23. REMARKS:

New York  
17(u)

The annual PSSHS Cost Report includes a certification of funds statement to be completed, certifying the provider’s actual, incurred costs/expenditures. All filed annual PSSHS Cost Reports are subject to a desk review by the DOH or its designee.

**H. Cost Reconciliation Process**

Once all interim claims (CPT/HCPCS claims) are paid, the state will calculate the final reconciliation and settlement. There will be separate settlements for every Medicaid provider. The cost reconciliation process will be completed after the reporting period covered by the annual PSSHSP Cost Report. The total CMS-approved, Medicaid allowable scope of costs based on CMS-approved cost allocation methodology procedures is compared to the provider’s Medicaid interim payments for school health services delivered during the reporting period as documented in the MMIS and CMS-64 form, resulting in cost reconciliation.

For the purposes of cost reconciliation, the State may not modify the CMS-approved scope of costs, the CMS-approved cost allocation methodology procedures, or its CMS-approved time study for cost-reporting purposes. CMS approval will be sought prior to any modification to the scope of cost, cost allocation methodology procedures, or time study for cost-reporting purposes.

**I. Cost Settlement Process**

For services delivered for a period covering July 1<sup>st</sup> through June 30<sup>th</sup>, the annual PSSHSP Cost Report is due on or before December 31<sup>st</sup> of the same year. The final reconciliation will occur prior to the 24<sup>th</sup> month following the end of the fiscal period to ensure all claims are paid through MMIS for the dates of service in the reporting period.

As part of the final cost reconciliation and cost settlement DOH will conduct an analysis of the Medicaid payments to ensure compliance with the requirements for efficiency and economy as outlined in the Social Security Act section 1902(a)(30)(A) and LEAs found to be out of compliance may be subjected to a corrective action plan.

If interim claiming payments exceed the actual, certified costs of the provider for PSSHSP services to Medicaid clients, an amount equal to the overpayment will be returned. Overpayments will be recouped within one year from the date that the overpayment was discovered.

If actual, certified costs of a provider for PSSHSP services exceed the interim claiming, the Department of Health (DOH) and the providers will share in the retention of the incremental payment. The final settlement will be an accounting adjustment that is made off-line for each provider. The State will report the final settlement that is paid to each provider in the CMS-64 form for the quarter corresponding to the date of payment.

**J. Sunset Date**

Effective for dates of service on or after October 1, 2011 through June 30, 2020 [2017]; the State will be able to process cost reconciliations and cost settlements on all cost reports completed for the fiscal years covering dates of service through June 30, 2020 [2017].
