

START-UP GRANT SUB-COMMITTEE MEETING MINUTES
NYSDOH | HEALTH HOME

Meeting Date: December 13, 2013
Meeting Time: 2:00pm / conference call

The committee was asked to forward any comments related to the following proposal by Monday, December 16th. If no changes are indicated by the 16th, the recommendation will be finalized and forwarded to Department of Health.

PROPOSAL

All health homes are eligible for infrastructure grants, using the same formula for allocation used in the stage one grants; with the proviso that health homes scoring below 50 must use the funds for forward going costs and that they must demonstrate that those funds are being used to benefit downstream providers through improved interconnectivity.

The distribution of the grants is as follows:

- \$8.5 million distributed to the 16 health homes that scored above 50.
- \$2.5 million distributed to the 6 health homes that scored 50.
- \$5 million distributed to the health homes that scored below 50 who satisfy the forgoing conditions.

Being that there were no rejections this represents the committee's recommendation for addition and will be forwarded to the full workgroup and to Greg Allen.
