MLTC Policy 13.24: Authorization for Release of Protected Health Information -

Applicable to Partial MLTC, MAP, and PACE Plans

Date of Issuance: November 9, 2013

Effective upon release, all Partial MLTC, MAP, and PACE plans must use the OCA Official Form No. 960 <u>for new enrollees</u> when seeking authorization of the release of enrollee's (or prospective enrollee's) protected health information.

This policy does not impact consent forms currently on file for existing enrollees. Going forward, to ensure consistency across all MLTC plans and lessen potential provider confusion, plans should use the OCA Official Form No. 960 (instead of any alternative document currently in use). The form, which has been approved by the New York State Department of Health, is attached for your review and can be accessed online at: http://www.nycourts.gov/forms/hipaa_fillable.pdf

MLTC plans should assist the individual in understanding the content of the form. The authorization must be signed and dated and the enrollee must receive a signed copy. A copy must be maintained in the MLTC plan's records.

Instructions for the Use of the HIPAA-compliant Authorization Form to Release Health Information Needed for Litigation

This form is the product of a collaborative process between the New York State Office of Court Administration, representatives of the medical provider community in New York, and the bench and bar, designed to produce a standard official form that complies with the privacy requirements of the federal Health Insurance Portability and Accountability Act ("HIPAA") and its implementing regulations, to be used to authorize the release of health information needed for litigation in New York State courts. It can, however, be used more broadly than this and be used before litigation has been commenced, or whenever counsel would find it useful.

The goal was to produce a standard HIPAA-compliant official form to obviate the current disputes which often take place as to whether health information requests made in the course of litigation meet the requirements of the HIPAA Privacy Rule. It should be noted, though, that the form is optional. This form may be filled out on line and downloaded to be signed by hand, or downloaded and filled out entirely on paper.

When filing out Item 11, which requests the date or event when the authorization will expire, the person filling out the form may designate an event such as "at the conclusion of my court case" or provide a specific date amount of time, such as "3 years from this date".

If a patient seeks to authorize the release of his or her entire medical record, but only from a certain date, the first two boxes in section 9(a) should both be checked, and the relevant date inserted on the first line containing the first box.
