Rachel de Long, MD, MPH

10:20 am **Framing of Today's Discussion**

Division of Family Health, NYSDOH

10:20 am – **Brief Presentations & Discussion of Current Policy Initiatives**

12:20 pm

Discussion: For each of the key policy initiatives to be presented, explore opportunities to incorporate one or more of these prevention strategies to improve maternal health outcomes:

- integrate preconception and interconception care into routine health care for all women of reproductive age
- assess and address pregnancy planning, including use of effective contraception to prevent unintended pregnancy, among women with serious chronic conditions or previous adverse pregnancy outcomes
- implement comprehensive and coordinated protocols and systems for early identification and management of high-risk pregnancies
