Re: SPA #13-01
Inpatient Hospital Services

Dear Mr. Cooley:

The State requests approval of the enclosed amendment #13-01 to the Title XIX (Medicaid) State Plan for inpatient hospital services to be effective January 1, 2013 (Appendix I). This amendment is being submitted based upon regulation. A summary of the proposed amendment is contained in Appendix II.

This amendment is submitted pursuant to §1902(a) of the Social Security Act (42 USC 1396a(a)) and Title 42 of the Code of Federal Regulations (CFR), Part 447, Subpart C.

The State of New York pays for inpatient general hospital services using rates determined in accordance with methods and standards specified in an approved State Plan, following a public process, which complies with Social Security Act §1902(a)(13)(A).

Notice of the changes in the methods and standards for setting payment rates for general hospital inpatient services were given in the New York State Register on December 5, 2012 (Appendix IV).

It is estimated that the changes represented by 2013 payment rates for inpatient general hospital services will have no noticeable short-term or long-term effect on the availability of services on a statewide or geographic area basis, the type of care furnished, or the extent of provider participation.

In accordance with 42 CFR §447.272(c), New York assures that its aggregate disproportionate share hospital payments do not exceed the disproportionate share hospital payment limit.

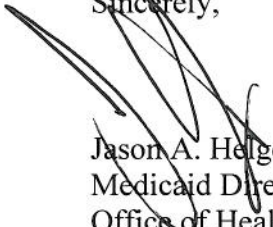

In accordance with §1923(g) of the Social Security Act, New York assures that it has calculated facility specific limits for disproportionate share payments for each disproportionate

share hospital. New York assures that it will not make disproportionate share payments to a hospital in excess of the facility specific limits established for such hospital.

Copies of pertinent sections of enacted State regulation are enclosed for your information (Appendix III). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this matter, please do not hesitate to contact John E. Ulberg, Jr., Medicaid Chief Financial Officer, Division of Finance & Rate Setting at (518) 474-6350.

Sincerely,

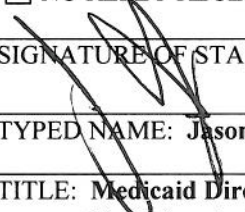

Jason A. Helgeson
Medicaid Director
Office of Health Insurance Programs

Hospital Inpatient Reimbursement - Effective December 1, 2009

Definitions. As used in this Section, the following definitions shall apply:

1. *Diagnosis related groups (DRGs)* shall mean the 3M Corporation All-Patient-Refined (APR) classification system, which utilizes diagnostic related groups with assigned weights that incorporate differing levels of severity of a patient's condition and the associated risk of mortality, and reflects such factors as the patient's medical diagnosis, severity level, sex, age, and procedures performed.
 - a. Effective January 1, [2012] 2013, Version [29] 30 of the APR classification system will be used.
2. *DRG case-based payment per discharge* shall mean the payment to be received by a hospital for inpatient services rendered to each patient based on the DRG to which that patient has been assigned, as determined by multiplying the statewide base price by the applicable service intensity weight (SIW) and facility-specific wage equalization factor (WEF) and as further adjusted for teaching hospitals by the inclusion of reimbursement for direct and indirect graduate medical education (GME) costs and for all hospitals, the inclusion of non-comparable costs.
3. *Service intensity weights (SIWs)* are the cost weights established such that the SIW for any given DRG indicates the relative cost of the average cost of the patient in the DRG as compared to the average cost of all patients in all DRGs. Weights are developed using cost data from Medicaid fee-for-service, Medicaid managed care and commercial payors as reported to the Statewide Planning and Research Cooperative System (SPARCS).
4. *Case mix index (CMI)* shall mean the relative costliness of a hospital's case mix relative to the case mix of all other hospitals as reflected in the weighted aggregate SIW for the hospital.
5. *Reimbursable operating costs* shall mean reported operating costs which relate to the cost of providing inpatient hospital services to Medicaid patients, adjusted for inflation between the base period used to determine the statewide base price and the rate period in accordance with trend factors determined pursuant to the applicable provisions of this Attachment, but excluding the following costs:
 - a. ALC costs;
 - b. Exempt unit costs;
 - c. Transfer costs; and
 - d. High-cost outlier costs.

108**

Service Intensity Weights (SIW) and average length-of-stay (LOS).

1. The table of SIWs and statewide average LOS for each effective period is published on the New York State Department of Health website at:
<http://www.health.ny.gov/facilities/hospital/reimbursement/apr-drg/weights/>
 and reflects the cost weights and LOS assigned to each All-Patient Refined (APR) diagnosis related group (DRG) patient classification category. The SIWs assigned to each APR-DRG indicates the relative cost variance of that APR-DRG classification from the average cost of all inpatients in all APR-DRGs. Such SIWs are developed using three years of Medicaid fee-for-service cost data, Medicaid managed care data and commercial third party payor data as reported to the Statewide Planning and Research Cooperative System (SPARCS) for the years set forth in paragraph (2) below. Costs associated with hospitals that do not have an ancillary charge structure or associated with hospitals and services exempt from the case payment methodology, and costs associated with statistical outliers are excluded from the SIW calculations.
2. For periods on and after December 1, 2009 through December 31, 2010, the SIW and statewide average LOS table shall be computed using SPARCS and reported cost data from the 2005, 2006 and 2007 calendar years as submitted to the Department by September 30, 2009.
3. For periods on and after January 1, 2011 through December 31, 2011, the SIW and statewide average LOS table shall be computed using SPARCS and reported cost data from the 2006, 2007 and 2008 calendar years as submitted to the Department by June 30, 2010.
4. For periods on and after January 1, 2012 through December 31, 2012, the SIW and statewide average LOS table shall be computed using SPARCS and reported cost data from the 2007, 2008 and 2009 calendar years as submitted to the Department by September 30, 2011.
5. For periods on and after January 1, 2013 through December 31, 2013, the SIW and statewide average LOS table shall be computed using SPARCS and reported cost data from the 2008, 2009 and 2010 calendar years as submitted to the Department by September 30, 2012.

Summary

SUMMARY
SPA #13-01

This State Plan Amendment proposes to update the service intensity weights and average lengths of stays for the All-Patient Refined (APR) case mix methodology which utilizes diagnostic related groups (DRGs).

Appendix III
2013 Title XIX State Plan
First Quarter Amendment
Hospital Inpatient Services
Authorizing Provisions

Title 10 - Department of Health Rules and Regulations

Effective Date: 03/16/2011

Title: Section 86-1.18 - Service Intensity Weights (SIW) and average length-of-stay (LOS)

86-1.18 Service Intensity Weights (SIW) and average length-of-stay (LOS).

(a) The table of SIWs and statewide average LOS for each effective period is published on the New York State Department of Health website at: <http://www.health.state.ny.us/> and reflects the cost weights and LOS assigned to each All-Patient Refined (APR) diagnosis related group (DRG) patient classification category. The SIWs assigned to each APR/DRG indicates the relative cost variance of that APR/DRG classification from the average cost of all inpatients in all APR/DRGs. Such SIWs are developed using three years of Medicaid fee-for-service cost data, Medicaid managed care data and commercial third party payor data as reported to the Statewide Planning and Research Cooperative System (SPARCS) for the years set forth in subdivision (b) of this section. Costs associated with hospitals that do not have an ancillary charge structure or associated with hospitals and services exempt from the case payment methodology, and costs associated with statistical outliers are excluded from the SIW calculations.

(b) For periods on and after December 1, 2009, the SIW and statewide average LOS table shall be computed using SPARCS and reported cost data from the 2005, 2006 and 2007 calendar years as submitted to the department by September 30, 2009.

(c) For periods on and after January 1, 2011, the SIW and statewide average LOS table shall be computed using SPARCS and reported cost data from the 2006, 2007 and 2008 calendar years as submitted to the department by June 30, 2010.

(d) For each calendar year thereafter, the SIW and statewide average LOS table shall be updated by dropping the earliest year of SPARCS data and including the next subsequent calendar year data as submitted to the department by September 30 of the year prior to the rate year.

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services to comply with enacted statutory provisions. The following changes are proposed:

Institutional Services

The All Patient Refined (APR) case mix methodology utilizes diagnosis related groups with assigned weights that incorporate differing levels of severity of patient condition. Based on previously enacted legislation and adopted regulation, these service intensity weights (SIWs) are updated annually by the Commissioner. The table of SIWs and statewide average lengths of stay (LOS) for each effective period is published on the New York State Department of Health website at: <http://www.health.ny.gov/nysdoh/hospital/drg/index.htm> and reflects the cost weights and LOS assigned to each All-Patient Refined (APR) diagnosis related group (DRG) patient classification category. For the period January 1, 2013 through December 31, 2013, the SIW and statewide average LOS table shall be computed using the Statewide Planning and Research Cooperative System (SPARCS) and reported cost data from the 2008, 2009 and 2010 calendar years as submitted to the Department no later than September 30, 2012.

There is no additional estimated annual change to gross Medicaid expenditures as a result of the clarifying proposed amendments.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

New York County
250 Church Street
New York, New York 10018

Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

Kings County, Fulton Center
114 Willoughby Street
Brooklyn, New York 11201

Bronx County, Tremont Center
1916 Monterey Avenue
Bronx, New York 10457

Richmond County, Richmond Center
95 Central Avenue, St. George
Staten Island, New York 10301

The public is invited to review and comment on this proposed State Plan Amendment.

For further information and to review and comment, please contact: Department of Health, Bureau of HCRA Operations & Financial Analysis, 99 Washington Ave. – One Commerce Plaza, Suite 810, Albany, NY 12210, (518) 474-1673, (518) 473-8825 (FAX), e-mail: spa_inquiries@health.state.ny.us

PUBLIC NOTICE

Monroe County, New York Notice of Official Action of a Contract Award

Pursuant to New York State General Municipal Law Section 120-w(6)(b), the County of Monroe hereby gives notice of the following:

On November 13, 2012, the County of Monroe awarded a contract to Waste Management of New York, L.L.C. pursuant to section one hundred twenty-w (120-w) of the General Municipal Law for the Operation and Maintenance of the Monroe County Recycling Center and Program. The validity of this contract or the procedures which led to its award may be hereafter contested only by action, suit or proceeding commenced within sixty (60) days after the date of this notice and only upon the ground or grounds that: (1) such award or procedure was not authorized pursuant to that section, or (2) any of the provisions of that section which should be complied with at the date of this publication have not been substantially complied with, or (3) a conflict of interest can be shown in the manner in which the contract was awarded; or by action, suit or proceeding commenced on the grounds that such contract was awarded in violation of the provisions of the Constitution.

Responses to Standard Funding Questions

**APPENDIX V
HOSPITAL SERVICES
State Plan Amendment 13-01**

CMS Standard Funding Questions (NIRT Standard Funding Questions)

The following questions are being asked and should be answered in relation to all payments made to all providers under Attachment 4.19-A of your state plan.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)**

Response: Providers do retain the payments made pursuant to this amendment. However, this requirement in no way prohibits the public provider, including county providers, from reimbursing the sponsoring local government for appropriate expenses incurred by the local government on behalf of the public provider. The State does not regulate the financial relationships that exist between public health care providers and their sponsoring governments, which are extremely varied and complex. Local governments may provide direct and/or indirect monetary subsidies to their public providers to cover on-going unreimbursed operational expenses and assure achievement of their mission as primary safety net providers. Examples of appropriate expenses may include payments to the local government which include reimbursement for debt service paid on a provider's behalf, reimbursement for Medicare Part B premiums paid for a provider's retirees, reimbursement for contractually required health benefit fund payments made on a provider's behalf, and payment for overhead expenses as allocated per federal Office of Management and Budget Circular A-87 regarding Cost Principles for State, Local, and Indian Tribal Governments. The existence of such transfers should in no way negate the legitimacy of these facilities' Medicaid payments or result in reduced Medicaid federal financial participation for the State. This position was further supported by CMS in review and approval of SPA 07-07C when an on-site audit of these transactions for New York City's Health and Hospitals Corporation was completed with satisfactory results.

2. **Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
- (i) a complete list of the names of entities transferring or certifying funds;**
 - (ii) the operational nature of the entity (state, county, city, other);**
 - (iii) the total amounts transferred or certified by each entity;**
 - (iv) clarify whether the certifying or transferring entity has general taxing authority; and,**
 - (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).**

Response: Payments made to service providers under the provisions of this SPA are funded through a general appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health. The source of the appropriation is the Local Assistance Account under the General Fund/Aid to Localities.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

Response: The payments authorized for this provision are not supplemental or enhanced payments.

4. **Please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e. applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 4447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

Response: Based on guidance from CMS, the State and CMS staff have begun discussions to develop a strategic plan to complete the UPL demonstration for 2012. However, since this SPA is cost neutral, the submission of the 2012 demonstration should not delay approval of this SPA.

5. **Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: The rate methodology included in the approved state plan for institutional services is prospective payment. We are unaware of any requirement under current federal law or regulation that limits individual provider payments to their actual costs.

ACA Assurances:

1. **Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

MOE Period.

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: This SPA does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments

waiver renewals and proposals for demonstration projects prior to submission to CMS.

- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 11-06, and documentation of such will be forwarded to CMS. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
