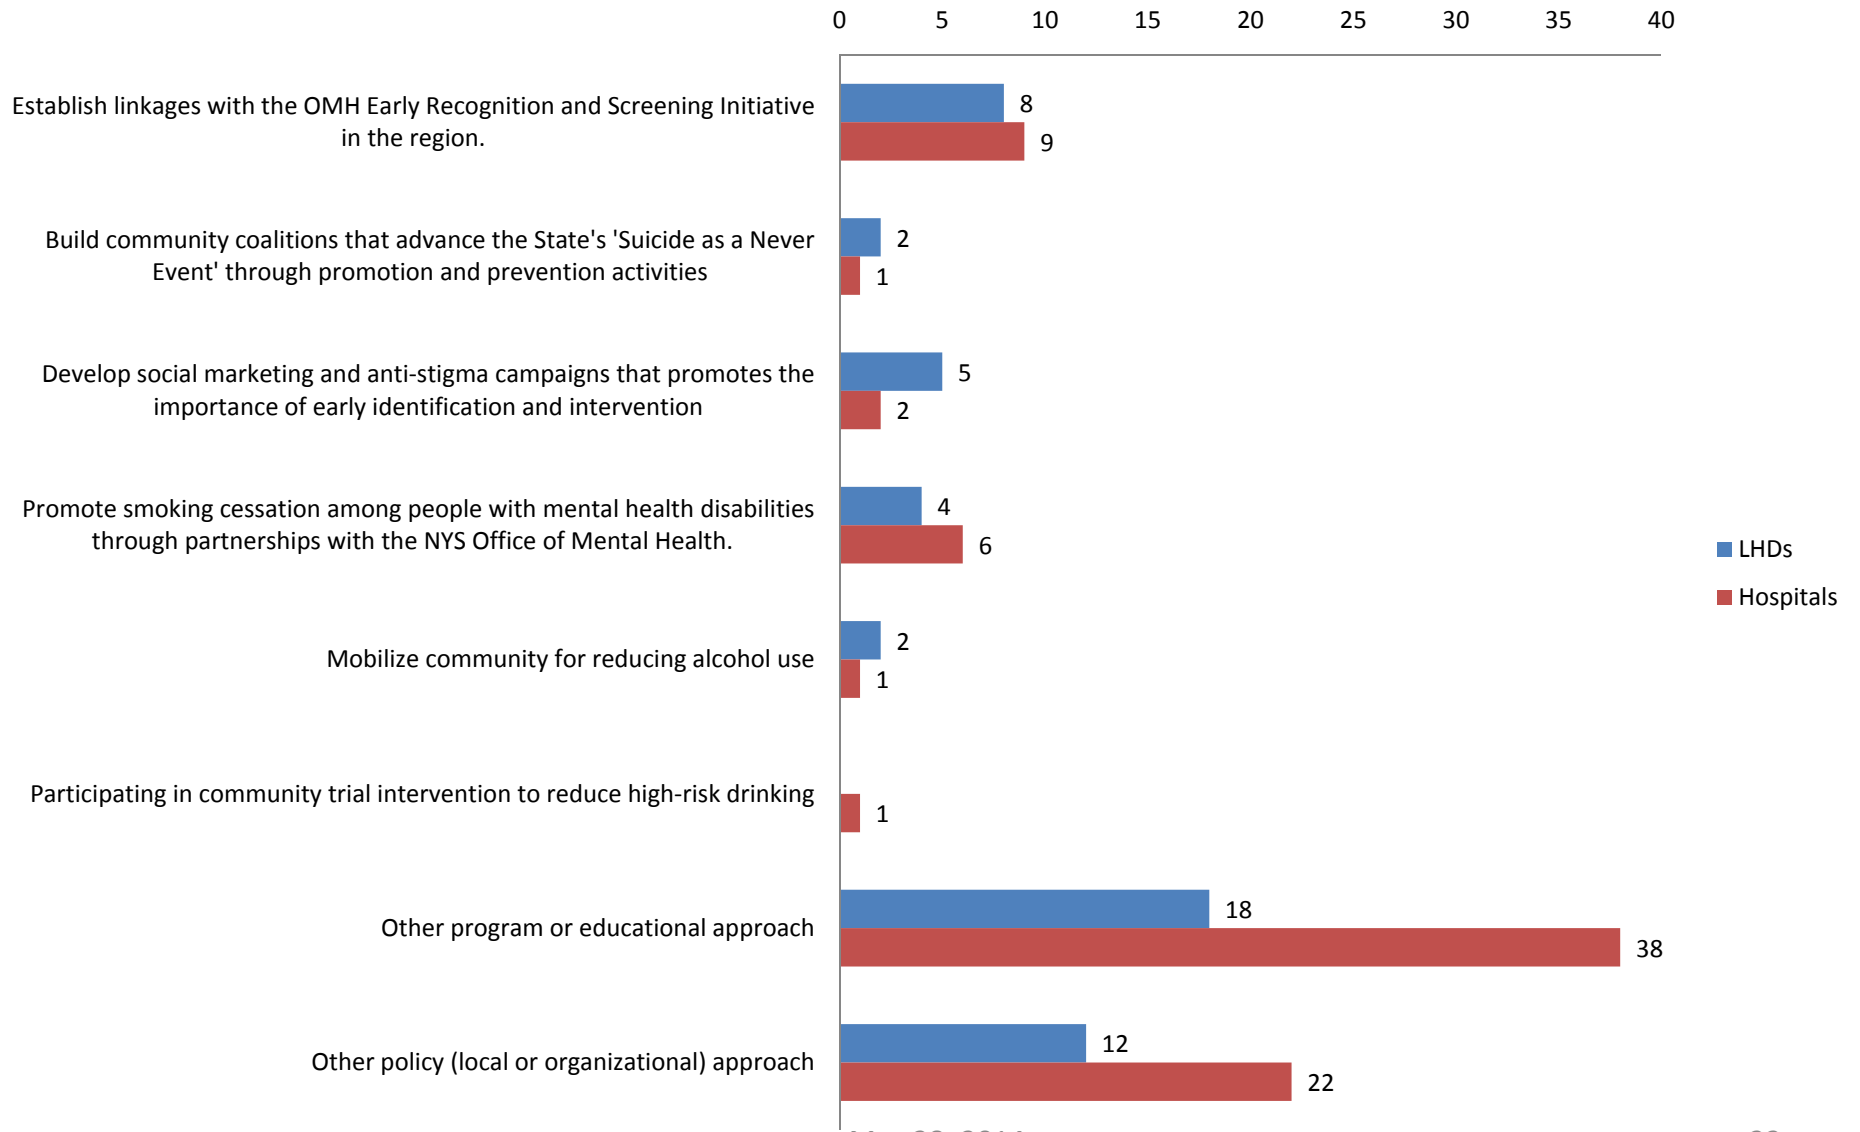

# Number of LHDs and Hospitals Selecting Promote Mental Health and Prevent Substance Abuse Focus Areas, 2013

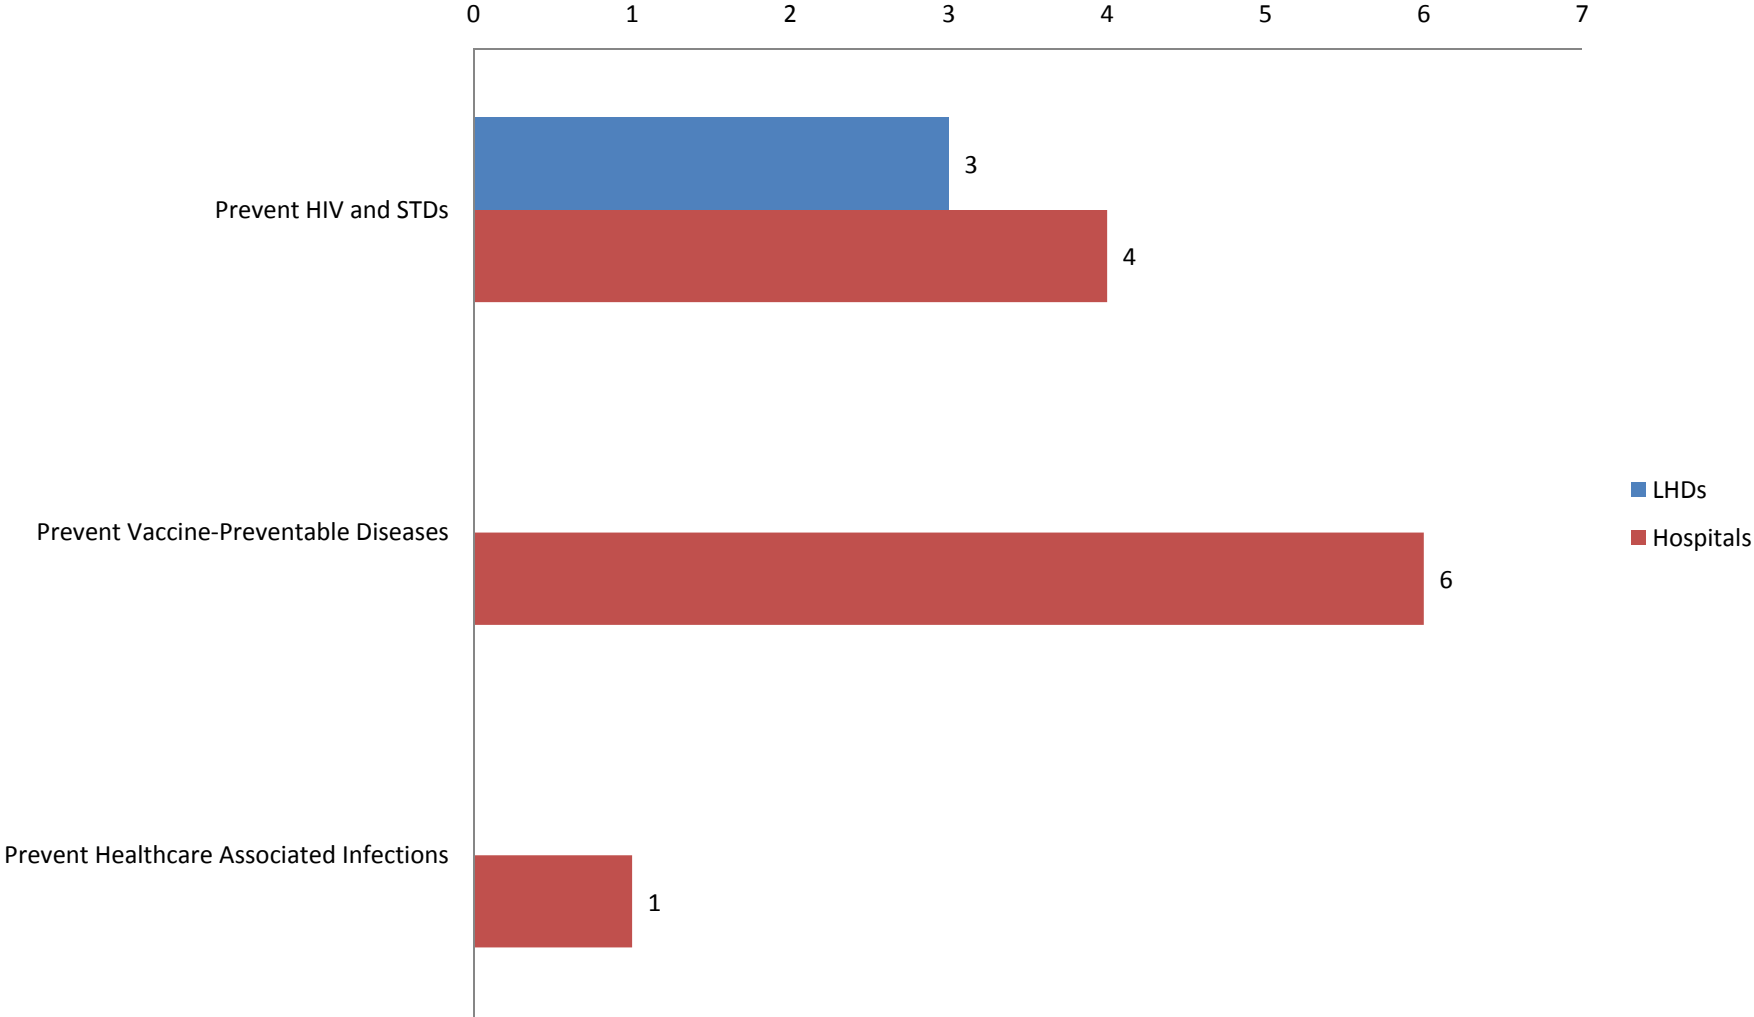

## Number of LHDs and Hospitals Selecting Promote Mental Health and Prevent Substance Abuse Goals, 2013

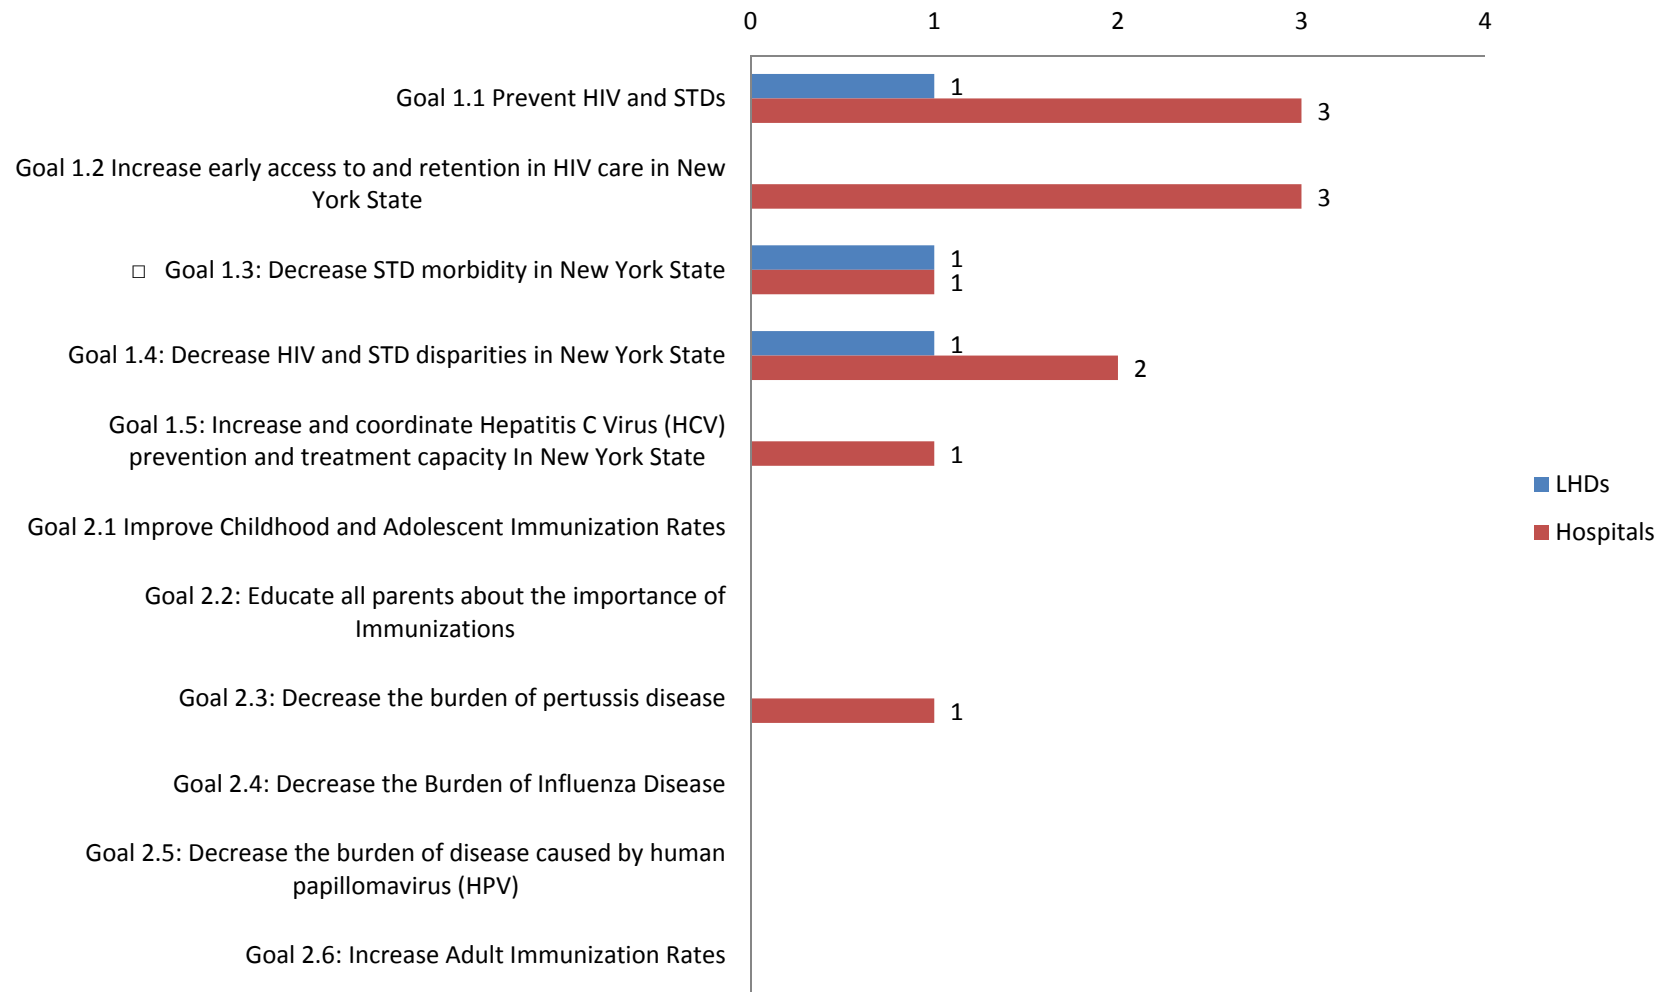

## Number of LHDs and Hospitals Selecting Promote Mental Health and Prevent Substance Abuse Strategies, 2013

# Number of LHDs and Hospitals Selecting Prevent HIV/STDs, Vaccine-Preventable Diseases and Healthcare-Associated Infections Focus Areas, 2013

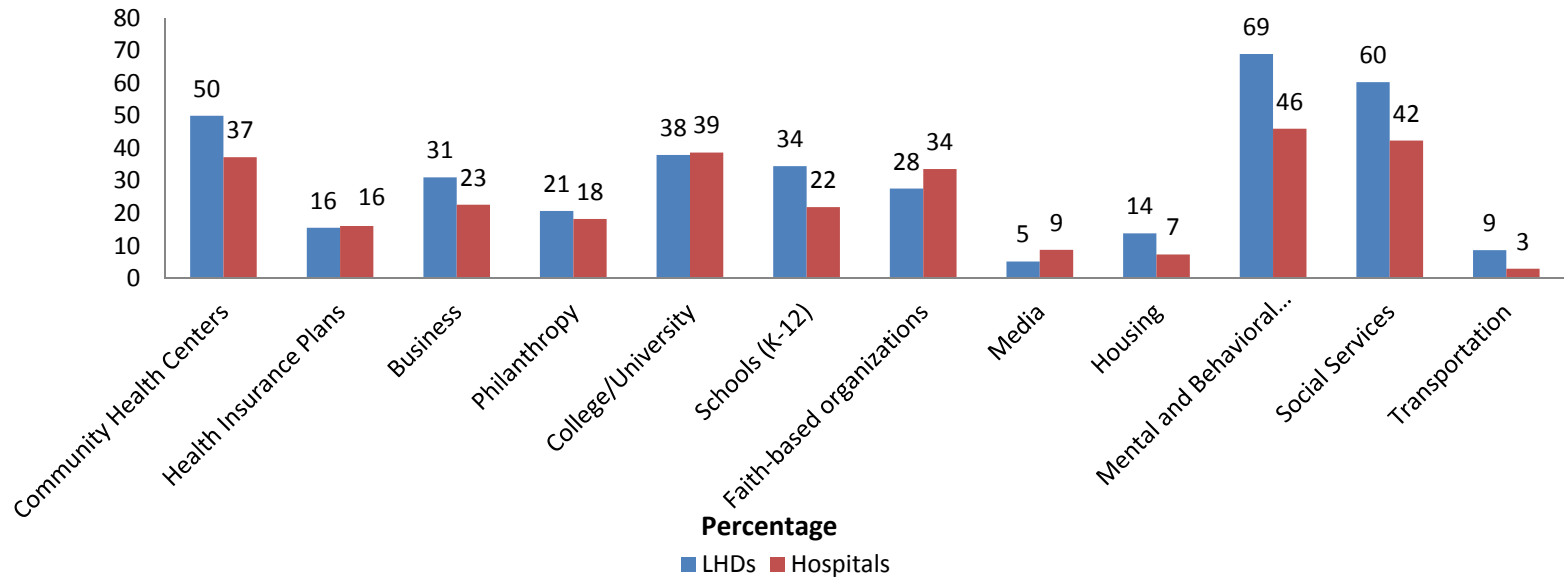

## Number of LHDs and Hospitals Selecting Prevent HIV/STDs, Vaccine-Preventable Diseases and Healthcare-Associated Infections Goals, 2013

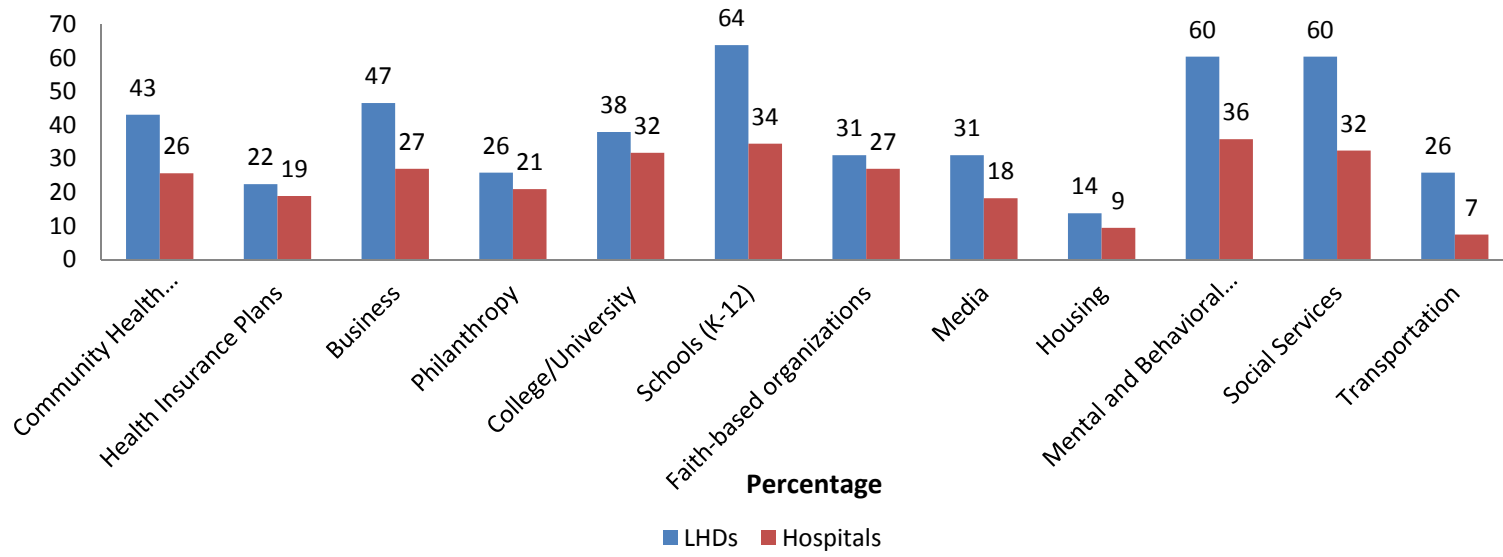

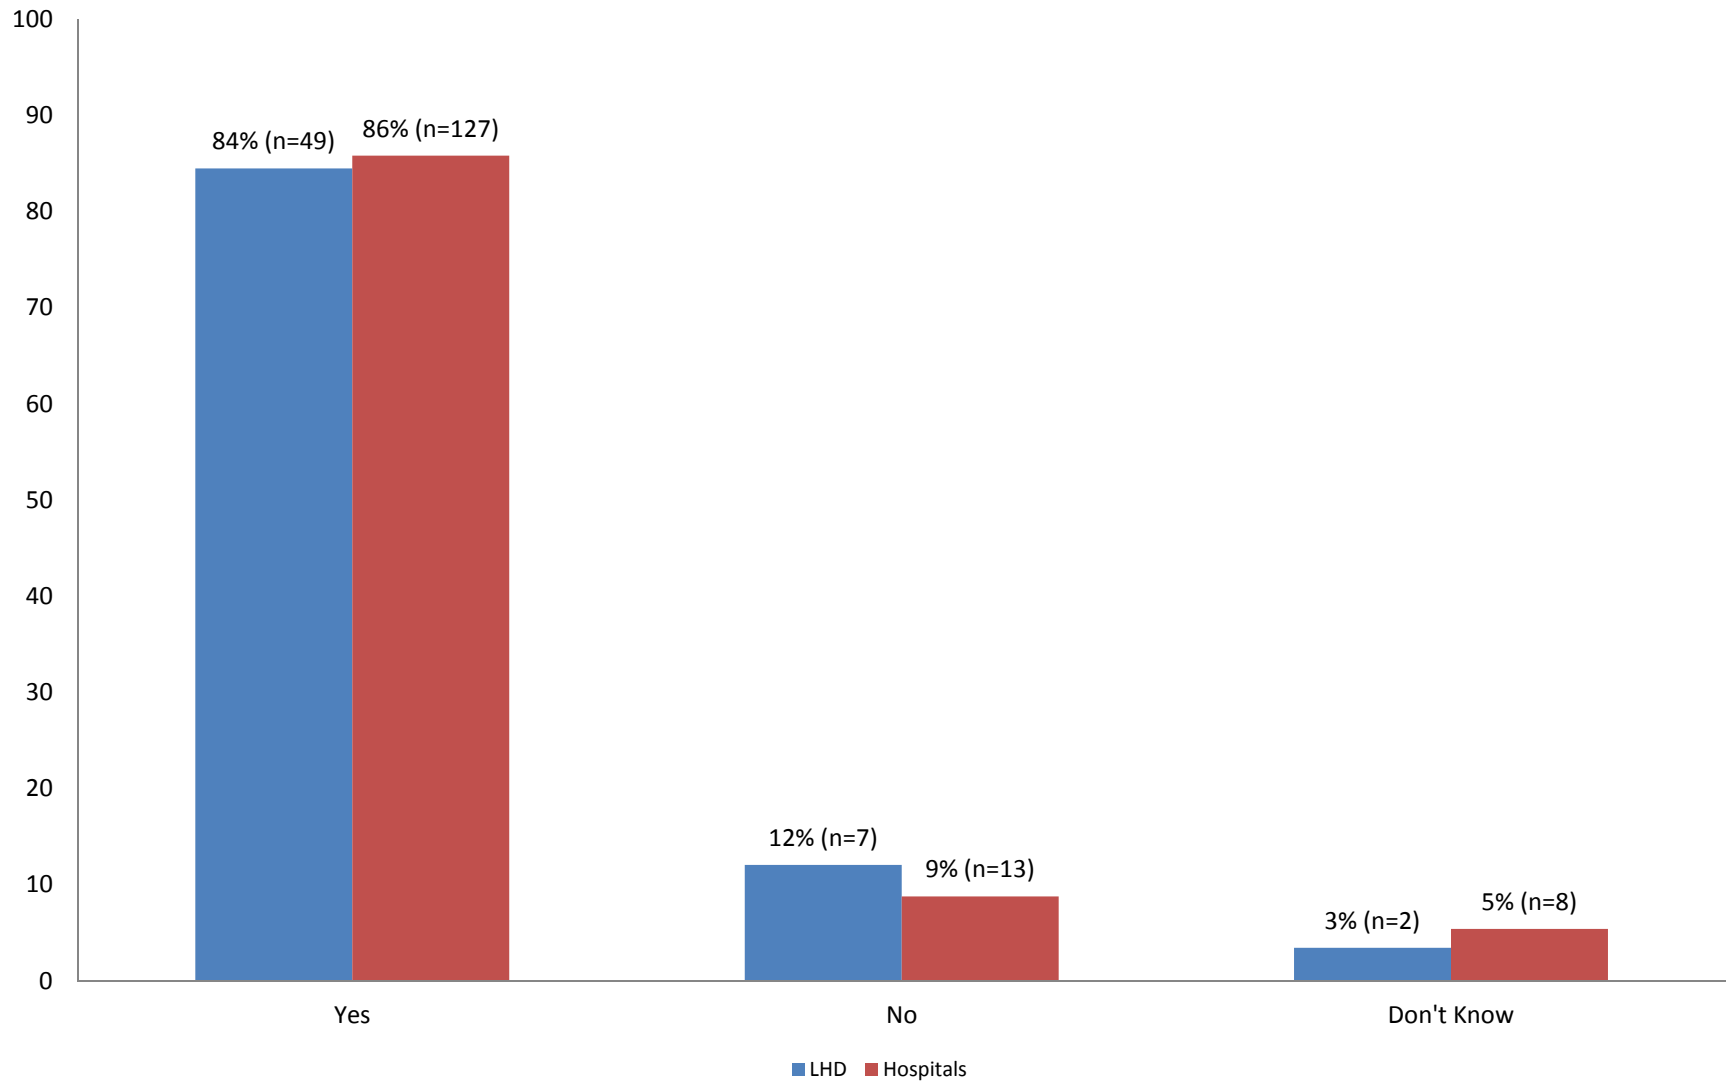

## Percentage of Partners Collaborating during Planning, 2013

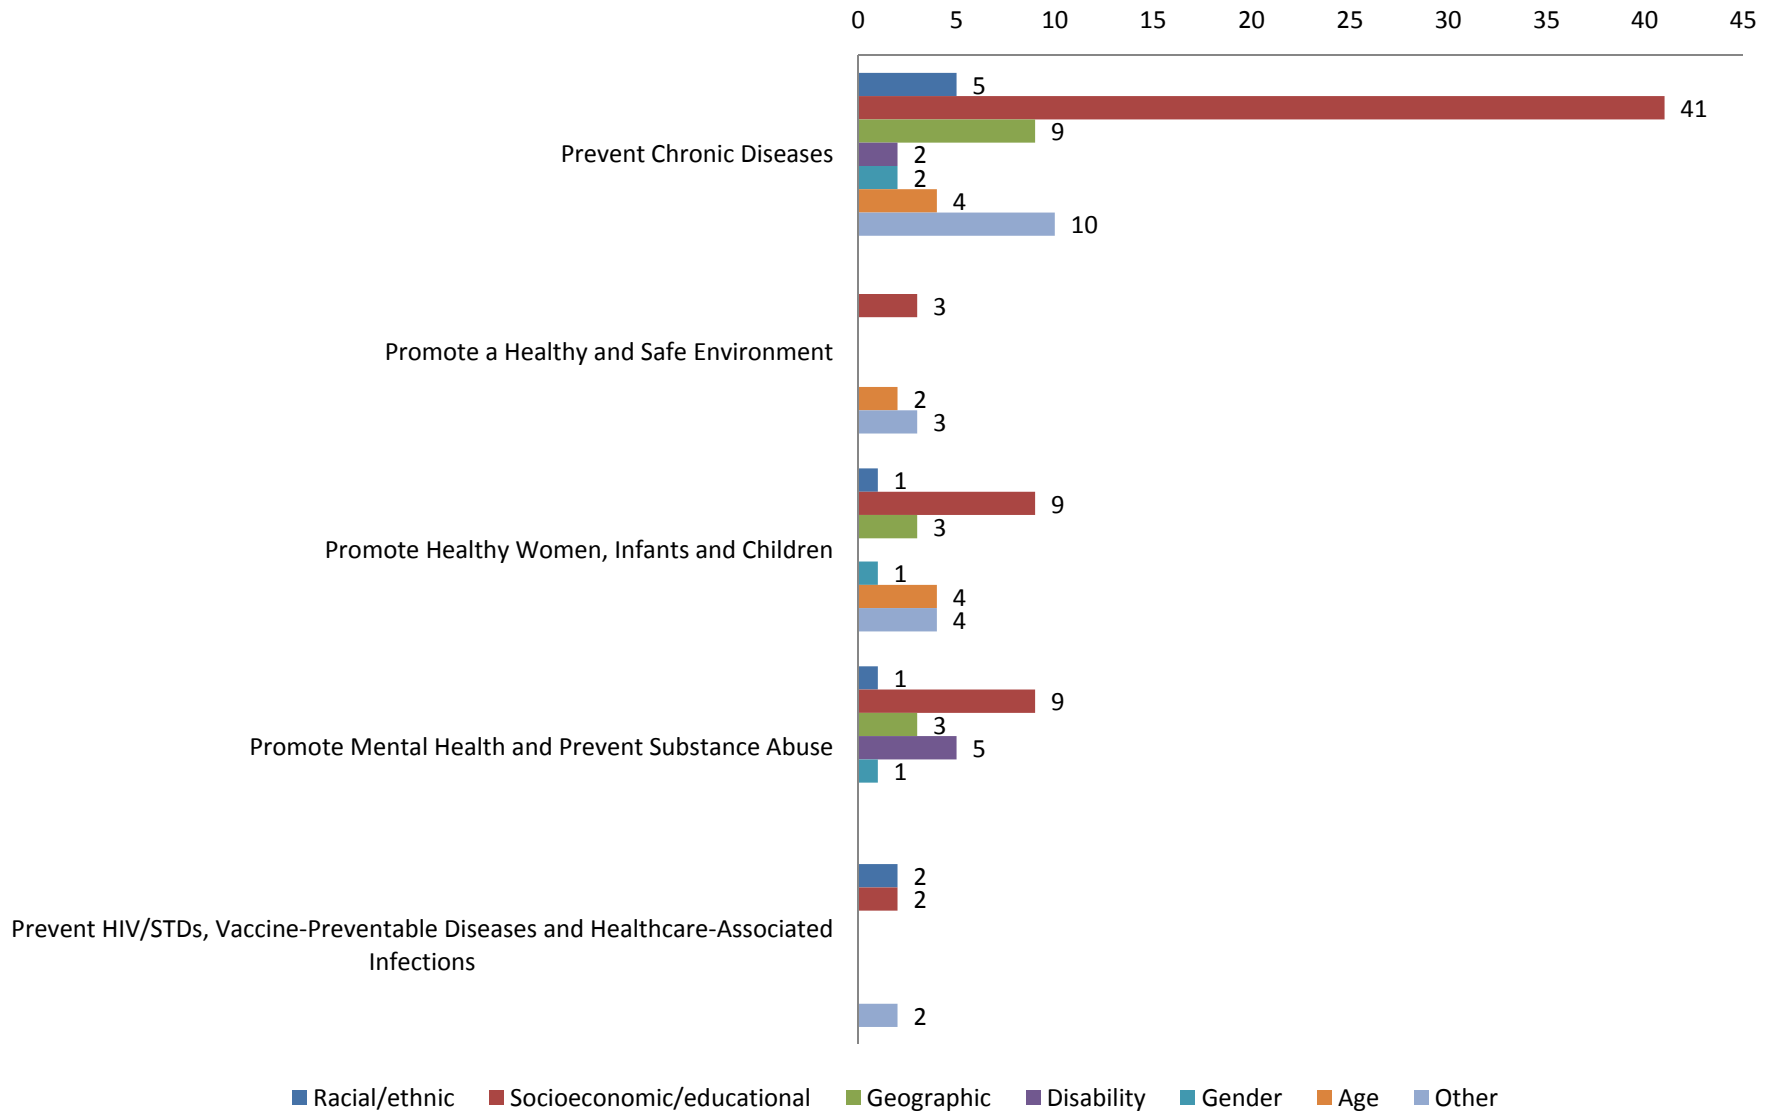

## Percent Partners Collaborating during Implementation

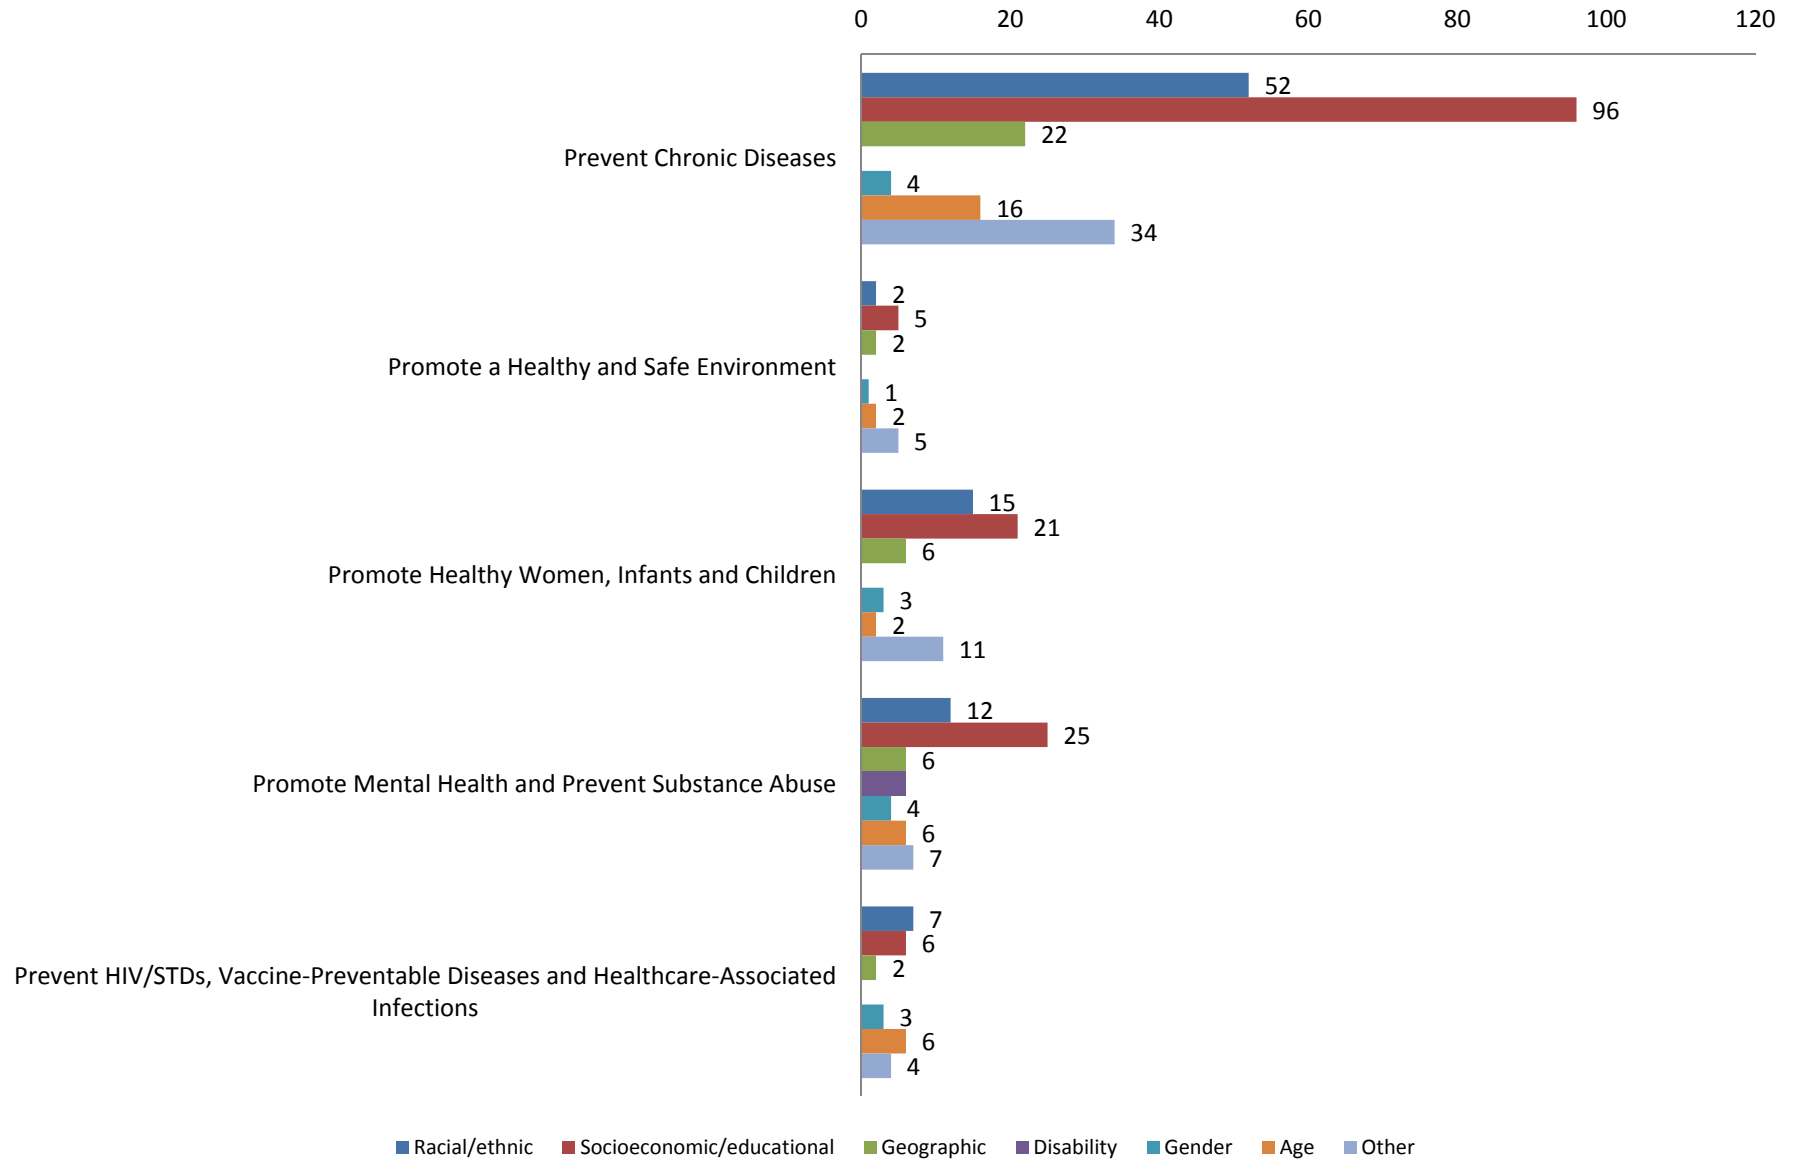

## Percent LHDs and Hospitals Addressing Disparities, 2013

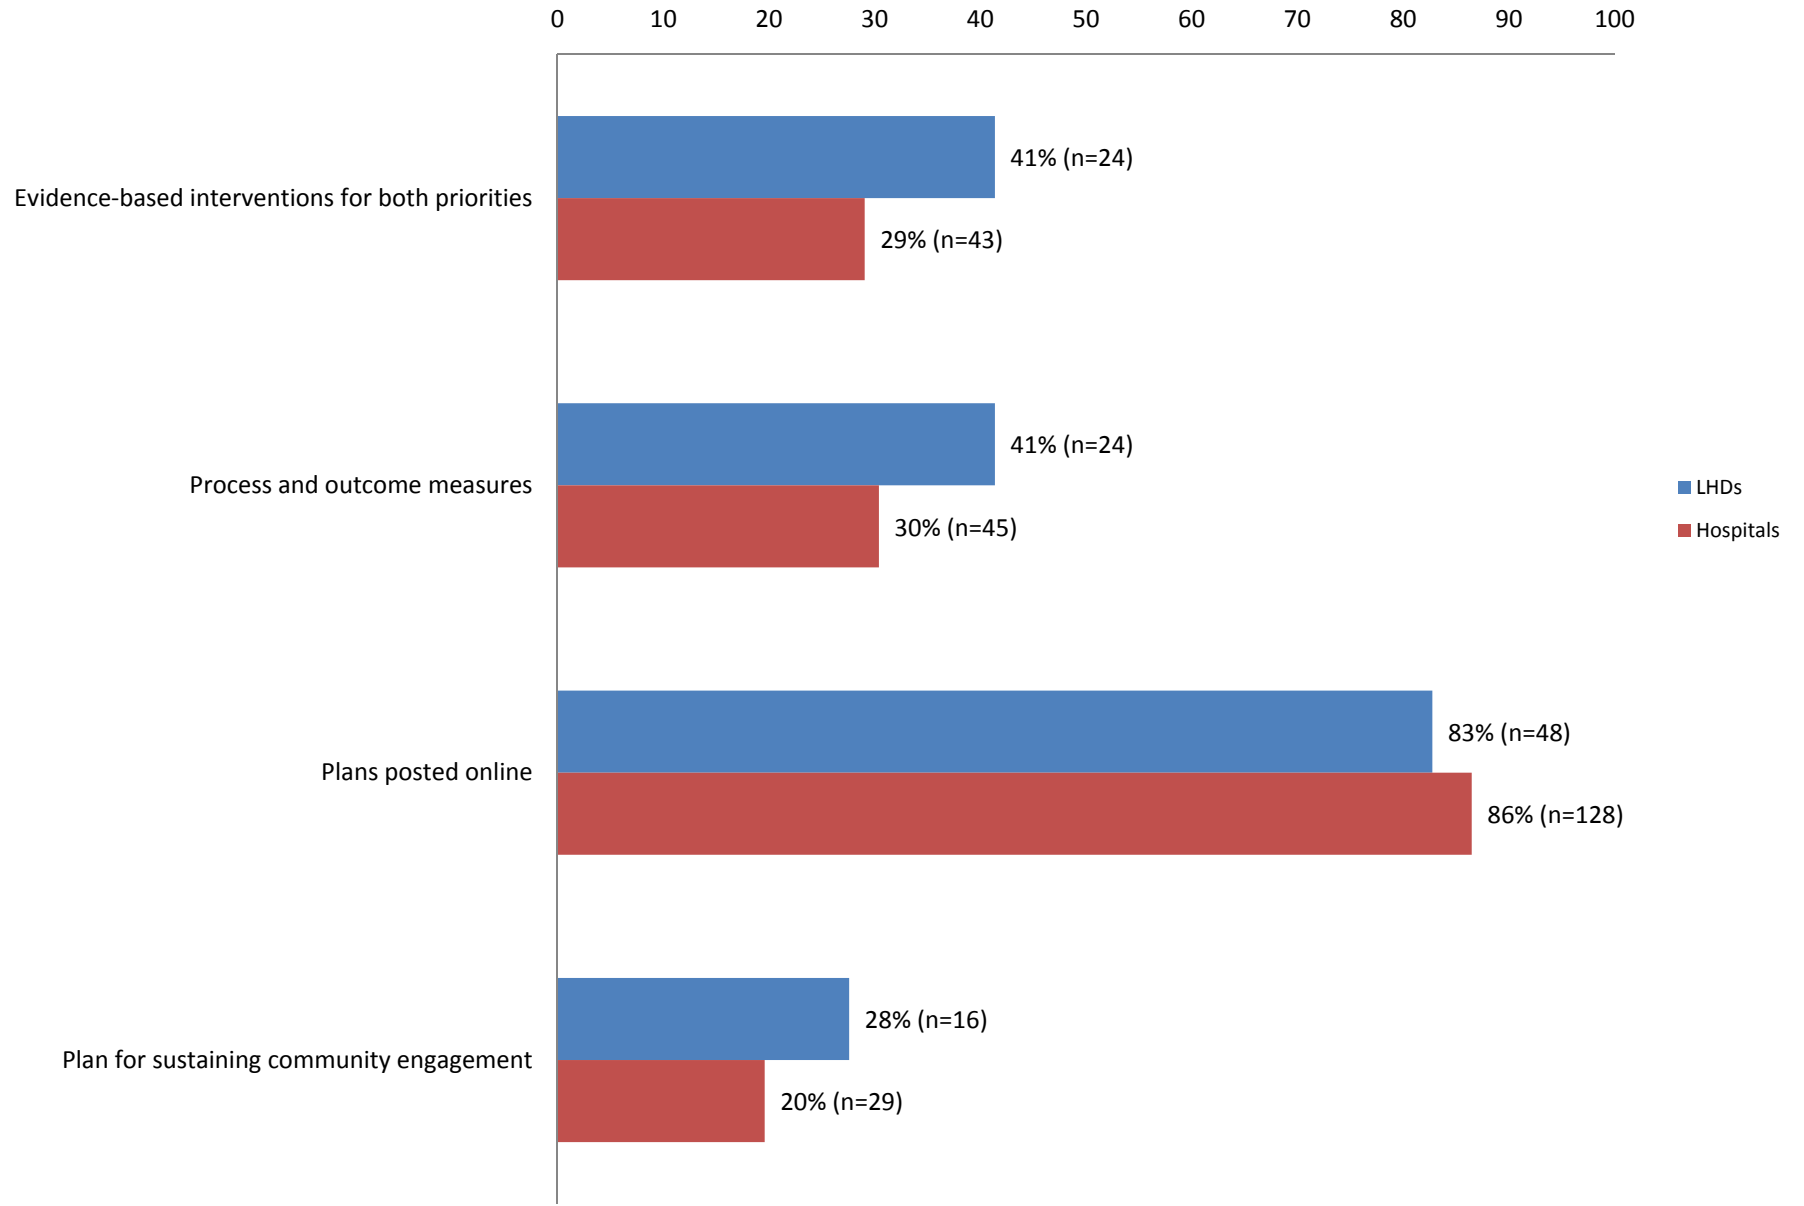

## Number of LHDs Addressing Disparities in Priority Areas, 2013

# Number of Hospitals Addressing Disparities in Priority Areas

# Selected Elements seen in percent of LHD and Hospital Reports, 2013

# Summary of Reviews

---

- 31% (n=18) LHD CHA-CHIPs and 24% (n=29) Hospital CSPs are noted as an “overall good report” by at least two reviewers.
- 52% of LHD (n=30) and hospital CSP (n=77) reports were identified as having “some good sections”.
- 5% (n=3) of LHDs and 7% (n=11) of hospitals were asked to resubmit their reports as significant content had not been included.
- Strengths: collaboration and use of formal processes to identify priorities
- Challenges: plans for sustaining collaborative effort, tracking progress and outcomes, incorporating a plan for addressing disparities and including measures/objectives to track progress on disparities.
