RE: SPA #21-0052
Non-Institutional Services

Dear Mr. McMillion:

The State requests approval of the enclosed amendment #21-0052 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective July 1, 2021 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with and promote efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by §1902(a)(30) of the Social Security Act and 42 CFR §447.204.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the New York State Register on June 30, 2021, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Brett Friedman
Acting Medicaid Director
Office of Health Insurance Programs

Appendix II
2021 Title XIX State Plan
Third Quarter Amendment
Summary

SUMMARY
SPA #21-0052

This State Plan Amendment proposes to revise the Ambulatory Patient Group (APG) methodology for hospital-based clinic and ambulatory surgery services, including emergency room services, to reflect the recalculated weights with component updates.

Appendix III
2021 Title XIX State Plan
Third Quarter Amendment
Authorizing Provisions

SPA 21-0052

PHL §2807(2-a) (e):

(e) (i) notwithstanding any inconsistent provisions of this subdivision, the commissioner shall promulgate regulations establishing, subject to the approval of the state director of the budget, methodologies for determining rates of payment for the services described in this subdivision. Such regulations shall reflect utilization of the ambulatory patient group (APG) methodology, in which patients are grouped based on their diagnosis, the intensity of the services provided and the medical procedures performed, and with each APG assigned a weight reflecting the projected utilization of resources. Such regulations shall provide for the development of one or more base rates and the multiplication of such base rates by the assigned weight for each APG to establish the appropriate payment level for each such APG. Such regulations may also utilize bundling, packaging and discounting mechanisms.

If the commissioner determines that the use of the APG methodology is not, or is not yet, appropriate or practical for specified services, the commissioner may utilize existing payment methodologies for such services or may promulgate regulations, and may promulgate emergency regulations, establishing alternative payment methodologies for such services.

(ii) Notwithstanding this subdivision and any other contrary provision of law, the commissioner may incorporate within the payment methodology described in subparagraph (i) of this paragraph payment for services provided by facilities pursuant to licensure under the mental hygiene law, provided, however, that such APG payment methodology may be phased into effect in accordance with a schedule or schedules as jointly determined by the commissioner, the commissioner of mental health, the commissioner of alcoholism and substance abuse services, and the commissioner of mental retardation and developmental disabilities.

(iii) Regulations issued pursuant to this paragraph may incorporate quality related measures limiting or excluding reimbursement related to potentially preventable conditions and complications; provided however, such quality related measures shall not include any preventable conditions and complications not identified for Medicare nonpayment or limited payment.

Public Notice**

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE Columbia County

Columbia County, New York is soliciting proposals from Administrative Service Agencies, Trustees, and Financial Organizations for services in connection with a Deferred Compensation Plan that will meet the requirements of Section 457 of the Internal Revenue Code and Section 5 of the State Finance Law, including all rules and regulations issued pursuant thereto.

A copy of the proposal questionnaire may be obtained from: Michael Williams-Riordon, Director of Human Resources, Columbia County, 401 State Street, Hudson, NY 12534, mwr@columbiacountyny.com

All proposals must be submitted not later than 30 days from the date of publication in the New York State Register.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to revise provisions of the Ambulatory Patient Group (APG) reimbursement methodology. The following changes are proposed:

Non-Institutional Services

Effective on or after July 1, 2021, the Ambulatory Patient Group (APG) reimbursement methodology is revised to include recalculated weight and component updates to reflect the APG policy updates.

There is no additional estimated annual change to gross Medicaid expenditures as a result of this proposed amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with NYS Education Law Article 137 § 6806. The following changes are proposed:

Non-Institutional Services

Effective on or after July 1, 2021, pharmacy interns will be included in the New York State Plan in order to comply with state statute. The legislation enacted, December 7, 2018, allows pharmacy interns under the direct supervision of a licensed pharmacist and upon receipt of a certificate of administration to administer vaccinations. Medicaid-enrolled pharmacies that employ or contract with pharmacists and/or interns certified by the New York State Board of Pharmacy to administer vaccines will receive reimbursement for immunization services and products.

There is no additional estimated annual change to gross Medicaid expenditures as a result of this proposed amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with enacted statutory provisions. The following changes are proposed:

All Services

Effective on or after July 1, 2021, the Department of Health will adjust rates statewide to reflect a one percent Cost of Living Adjustment for the following Office of Mental Health (OMH) and Office for People With Developmental Disabilities (OPWDD) services: OMH Licensed Mental Health Outpatient Hospital, Freestanding Clinic and Other Rehabilitative Services, Residential Treatment Facilities for Children and Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic services, Specialty Hospital, and Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD).

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to the July 1, 2021 one percent Cost of Living Adjustment contained in the budget for State Fiscal Year 2022 is \$16.4 million.

Long Term Care Services

Effective on or after July 1, 2021, a demonstration program for young adults with medical fragility shall be established.

The young adult demonstration will certify two young adult facilities for the purpose of improving the quality of care for young adults with medical fragility. These facilities shall support the continuing needs for youth with medical fragility residing in pediatric facilities as they age beyond 21 years old, pending the establishment of a young adult unit. The State intends to utilize its current pediatric nursing home reimbursement rates for those patients between the ages of 18 and 35 years old in the newly certified young adult facility.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to the establishment of a young adult program contained in the budget for state fiscal year 2021/2022 is \$17.5 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

Department of State

F-2021-0161

Date of Issuance – June 31, 2021

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection on the New York State Department of State's website at: <https://dos.ny.gov/system/files/documents/2021/06/f-2021-0161.pdf>

In F-2021-0161, or the "Pultneyville Yacht Club Jetty Construction", the applicant – Pultneyville Yacht Club proposes to place large (4-5 ton) limestone rocks to restore jetty structure, resulting in an approximate height of 251 feet, 12 feet of width at top, and a 1:2 slope on the north side of the E-W structure that suffers from wave and ice damage. The planned work will not exceed either width or length of the structure. Existing degraded jetty is about 200' long.

The purpose of the proposed work is "repair and reinforce the existing jetty as required by sustained Lake Ontario high water levels and seasonal ice damage". The proposed project is located at 7852 Hamilton Street Extension in the Town of Williamson, Wayne County on Lake Ontario.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, July 15, 2021.

Comments should be addressed to: Consistency Review Unit, Department of State, Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

Appendix V
2021 Title XIX State Plan
Third Quarter Amendment
Responses to Standard Funding Questions

**NON-INSTITUTIONAL SERVICES
State Plan Amendment #21-0052**

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan. For SPAs that provide for changes to payments for clinic or outpatient hospital services or for enhanced or supplemental payments to physician or other practitioners, the questions must be answered for all payments made under the state plan for such service.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the payments, a complete listing of providers that return a portion of their payments, the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.).**

Response: Providers do retain the payments made pursuant to this amendment. However, this requirement in no way prohibits the public provider, including county providers, from reimbursing the sponsoring local government for appropriate expenses incurred by the local government on behalf of the public provider. The State does not regulate the financial relationships that exist between public health care providers and their sponsoring governments, which are extremely varied and complex. Local governments may provide direct and/or indirect monetary subsidies to their public providers to cover on-going unreimbursed operational expenses and assure achievement of their mission as primary safety net providers. Examples of appropriate expenses may include payments to the local government which include reimbursement for debt service paid on a provider's behalf, reimbursement for Medicare Part B premiums paid for a provider's retirees, reimbursement for contractually required health benefit fund payments made on a provider's behalf, and payment for overhead expenses as allocated per federal Office of Management and Budget Circular 2 CFR 200 regarding Cost Principles for State, Local, and Indian Tribal Governments. The existence of such transfers should in no way negate the legitimacy of these facilities' Medicaid payments or result in reduced Medicaid federal financial participation for the State. This position was further supported by CMS in review and approval of SPA 07-07C when an on-site audit of these transactions for New York City's Health and Hospitals Corporation was completed with satisfactory results.

2. **Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either through an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local governmental entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
- (i) a complete list of the names of entities transferring or certifying funds;**
 - (ii) the operational nature of the entity (state, county, city, other);**
 - (iii) the total amounts transferred or certified by each entity;**
 - (iv) clarify whether the certifying or transferring entity has general taxing authority: and,**
 - (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).**

Response: Payments made to service providers under the provisions of this SPA are funded through a budget appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health. The source of the appropriation is the Local Assistance Account under the General Fund/Aid to Localities.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

Response: The payments authorized for this provision are not supplemental or enhanced payments.

4. **For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated,**

non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration.

Response: The State's hospital-based outpatient UPL demonstration utilizes a cost per visit methodology. The 2021 outpatient UPL calculation was submitted on 4/30/2021.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: There are various state agencies that perform audits each year to determine the appropriateness of Medicaid payments. In the event that inappropriate payments are determined, recoupments would be initiated, and the Federal share would be returned to CMS within the associated quarterly expenditure report.

ACA Assurances:

- 1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

MOE Period.

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

- 2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.**

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

- 3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.**

Response: The State does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.**
- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included

with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
