

Governor

JAMES V. McDONALD, M.D., M.P.H.
Commissioner

JOHANNE E. MORNE, M.S. Executive Deputy Commissioner

March 29, 2024

Todd McMillion Director Department of Health and Human Services Centers for Medicare and Medicaid Services 233 North Michigan Ave, Suite 600 Chicago, IL 60601

> RE: SPA #24-0016 Non-Institutional Services

Dear Mr. McMillion:

The State requests approval of the enclosed amendment #24-0016 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective January 1, 2024 (Appendix I). This amendment is being submitted based on enacted legislation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by § 1902(a)(30) of the Social Security Act and 42 CFR § 447.204.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the New York State Register on December 27, 2023, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Amir Bassiri Medicaid Director Office of Health Insurance Programs

New York 1(e)(1)

1905(a)(2)(A) Outpatient Hospital Services

Ambulatory Patient Group System: Hospital-Based Outpatient

For dates of service beginning December 1, 2008, for hospital outpatient clinic and ambulatory surgery services, and beginning January 1, 2009, for emergency department services, through December 31, 2023 2024, the operating component of rates for hospital based outpatient services will be reimbursed using a methodology that is prospective and associated with resource utilization to ensure that ambulatory services are economically and efficiently provided. The methodology is based upon the Ambulatory Patient Group (APG) classification and reimbursement system. This methodology incorporates payments for the separate covered Medicaid benefits in accordance with the payment methods for these services. Reimbursement for the capital component of these rates will be made as an add-on to the operating component as described in the APG Rate Computation section.

If a clinic is certified by the Office of People with Developmental Disabilities (OPWDD), reimbursement will be as specified in the OPWDD section of the State Plan.

The Ambulatory Patient Group patient classification system is designed to explain the amount and type of resources used in an ambulatory visit by grouping patients with similar clinical characteristics and similar resource use into a specific APG. Each procedure code associated with a patient visit is assigned to an APG using the grouping logic developed by 3M Health Information Systems. When evaluation and management codes are coded, the APG grouping logic also uses the diagnosis code to make the APG assignment. Ultimately, the procedures and diagnoses coded for a patient visit will result in a list of APGs that correspond on a one-for-one basis with each procedure coded for the visit.

New York 1(I)(i)

1905(a)(2)(A) Outpatient Hospital Services

Effective for dates of service on and after January 1, 2009, payments to general hospital outpatient departments for the following services will be based on fees or rates established by the Department of Health: (1) wheelchair evaluations, (2) eyeglass dispensing, and (3) individual psychotherapy services provided by licensed social workers to persons under the age of 21, and to persons requiring such services as a result of or related to pregnancy or giving birth. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers. The agency's alternative payment fee schedule rates for the services listed in this paragraph were set September 1, 2009 and are effective for services provided on or after that date. A link to the APG alternative rates for all periods is available in the APG Reimbursement Methodology – Hospital Outpatient section.

Effective for dates of service on and after July 1, 2022, Medicaid will reimburse general hospital outpatient departments for services provided by Licensed Mental Health Counselors (LMHCs), operating within their scope of practice and for services rendered by LMHC limited permit holders operating under the supervision of an LMHC. Reimbursement for LMHCs and LMHC limited permit holders will be based on rates established by the Department of Health. Except as otherwise noted in the plan, state-developed rates are the same for both governmental and private providers. Reimbursement for LMHC services will be done via rate codes, which are published by the Department on the "Alternative Payment Fee Schedule" and are effective for services provided on or after July 1, 2022. The rates are published on the Department of Health website at the following link:

https://www.health.ny.gov/health_care/medicaid/rates/methodology/alt_payment_fee.htm

Effective for dates of service on and after July 1, 2022, Medicaid will reimburse general hospital outpatient departments for services provided by Licensed Marriage and Family Therapists (LMFTs), operating within their scope of practice and for services rendered by LMFT limited permit holders operating under the supervision of an LMFT. Reimbursement for LMFTs and LMFT limited permit holders will be based on rates established by the Department of Health. Except as otherwise noted in the plan, state-developed rates are the same for both governmental and private providers. Reimbursement for LMFT services will be done via rate codes, which are published by the Department on the "Alternative Payment Fee Schedule" and are effective for services provided on or after July 1, 2022. The rates are published on the Department of Health website at the following link:

https://www.health.ny.gov/health_care/medicaid/rates/methodology/alt_payment_fee.htm

VIII. Rates for services provided in hospital outpatient facilities located outside of New York State will be as follows:

- APG rates in effect for similar services for providers located in the downstate region of New York
 State will apply with regard to services provided by out-of-state providers located in the New Jersey
 counties of Sussex, Passaic, Bergen, Hudson, Essex, Union, Middlesex and Monmouth; in the
 Pennsylvania county of Pike; and in the Connecticut counties of Fairfield and Litchfield; and rates in
 effect for similar services for providers located in the upstate region of New York State will apply
 with regard to all other out-of-state providers.
- In the event the Department determines that an out-of-state provider is providing services which are not available within New York State, the Department will negotiate payment rates and conditions with such a provider up to but not in excess of the provider's usual and customary charges. Prior approval by the Department will be required with regard to services provided by such providers.

Appendix II 2024 Title XIX State Plan First Quarter Amendment Summary

SUMMARY SPA #24-0016

This State Plan Amendment proposes for hospital-based clinic and ambulatory surgery services, including emergency room services, to extend the Ambulatory Patient Group (APG) reimbursement methodology until December 31, 2024 and reflect the recalculated weight and component updates that will become effective on or after January 1, 2024. Also, this State Plan Amendment proposes to remove the restriction limiting services rendered by licensed social workers only to under age 21 and pregnant women effective January 1, 2024.

Appendix III 2024 Title XIX State Plan First Quarter Amendment Authorizing Provisions

- (e) (i) notwithstanding any inconsistent provisions of this subdivision, the commissioner shall promulgate regulations establishing, subject to the approval of the state director of the budget, methodologies for determining rates of payment for the services described in this subdivision. Such regulations shall reflect utilization of the ambulatory patient group (APG) methodology, in which patients are grouped based on their diagnosis, the intensity of the services provided and the medical procedures performed, and with each APG assigned a weight reflecting the projected utilization of resources. Such regulations shall provide for the development of one or more base rates and the multiplication of such base rates by the assigned weight for each APG to establish the appropriate payment level for each such APG. Such regulations may also utilize bundling, packaging and discounting mechanisms.
 - If the commissioner determines that the use of the APG methodology is not, or is not yet, appropriate or practical for specified services, the commissioner may utilize existing payment methodologies for such services or may promulgate regulations, and may promulgate emergency regulations, establishing alternative payment methodologies for such services.
 - (ii) Notwithstanding this subdivision and any other contrary provision of law, the commissioner may incorporate within the payment methodology described in subparagraph (i) of this paragraph payment for services provided by facilities pursuant to licensure under the mental hygiene law, provided, however, that such APG payment methodology may be phased into effect in accordance with a schedule or schedules as jointly determined by the commissioner, the commissioner of mental health, the commissioner of alcoholism and substance abuse services, and the commissioner of mental retardation and developmental disabilities.
 - (iii) Regulations issued pursuant to this paragraph may incorporate quality related measures limiting or excluding reimbursement related to potentially preventable conditions and complications; provided however, such quality related measures shall not include any preventable conditions and complications not identified for Medicare nonpayment or limited payment.

Regulation: 10 NYCRR 86-8.11: https://regs.health.ny.gov/content/section-86-811-system-updating-and-incorporation-reference

- (f)(i) The commissioner shall periodically measure the utilization and intensity of services provided to medical assistance recipients in ambulatory settings. Such analysis shall include, but not be limited to: measurement of the shift of surgical procedures from the inpatient hospital setting to the ambulatory setting including measurement of the impact of any such shift on quality of care and outcomes; changes in the utilization and intensity of services provided in the outpatient hospital department and in diagnostic and treatment centers; and the change in the utilization and intensity of services provided in the emergency department.
 - (ii) notwithstanding the provisions of paragraphs (a) and (b) of this subdivision, for periods on and after January first, two thousand nine, the following services provided by general hospital outpatient departments and diagnostic and treatment centers shall be reimbursed with rates of payment based entirely upon the ambulatory patient group methodology as described in paragraph (e) of this subdivision, provided, the commissioner may utilize however, that existing methodologies or may promulgate regulations establishing alternative payment methodologies for one or more of the services specified in this subparagraph, effective for periods on and after March first, two thousand nine:
 - (A) services provided in accordance with the provisions of paragraphs (q), (r), and (ll) of subdivision two of section three hundred sixty-five-a of the social services law; and
 - (B) all services, but only with regard to additional payment amounts, as determined in accordance with regulations issued in accordance with paragraph (e) of this subdivision, for the provision of such services during times outside the facility's normal hours of operation, as determined in accordance with criteria set forth in such regulations; and
 - (C) services provided by licensed social workers, licensed mental health counselors, and licensed marriage and family therapists, in accordance with licensing criteria set forth in applicable regulations; and
 - (D) individual psychotherapy services provided by licensed social workers, in accordance with licensing criteria set forth in applicable regulations, at diagnostic and treatment centers that provided, billed for, and received payment for these services between January first, two thousand seven and December thirty-first, two thousand seven;
 - (E) services provided to pregnant women pursuant to paragraph (s) of subdivision two of section three hundred sixty-five-a of the social services law and, for periods on and after January first, two thousand ten, all other services provided pursuant to such paragraph (s) and services provided pursuant to paragraph (t) of subdivision two of section three hundred sixty-five-a of the social services law;
 - (F) wheelchair evaluation services and eyeglass dispensing services; and
 - $(\mbox{\ensuremath{\mbox{G}}})$ immunization services, effective for services rendered on and after June tenth, two thousand nine.

Appendix IV 2024 Title XIX State Plan First Quarter Amendment Public Notice

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311 or visit our web site at: www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to revise provisions of the Ambulatory Patient Group (APG) reimbursement methodology in accordance with the Public Health Law § 2807(2–a)(e) and remove restrictions for licensed social workers in accordance with Public Health Law § 2807(2-a)(f)(ii)(C). The following changes are proposed:

Non-Institutional Services

Effective on or after January 1, 2024, the Ambulatory Patient Group (APG) reimbursement methodology is revised to include recalculated weight and component updates in order to update reimbursement for APG payments. Also, the restriction limiting services rendered by licensed social workers only to individual psychotherapy and only for persons under the age of 21 and individuals requiring services as a result of pregnancy or giving birth, is removed as of the same effective date.

The estimated annual aggregate increase in gross Medicaid expenditures as a result of this proposed amendment is \$8.3 Million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County 250 Church Street New York, New York 10018 Queens County, Queens Center 3220 Northern Boulevard Long Island City, New York 11101

Kings County, Fulton Center 114 Willoughby Street Brooklyn, New York 11201

Bronx County, Tremont Center 1916 Monterey Avenue Bronx, New York 10457

Richmond County, Richmond Center 95 Central Avenue, St. George Staten Island, New York 10301

For further information and to review and comment, please contact: Department of Health, Division of Finance and Rate Setting, 99 Washington Ave., One Commerce Plaza, Suite 1432, Albany, NY 12210, spa_inquiries@health.ny.gov

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with Section 1945 of the Social Security Act and other enacted statutory provisions. The following changes are proposed:

Non-Institutional Services

Effective on or after January 1, 2024, the proposed amendment establishes revised rates for Health Home Serving Children care management and authorizes payment for High Fidelity Wraparound as an evidence-based care management service provided to children/youth referred and eligible for High Fidelity Wraparound within Health Homes Serving Children, by agencies designated by the New York State designation process.

The estimated annual net aggregate increase in annual gross Medicaid expenditures attributable to these initiatives is \$2.8 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County 250 Church Street New York, New York 10018

Queens County, Queens Center 3220 Northern Boulevard Long Island City, New York 11101 Kings County, Fulton Center 114 Willoughby Street Brooklyn, New York 11201

Bronx County, Tremont Center 1916 Monterey Avenue Bronx, New York 10457

Richmond County, Richmond Center 95 Central Avenue, St. George Staten Island, New York 10301

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional and non-institutional services to comply with subparagraph (iv-a) of paragraph (b) of subdivision 35 of section 2807-c of the Public Health Law. The following changes are proposed:

Institutional Services

Effective on or after January 1, 2024, the Department of Health will invest in Medicaid inpatient reimbursement rates, through the development of acute and specialty hospital rate add-ons based on Medicaid patient days and discharges, for public hospitals in a city with a population of one million or more.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$325 million.

Non-Institutional Services

Effective on or after January 1, 2024, the Department of Health will invest in Medicaid outpatient reimbursement rates, through the development of general clinic, emergency department and ambulatory surgery rate add-ons based on Medicaid patient visits, for public hospitals in a city with a population of one million or more.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget is \$80 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional, non-institutional and long-term care services to comply with Section 652 of Article 19 of the New York State Labor Law. The following changes are proposed:

All Services

Effective on or after January 1, 2024, the Department of Health will adjust Medicaid rates for all regions of the State to account for increased labor costs resulting from statutorily required increases in the New York State minimum wage as well as the statutorily required decreases in wage parity.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2024 is \$6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for Institutional Services in accordance with Chapter 53 of the Laws of 2023 and Subdivision 5 of section 365-m of the Social Services Law. The following changes are proposed:

Appendix V 2024 Title XIX State Plan First Quarter Amendment Responses to Standard Funding Questions

NON-INSTITUTIONAL SERVICES State Plan Amendment #24-0016

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of the state plan.

1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)

Response: Providers receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:
 - (i) a complete list of the names of entities transferring or certifying funds;
 - (ii) the operational nature of the entity (state, county, city, other);

- (iii) the total amounts transferred or certified by each entity;
- (iv) clarify whether the certifying or transferring entity has general taxing authority: and,
- (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

Response: The Non-Federal share Medicaid provider payment is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program.

		4/1/23 – 3/31/24	
Payment Type	Non-Federal Share Funding	Non-Federal	Gross
Normal Per Diem	General Fund; Special Revenue Funds; County Contribution	\$349M	\$705M

- A. General Fund: Revenue resources for the State's General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries). Medicaid expenditures from the State's General Fund are authorized from Department of Health Medicaid.
 - 1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medical Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State's General Fund to offset Medicaid costs.

In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

B. Special Revenue Funds:

- Health Care Reform Act (HCRA) Resource Fund: as authorized in section 92-dd of New York State Finance Law and was established in 1996, pursuant to New York State Public Health Law 2807-j. HCRA resources include:
 - Surcharge on net patient service revenues for specified provider types including Comprehensive Diagnostic and Treatment Centers, Ambulatory Surgery Centers, and Outpatient Hospital Services.
 - The rate for commercial payors is 9.63 percent.
 - o The rate for governmental payors, including Medicaid, is 7.04 percent.
 - Federal payors, including Medicare, are exempt from the surcharge.

2) Health Facility Cash Assessment Program (HFCAP) Fund: Pursuant to New York State Public Health Law 2807-d HFCAP requires New York State designated providers to pay an assessment on cash operating receipts on a monthly basis. The assessment is 0.35% for Article 28 General Hospitals.

NOTE: New York's Health Care taxes are either broad based and uniform (as in all HFCAP assessments except for the Personal Care Provider Cash Assessment) or have a specific exemption known as the "D'Amato provision (Federal PHL section 105-33 4722 (c)" which allows the HCRA surcharges to exist in their current format. The single tax which has been determined by the State to be an impermissible provider tax is the HFCAP charge on Personal Care Providers. The State does not claim any Federal dollars for the surcharge collected in this manner in order to comply with all Federal provider tax rules.

C. Additional Resources for Non-Federal Share Funding:

County Contribution: In State Fiscal Year 2006, through enacted State legislation (Part C of Chapter 58 of the laws of 2005), New York State "capped" the amount localities contributed to the non-Federal share of providers claims. This was designed to relieve pressure on county property taxes and the NYC budget by limiting local contributions having New York State absorb all local program costs above this fixed statutory inflation rate (3% at the time).

However, in State Fiscal Year 2013 New York State provided additional relief to Localities by reducing local contributions annual growth from three precent to zero over a three-year period. Beginning in State Fiscal Year 2016, counties began paying a fixed cost in perpetuity as follows:

Entity	Annual Amount
New York City	\$5.200B
Suffolk County	\$226M
Nassau County	\$217M
Westchester County	\$204M
Erie County	\$194M
Rest of State (53 Counties)	\$1.187B
Total	\$7.228B

By eliminating the growth in localities Medicaid costs, the State has statutorily capped total Statewide County Medicaid expenditures at 2015 levels. All additional county Medicaid costs are funded by the State through State funding as described above. DOH provides annual letters to counties providing weekly contributions. Contributions are deposited directly into State escrow account and used to offset 'total' State share Medicaid funding.

NOTE: The Local Contribution is not tied to a specific claim or service category and instead is a capped amount based on 2015 county spending levels as stated above.

3. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.

Response: The Medicaid payments authorized under this State Plan Amendment are not supplemental payments.

4. For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (state owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.

Response: The outpatient UPL demonstration utilizes a cost-to-payment methodology to estimate the upper payment limit for each class of providers. The Medicaid payments under this State Plan Amendment will be included in the 2024 outpatient UPL when it is submitted to CMS.

5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?

Response: Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

ACA Assurances:

1. <u>Maintenance of Effort (MOE)</u>. Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving <u>any</u> Federal payments under the Medicaid program <u>during the MOE period</u> indicated below, the State shall <u>not</u> have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

MOE Period.

Begins on: March 10, 2010, and

 Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.

<u>Prior to January 1, 2014</u> States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages <u>greater than</u> were required on December 31, 2009. <u>However</u>, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to <u>anticipate potential violations and/or appropriate corrective actions</u> by the States and the Federal government.

Response: This SPA would [] / would <u>not</u> [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.
- b) Please include information about the frequency inclusiveness and process for seeking such advice.
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
