

# New York Medicaid Electronic Health Records (EHR) Incentive Program Update

The New York Medicaid EHR Incentive Program provides financial incentives to eligible providers and hospitals to promote the transition to EHRs. Providers who practice using EHRs are in the forefront of improving quality, reducing costs. Since December 2011 **over \$587.2 million** in incentive funds have been distributed **within 14,092** payments to New York State Medicaid providers.

.....

## Taking a closer look: NYS Regional Extension Centers (RECs)

Are you looking for adoption and technical assistance when participating in the New York Medicaid EHR Incentive Program? NYS has two Regional Extension Centers (RECs) that provide partnership level support to assist providers in achieving Meaningful Use.
