RE: TN 21-0005

Dear Ms. Frescatore:

# <u>OASAS Opioid Treatment Programs (OTPs) Alternative Reimbursement Methodology – Hospital Weekly Bundles</u>

Effective April 1, 2021, OASAS will establish regional weekly bundled payments for hospital-based opioid treatment programs. Such payments will be available as an alternative to the reimbursement under the Ambulatory Patient Group (APG) fee methodology already in place for OTPs. Programs may bill any given week of OTP service for any given patient under either methodology (APGs or the bundled payment methodology), but not both. When billing under the bundled payment methodology programs may bill only one of the four weekly rate codes shown below for each week. All such bundled payments will be subject to approval by the NYS Division of the Budget.

For purposes of these bundled payments there will be two regions, downstate and upstate, with the regional assignment based on program location. The downstate region includes the following counties: New York, Kings, Queens, Richmond, Bronx, Nassau, Suffolk, Westchester, Rockland, Putnam, Dutchess and Orange. The upstate region includes all other counties in the State.

The April 1, 2021 bundled payments and rate codes are as follows:

Rate Code	Rate Code Description	<u>April 1,</u> 2021 (Downstate)	April 1, 2021 (Upstate)
<u>7973</u>	HOSPITAL OTP METHADONE DISPENSING OR	<u>\$ 209.19</u>	<u>\$ 178.80</u>
	<u>COUNSELING</u>		
<u>7974</u>	HOSPITAL OTP METHADONE TAKE HOME	<u>\$ 35.28</u>	<u>\$ 35.28</u>
<u>7975</u>	HOSPITAL OTP BUPRENORPHINE DISPENSING OR	<u>\$ 260.59</u>	<u>\$ 222.73</u>
	<u>COUNSELNG</u>		
<u>7976</u>	HOSPITAL OTP BUPRENORPHINE TAKE HOME	\$ 86.26	<u>\$ 86.26</u>

The proposed bundled payments are based on service delivery that mirrors the Medicare OTP bundles in terms of both services and practitioners, as well as in terms of cost by practitioner for each service. Services covered by the bundled payment include:

- FDA-approved opioid agonist and antagonist treatment medications
- Dispensing and administering medications
- Substance use disorder counseling
- Individual and group therapy
- Toxicology testing
- Intake activities
- Periodic assessments

Room and board is not a covered service under the OTP bundled payment.

# OASAS Opioid Treatment Programs (OTPs) Alternative Reimbursement Methodology — Hospital Weekly Bundles (continued)

Each program furnishing OTP bundled services shall keep those records necessary to disclose the extent of services the program furnishes to beneficiaries and, on request, furnish to OASAS that information. Such information shall include, at minimum, the following: date of service; name of recipient; Medicaid identification number; name of practitioner providing each service; exact nature of the service, extent or units of service; and the place of service. OASAS will review such data in order to revise, as necessary, the bundled payments described herein.

OASAS will conduct regular programmatic reviews for compliance with state regulations and Federal law and issue corrective actions plans for any noted deficiencies. In addition, service frequency and utilization data will be collected and tracked by OASAS.

The bundled payments shown were calculated by regionalizing the statewide COVID bundled payments approved in the NYS disaster relief SPA, which are the 2019 base (unregionalized) Medicare bundled payments, using the OASAS OTP regional factor of 1.1700 (Downstate relative to Upstate) for freestanding facilities. The calculated payments are the same for hospitals and freestanding programs. The regional factor was applied assuming that the Downstate region would continue to have 94.41% of the methadone bundle service volume, which is the value found in the initial service period COVID bundle data used for the rate calculation. The pre-April 1 statewide bundled payments for rate code 7973 and 7975 were \$207.49 and \$258.47 respectively. The medication take home fees are identical to those of Medicare, which are not regionalized.
