SUMMARY
SPA #25-0004

This State Plan Amendment proposes to define and allow for Portable X-Ray services, including reimbursement for set up and transportation, in long term care settings or for individuals who are homebound in residential settings. Allowable services must be provided under the general supervision of a physician.

DRAFT

New York

1905(a)(3) Other laboratory and X-ray services

Portable x-ray

Portable x-ray involves screening and diagnostic radiology provided by a Medicaid-enrolled portable x-ray provider under the general supervision of a physician, delivered to patients in long term care settings or community-based settings, including patients who are home-bound. Portable x-ray procedures are limited to skeletal films involving the extremities, pelvis, vertebral column, or skull; and chest or abdominal films that do not involve the use of contrast media. Portable x-ray providers are eligible for reimbursement for transportation and set-up when providing a billable x-ray service. EKG's are allowed as a covered service but not independent of an x-ray or eligible for transportation reimbursement.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with SSL § 365-a(2)(i). The following changes are proposed:

Non-Institutional Services

Effective on or after May 1, 2025, portable radiology providers can transport radiology equipment and deliver radiology services in the setting where a home-bound individual is located, including a long-term care setting, residential setting, or private home or dwelling of a patient. Expansion of the program to home-bound individuals is a cost-effective option that also provides patients an alternative mode of receiving care.

Coverage requirements and regulations will be updated consistent with Federal Regulation (42 CFR Part 486 Subpart C - Conditions for Coverage: Portable X-Ray Services), which provide that portable radiology providers be either the employee of a supervising physician; or require the supervising physician to certify annually that they periodically check the procedural manuals and observe the operator's performance, that they have verified that equipment and personnel meet applicable Federal, State, and local licensure and registration requirements and that safe operating procedures are used.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is (\$1.6 million).

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. SUMMARY
SPA #25-0029

This State Plan Amendment proposes to establish a 4% rate modifier for certain EPSDT early intervention (EI) services that are provided to children who reside in rural and underserved areas of the State. This is needed to address provider capacity issues that municipalities are facing statewide.

DRAFT

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT**STATE: New York****1905(a)(4)(B) Early and Periodic Screening, Diagnostic, and Treatment Services****METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES – OTHER TYPES OF CARE****EPSDT provided as EPSDT Early Intervention (EI) Services****Early Intervention 4% Rate Modifier for Underserved and Rural Areas**

The Early Intervention program is facing provider shortages statewide. This results in children who are referred to the EI program not being evaluated to determine eligibility in a timely manner (45 days after referral) and once found eligible for the program, children are not receiving timely services (30 days from IFSP date). The delay in evaluations and services occurs more frequently in rural and underserved areas of the state. The 4% rate modifier is intended to address these delays in evaluations and services.

Criteria for applying the 4% Rate Modifier

EI services eligible for the rate modifier are limited to Evaluations, Speech Therapy, Occupational and Physical Therapy and Special Instruction services that are provided to children who reside in the following designated areas of the State:

Underserved Areas

- Outside of NYC, Westchester, Nassau, Suffolk

The Bureau of Early Intervention identifies codes in each municipality where 15% or more of the population live below the Federal Poverty Level (FPL).

- NYC, Westchester, Nassau, Suffolk

In recognition of the higher concentration of poverty within the areas, the Bureau of Early Intervention identifies zip codes in each municipality where 20% or more of the population live below the FPL.

Rural Areas

- Outside of NYC, Westchester, Nassau, Suffolk

The Bureau of Early Intervention identifies zip codes in each municipality where the urban population is less than 15% based on Census data.

- NYC, Westchester, Nassau, Suffolk

SUMMARY
SPA #25-0033

This State Plan Amendment proposes to provide temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or in relation to other health care providers. These payments are authorized by current State statutory and regulatory provisions and will be reviewed and approved by the CINERGY Collaborative.

DRAFT

The CINERGY Collaborative is an annual \$30 million-dollar supplemental program, based on submission of written proposals, which incentivizes participating not-for-profit skilled nursing facilities located in certain Economic Development Regions to improve the quality of care for their residents, through initiatives that aim to improve patient care and workforce safety. Eligible providers will include not-for-profit nursing homes that are engaged in a collaborative focused on providing staff training to improve patient care and patient experience and are located in Mid-Hudson, New York City, or Long Island. Funding is distributed based on facilities' shares of employed direct care personnel, current financial positions, and size.

- Total funding is allocated across all participating facilities based on each facility's share of the total number of employed direct care personnel across all participating facilities
- Allocations are adjusted by a maximum of +/-10 percent depending on the facility's financial position.
 - Financial position is determined by comparing the three-year average operating margins statewide against the facility specific.
 - Higher operating margins result in a reduction and lower margins result in an increase, distributed by quintiles.
- Facilities with 120 beds or less receive a flat add-on payment (determined annually, but no more than \$200,000 per facility)
- Thresholds are then established to:
 - Mitigate any significant year-to-year increases or decreases, and
 - Ensure that the adjustments have not exceeded the \$30 million.

Supersedes TN NEW Effective Date April 1, 2025

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

1905(a)(16) Inpatient Psychiatric Hospital – PRTF

Allowable operating costs as determined in the preceding paragraphs will be trended by the Medicare inflation factor.

Effective July 01, 2021, through March 31, 2022, operating rates of payment will be increased for a Cost-of-Living Adjustment (COLA), calculated to support a one percent (1.0%) annual aggregate payment to be paid out over the 9 month period between July 1, 2021 and March 31, 2022, and a one percent (1%) annual increase to be paid out over 12 months in subsequent years until such time as the COLA increase is reflected in the base period cost reports.

Effective on or after February 1, 2022, the C/DC rate component will be adjusted to include a twenty-five percent (25%) increase to include additional funds, not included in the base year, appropriate to maintain the required level of care. This increase will be included until such a time as the increase is reflected in the base period cost reports.

Effective April 01, 2022, through March 31, 2023, operating rates of payment will be increased for a Cost-of-Living Adjustment (COLA) to support a five point four percent (5.4%) increase until such time as the COLA increase is reflected in the base period cost reports.

Effective on or after July 01, 2022, operating rates of payment for all providers will receive an eight percent (8.0%) increase. This increase will be included until such a time when the Department of Health has determined costs associated with the increase are reflected in the cost reports used for rate setting.

Effective April 01, 2023, through March 31, 2024, operating rates of payment will be increased for a Cost-of-Living Adjustment (COLA) to support a four percent (4%) increase until such time as the COLA increase is reflected in the base period cost reports.

Effective April 01, 2024, through March 31, 2025, operating rates of payment will be increased for a Cost-of-Living Adjustment (COLA) to support a two-point eight four percent (2.84%) increase until such time as the COLA increase is reflected in the base period cost reports.

Effective April 01, 2025, through March 31, 2026, operating rates of payment will be increased for a Targeted Inflationary Increase (TII) to support a two-point six percent (2.6%) increase until such time as the TII increase is reflected in the base period cost reports.

A(a.2)

1905(a)(4)(A) Nursing Facility Services

For the period beginning July 1, 2024, and ending March 31, 2025, a one-time across-the-board (ATB) increase will be provided to Article 28 nursing homes, increasing overall Medicaid reimbursement by up to \$280.5 million. For the period beginning April 1, 2025 and ending March 31, 2026, an across-the-board (ATB) increase will be provided to Article 28 nursing homes, increasing overall Medicaid reimbursement by up to \$438.3 million and for the period beginning April 1, 2026 and each year thereafter, an annual across-the-board (ATB) increase will be provided to Article 28 nursing homes increasing overall Medicaid reimbursement by up to \$379.1 million per year.

- a. Programs to receive funding as a part of this increase include:
 - i. Nursing Homes
 - ii. Specialty care facilities
- b. In order to fully distribute the available funding, one-time lump sum payments will be made to each facility. The lump sum payment per facility will be calculated as follows:
 - i. Divide the available amount of the ATB increase by the total of all facility patient days for the most recent reported calendar year ~~(2022)~~. This will result in an ATB increase per patient day.
 - ii. Then, take the ATB increase per patient day and multiply it by each facility's patient days.
- c. For the period beginning April 1, 2025 and ending March 31, 2026, \$378.3 million will be distributed according to the above method. The remaining \$60 million will be distributed as follows:
 - i. Divide the available amount of the ATB increase by the total of all facility revenue for the most recent reported calendar year. This will result in a percentage based ATB increase.
 - ii. Then, take the ATB increase percentage and multiply it by each facility's revenue to arrive at a lump sum payment amount per facility.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. **OASAS Opioid Treatment Programs (OTPs) Alternative Reimbursement Methodology
– Hospital Weekly Bundles (continued)**

Each program furnishing OTP bundled services will keep those records necessary to disclose the extent of services the program furnishes to beneficiaries and, on request, furnish to OASAS that information. Such information will include, at minimum, the following: date of service; name of recipient; Medicaid identification number; name of practitioner providing each service; exact nature of the service, extent or units of service; and the place of service. OASAS will review such data in order to revise, as necessary, the bundled payments described herein.

OASAS will conduct regular programmatic reviews for compliance with state regulations and Federal law and issue corrective actions plans for any noted deficiencies. In addition, service frequency and utilization data will be collected and tracked by OASAS.

The bundled payments shown for April 1, 2021 were calculated by regionalizing the statewide COVID bundled payments approved in the NYS disaster relief SPA, which are the 2019 base (unregionalized) Medicare bundled payments, using the OASAS OTP regional factor of 1.1700 (Downstate relative to Upstate) for freestanding facilities. The calculated payments are the same for hospitals and freestanding programs. The regional factor was applied assuming that the Downstate region would continue to have 94.41% of the methadone bundle service volume, which is the value found in the initial service period COVID bundle data used for the rate calculation. The pre-April 1, 2021 statewide bundled payments for rate code 7973 and 7975 were \$207.49 and \$258.47 respectively. The April 1, 2021 medication take home fees are identical to those of Medicare, which are not regionalized.

Effective April 1, 2022, the rates for April 1, 2021 will receive a cost-of-living adjustment of 5.4%. Effective January 1, 2023, the April 1, 2022, rates will receive a 5.0% rate increase. Effective April 1, 2023, the January 1, 2023 rates will receive a 4.0% cost-of-living adjustment. Effective April 1, 2024, the April 1, 2023 rates will receive a cost-of-living adjustment of 2.84%. Effective April 1, 2025, these rates will receive a targeted inflationary increase adjustment of 2.6%. All OTP Weekly Bundles rates can be found at the link below:

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Program Authority

1945 of the Social Security Act
The state elects to implement the Health Homes state plan option under Section 1945 of the Social Security Act.

Name of Health Homes Program

NYS Health Home Program

Executive Summary

Provide an executive summary of this Health Homes program including the goals and objectives of the program, the population, providers, services and service delivery model used

This State Plan Amendment proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with enacted statutory provisions. Chapter 57 of the Laws of 2025, Part FF of the SFY 2026 enacted budget outlines a 2.6% targeted inflationary increase in eligible Health Home rates for those Health Home members that meet the risk and acuity criteria for Health Home Plus and for those Health Home members that meet the risk and acuity criteria for Health Home Plus and are receiving Assisted Outpatient Treatment (AOT).

General Assurances

- ☐ The state provides assurance that eligible individuals will be given a free choice of Health Homes providers.
- ☐ The states provides assurance that it will not prevent individuals who are dually eligible for Medicare and Medicaid from receiving Health Homes services.
- ☐ The state provides assurance that hospitals participating under the state plan or a waiver of such plan will be instructed to establish procedures for referring eligible individuals with chronic conditions who seek or need treatment in a hospital emergency department to designated Health Homes providers.
- ☐ The state provides assurance that FMAP for Health Homes services shall be 90% for the first eight fiscal quarters from the effective date of the SPA. After the first eight quarters, expenditures will be claimed at the regular matching rate.
- ☐ The state provides assurance that it will have the systems in place so that only one 8-quarter period of enhanced FMAP for each health homes enrollee will be claimed.
- ☐ The state provides assurance that there will be no duplication of services and payment for similar services provided under other Medicaid authorities.

Rate Development

Provide a comprehensive description in the SPA of the manner in which rates were set

1. In the SPA please provide the cost data and assumptions that were used to develop each of the rates;
2. Please identify the reimbursable unit(s) of service;
3. Please describe the minimum level of activities that the state agency requires for providers to receive payment per the defined unit;
4. Please describe the state's standards and process required for service documentation, and;
5. Please describe in the SPA the procedures for reviewing and rebasing the rates, including:
 - the frequency with which the state will review the rates, and
 - the factors that will be reviewed by the state in order to understand if the rates are economic and efficient and sufficient to ensure quality services.

Comprehensive Description Provide a comprehensive description of the rate-setting policies the State will use to establish Health Homes provider reimbursement fee for service or PMPM rates. Explain how the methodology is consistent with the goals of efficiency, economy, and quality of care. Within your description, please explain: the reimbursable unit(s) of service, the cost assumptions and other relevant factors used to determine the payment amounts, the minimum level of activities that the State agency requires for providers to receive payment per the defined unit, and the State's standards and process required for service documentation.

Provider Type

NYS Medicaid providers eligible to become health homes include managed care plans; hospitals; medical, mental and chemical dependency treatment clinics; primary care practitioner practices; PCMHs; FQHCs; Targeted Case Management (TCM) providers; certified home health care agencies and any other Medicaid enrolled providers that meet health home provider standards.

Care Management Fee:

Health Homes meeting State and Federal standards will be paid a per member per month care management fee that is adjusted based on region and case mix method for adults, or the Child and Adolescent Needs and Strength Assessment of New York (CANS-NY) for children age 0 through 20). The total cost relating to a care manager (salary, fringe benefits, non-personal services, capital and administration costs) in conjunction with caseload assumptions were used to develop the Health Home rates. The state periodically reviews the Health Home payments in conjunction with Department of Labor salary data to ensure that the Health Home rates are sufficient to ensure quality services.

Effective May 1, 2018, the per member per month care management fee for adults will be based on region and case mix defined by populations as indicated below. Health Home rates for children will continue to be determined by an algorithm applied to the CANS-NY assessment. The risk adjusted payments will allow providers to receive a diverse population of patients and assign patients to various levels of care management intensity without having to meet preset standards for contact counts. Providers will be able to respond to and adjust the intensity and frequency of intervention based on patient's current condition and needs (from tracking to high touch). All rates will be published on the DOH website. Except as otherwise noted in the plan, state developed fee schedule rates are the same for both governmental and private providers. Rates for Health Home services to children are effective October 1, 2016 and apply to services furnished on and after October 1, 2016.

For dates of service beginning June 1, 2018 through December 31, 2018, the per member per month care management fee for Health Homes that are, as of June 1, 2018, designated to serve children only, or designated to serve children in 43 counties and adults and children in one county, shall be adjusted to provide \$4 million in payments to supplement care management fees. The supplemental payments shall be paid no later than March 31, 2019 and will be allocated proportionately among such Health Homes based on services provided between June 1, 2018 and December 1, 2018. The supplement shall be a lump sum payments.

Rates for Health Home services furnished to other populations are effective as noted below and apply to services furnished on and after such dates.

Population Case Mix Definitions for Health Home Adult Rates

Health Home Plus/Care Management Rates include adults with active AOT order or expired AOT order within last year; adults stepping down from State PC and ACT; Health and Recovery Plan (HARP) members that meet high risk criteria (recent incarceration, homelessness, multiple hospital admissions, etc.); and members identified at the discretion of the Medicaid Managed Care Plan or state designated entity for adults not currently enrolled in a Medicaid Managed Care Plan.

Health Home High Risk/Need Care Management Rates, include adults that are HARP enrolled members not included in the Health Home Plus/Care Management; any adult member meeting high risk criteria based on the high, medium and low, Clinical and Functional Assessment; and members identified at the discretion of the Medicaid Managed Care Plan or state designated entity for adults not currently enrolled in a Medicaid Managed Care Plan.

Health Home Care Management Rates, include all other adults not meeting criteria for Health Home Services Adult Home Transition Rates, Health Home Plus/Care Management or High Risk /High Need Care Management Rates.

Health Home Services Adult Home Transition Rates apply to individuals, under the terms of a Stipulation and Order of Settlement between the U.S. Department of Justice and New York State, that are Adult Home Residents with serious mental illness (SMI) that are required to transition from Adult Homes located in New York City to the community.

Effective July 1, 2020, the PMPM for case finding will be reduced to \$0 as indicated in the State Health Home Rates and Rate Codes posted to the State's website as indicated above.

A unit of service will be defined as a billable unit per service month. In order to be reimbursed for a billable unit of service per month health home providers must, at a minimum, provide one of the core health home services per month. The monthly payment will be paid via the active care management PMPM. Once a patient has consented to received services and been assigned a care manager and is enrolled in the health home program the active care management PMPM may be billed. Care managers must document all services provided to the member in the member's care plan.

Managed Care Considerations:

Similar to the NY patient centered Medical Home program, it is the intention of the State to coordinate and pay for health home services through health plans but at State set rates for the service. The State will address any existing care management resources in the current plan premium for health home enrollees under CMS guidelines (bring this resource out of the capitation and create federal matching for those resources under the health home payment). Plans will pay health home providers State set rates when providers are contracted to provide all health home services. In the case where the plan does a portion of the health home service (e.g. telephonic post discharge tracking) and downstream providers do a separate portion (e.g. face to face care management) the plan will then split the State generated PMPM proportional to the contracted effort.

The Medicaid/FHP Model Contract has been modified to include language similar to that outlined below which addresses any duplication of payment between the MCO capitation payments and health home payments. The delivery design and payment methodology will not result in any duplication of payment between Health Homes and managed care.

- The managed care plan is not required to provide services that would duplicate the CMS reimbursed Health Home services for members participating in the State's Health Home program.
- The managed care organization will be informed of members assigned to a Health Home or will assign its members to a Health Home for health home services. Plans may need to expand their networks to include additional State designated health home providers to ensure appropriate access.
- Plans will need to have signed contracts including clearly established responsibilities with the provider based health homes.
- The managed care plan will be required to inform either the individual's Health Home or the State of any inpatient admission or discharge of a Health Home member that the plan learns of through its inpatient admission initial authorization and concurrent review processes as soon as possible to promote appropriate follow-up and coordination of services.
- Plans will assist State designated Health Home providers in their network with coordinating access to data, as needed.
- Plans will, as appropriate, assist with the collection of required care management and patient experience of care data from State designated Health Home providers in its' network.

The State has a health home advisory committee of providers and managed care plans through which any issues with payment would be raised and addressed. Directions have been given to health plans to match health home payment to providers based on relative health home care management effort. Further information on specific construction on health home rates includes specific administration compensation to guide rate differential construct.

Targeted Case Management (TCM) Conversion Considerations:

The State envisions that eventually all targeted case management programs operating in New York will convert to or become part of health homes, and these providers will require time to meet State and Federal health home standards. The State will allow TCM providers that can meet health home standards to convert to health homes or join with larger health homes. TCM providers that convert to health homes will be governed under NYS Health Home Provider Qualification Standards, not TCM standards. The payment method will be designed to transition all existing TCM capacity from the current rates to the new Health Home payment structure. Effective January 1, 2015 TCM programs for adults will be paid

their existing TCM rates until November 30, 2016. Effective October 1, 2016 through September 30, 2018 TCM programs for children will be paid a transitional rate that is as financially equivalent as practicable to their current rate.

Health Home care management services may be provided to children that are eligible and enrolled in both the Early Intervention Program and Health Home, and will meet and fulfill the requirements of the ongoing service coordination required to be provided to children enrolled in the Early Intervention Program.

All payments will be made under the health home payment detailed above in the care management fee section if they convert to or become part of a health home. Effective October 1, 2017, the case finding PMPM will be paid under the provisions described in the care management fee section.

Children's Transitional Rates

Providers delivering Individualized Care Coordination (ICC) under the 1915c SED or Health Care Integration (HCI) under the 1915c B2H waivers, who shall provide Health Home Care Management services in accordance with this section effective on January 1, 2019, shall be eligible for a transition rate add-on for two years to enable providers to transition to Health Home rates. Health Home Care Management Services eligible for the transition rate add-on shall be limited to services provided to the number of children such providers served as of December 31, 2018. Services provided to a greater number of children than such providers served as of December 31, 2018 shall be reimbursed the Health Home rate without the add-on. The transition methodology is set forth in the transitional rate chart.

Effective October 1, 2022, Children's Health Homes may receive an assessment fee to ensure that any child who may be eligible for Home and Community-Based Services (HCBS) under the Children's Waiver, demonstration or State Plan authority will be eligible

to receive a timely HCBS assessment under the Health Home program. The HH HCBS assessment fee will compensate the HH for the costs associated with conduct of:

- Evaluation and/or re-evaluation of HCBS level of care;
- Assessment and/or reassessment of the need for HCBS;
- Inclusion of all aspects of an HCBS Plan of Care in the HH's Comprehensive Care Plan.

This fee will be paid in addition to the PMPM calculated above and is contingent upon the Health Home completing a timely and complete assessment.

Effective January 1, 2024, a per member per month (PMPM) care management fee was developed separately for the Health Homes Serving Children designated by the NYS designation process and providing High Fidelity Wraparound. The fee is based on modeling estimated enrollment, staff salaries, benefits, non-personnel costs, overhead, and administrative costs that is based on region under High Fidelity Wraparound based on the caseload assumptions. Separate projections and rates are developed for this population of most vulnerable children who meet the following conditions to be part of this service:

SED diagnosis as well as additional criteria, namely that the child or youth is:

- Between 6 and 21 years of age;
- Has a functional impairment in the home, school, or community as measured by the Children and Adolescent Needs and Strengths (CANS-NY);
- Is Health Home (HH) Enrolled/Eligible through SED or 2 MH diagnoses;
- Is involved with two or more systems;
- Has a history of service utilization with out-of-home residential or inpatient services, crisis and emergency services, intensive treatment programs or represent high needs populations.

Separate rates are developed for the children's High Fidelity Wraparound services for the Health Homes Serving Children. State Health Home Rates and Rate Codes Effective January 1, 2024 can be found at:

https://www.health.ny.gov/health_care/medicaid/program/medicaid_health_homes/billing/index.htm

Effective April 1, 2024, a supplemental per member per month (PMPM) care management fee was developed for the Health Homes Serving Adults designated by the NYS designation process and providing Health Home Plus Care Management to members who are receiving Health Home Plus Care Management due to an Assisted Outpatient Treatment (AOT) Order.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional Services as authorized by § 2826 of New York Public Health Law. The following changes are proposed:

Non-Institutional Services

Effective on or after April 1, 2025, temporary rate adjustments have been approved for services related to providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. The temporary rate adjustments have been reviewed and approved for the following Hospital:

- St. Mary's Healthcare

The aggregate payment amounts totaling up to \$11,370,250 for the period April 1, 2025, through March 31, 2026.

The aggregated payment amounts totaling up to \$10,220,250 for the period of April 1, 2026, through March 31, 2027.

SUMMARY
SPA #25-0052

This State Plan Amendment proposes to implement a 2.6 percent targeted inflationary increase, and Minimum Wage Adjustment, to the reimbursement fees for NYS Office of Mental Health Rehabilitation programs, effective April 1, 2025.

1905(a)(13) Rehabilitative Services

Intensive Rehabilitation (IR):

In addition to the monthly base rate (and reimbursement for Clinical Treatment, if applicable), PROS providers will receive an additional monthly add-on for providing at least one IR service to an individual who has received at least six units during the month.

In instances where a PROS provider provides IR services to an individual, but CRS services are provided by another PROS provider or no CRS services are provided in the month, the minimum six units required will be limited to the provision of IR services and only the IR add-on will be reimbursed.

The maximum number of IR add-on payments to a PROS provider will not exceed 50 percent of that provider's total number of monthly base rate claims reimbursed in the same calendar year.

Ongoing Rehabilitation and Support (ORS):

In addition to the monthly base rate (and reimbursement for Clinical Treatment, if applicable), PROS providers will receive an additional monthly add-on for providing ORS services. Reimbursement requires a minimum of two face-to-face contacts per month, which must occur on two separate days. A minimum contact is 30 continuous minutes in duration. The 30 continuous minutes may be split between the individual and the collateral. At least one visit per month must be with the individual only. The ORS or IR add-on payment can be claimed independently or in addition to the base rate (and Clinical Treatment, if applicable). ORS and IR will not be reimbursed in the same month for the same individual.

Effective July 1, 2024, reimbursement requires a minimum of four 15 minute service units per month, which must occur on a minimum of two separate days. At least one service per month must be with the individual only.

Pre-admission Screening Services:

PROS providers will be reimbursed at a regional monthly case payment for an individual in pre-admission status. Reimbursement for an individual in pre-admission status is limited to the pre-admission rate. If the individual receives pre-admission screening services during the month of admission, the base rate is calculated using the entire month.

Reimbursement for pre-admission screening services is limited to two consecutive months.

PROS Rates of Payment: Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers. The agency's fee schedule rate is adjusted as of ~~July 1, 2024, however statutory minimum wage increases will be effective October 1, 2023 and April 1, 2024, and a cost of living adjustment will be effective~~ April 1, ~~2024~~ 2025; such rates are effective for services provided on or after those dates. All rates are published on the OMH website at:

13d. Rehabilitative Services

Assertive Community Treatment (ACT) Reimbursement

ACT services are reimbursed regional monthly fees per individual for ACT teams corresponding to the number of individuals served, as defined in the fee schedule. Except as otherwise noted in the plan, monthly fees are the same for both governmental and non-governmental providers of ACT services. The agency's fee schedule rate is adjusted, including changes for the statutory minimum wage increase, as of April 1, ~~2024~~ 2025, and such rate is effective for services provided on or after that date. All rates are published at the following link:

https://www.omh.ny.gov/omhweb/medicaid_reimbursement/excel/act.xlsx

Monthly fees are based on projected costs necessary to operate an ACT team of each size and are calculated by dividing allowable projected annual costs by 12 months and by team size. Such monthly fee is then adjusted by a factor to account for fluctuations in case load or when the provider cannot submit full or partial month claims because the minimum contact threshold cannot be met. No costs for room and board are included when calculating ACT reimbursement rates.

ACT services are reimbursed either the full or partial/stepdown fee based on the number of discrete contacts of at least 15 minutes in duration in which ACT services are provided during a month. Providers may not bill more than one monthly fee for the same individual in the same month.

ACT services are reimbursed the full fee for a minimum of six contacts per month, at least three of which must be face-to-face with the individual. ACT services are reimbursed the partial/stepdown fee for a minimum of two and fewer than six contacts per month, of which two must be face-to-face with the individual. ACT services are also reimbursed the partial/stepdown fee for a maximum of five months for a minimum of two contacts per month for individuals admitted to a general hospital for the entire month, however the full fee may be reimbursed in the month of the individual's admission or discharge if the provider meets the minimum of six contacts per month, of which up to two contacts may be provided while the individual was in the hospital. For purposes of this provision, an inpatient admission is considered continuous if the individual is readmitted within 10 days of discharge.

13d. Rehabilitative Services:**1905(a)(13) Other diagnostic, screening, preventative and rehabilitative services****Outpatient and Residential Crisis Intervention Services**

42 CFR 440.130(d)

Reimbursement for Outpatient and Residential Crisis Intervention Services as outlined in item 13.d of Attachments 3.1-A and B are paid based upon Medicaid rates established by the State of New York.

Except as otherwise noted in the State Plan, the State-developed fees are the same for both governmental and private providers. Provider agency fees were set as of April 1, ~~2024~~ 2025, for Outpatient and Residential Crisis Intervention Services and are effective for these services provided on or after that date. Provider agency rates were set as of April 1, ~~2024~~ 2025, for Mobile Crisis Intervention Services provided by Comprehensive Psychiatric Emergency Programs and are effective for these services provided on or after that date. All fees are published on the Office of Mental Health website.

Mobile Crisis Intervention Services are reimbursed regional fees determined by contact type, practitioner qualifications, and duration of services. Services are reimbursed in either 15 minutes unit increments or daily fees, published on the Office of Mental Health website at:

https://www.omh.ny.gov/omhweb/medicaid_reimbursement/excel/crisis_mobile_telephonic.xlsx

Mobile Crisis Intervention Services Provided by Comprehensive Psychiatric Emergency Programs:

https://omh.ny.gov/omhweb/medicaid_reimbursement/excel/cpep.xlsx

Crisis Residential Services are reimbursed regional daily fees per individual. Crisis residential services are limited to 28 days per admission, except services for recipients may be reimbursed beyond 28 days if medically necessary and approved by the state. Fees are published on the Office of Mental Health website at:

https://www.omh.ny.gov/omhweb/medicaid_reimbursement/excel/crisis_residential.xlsx

Crisis Stabilization Services are reimbursed a regional daily brief or full fee per individual. Reimbursement is limited to one brief or full claim reimbursement per recipient per day. Fees are published on the Office of Mental Health website at:

https://www.omh.ny.gov/omhweb/medicaid_reimbursement/excel/crisis_stabilization.xlsx

The reimbursement methodology is composed of provider cost modeling, consistent with New York State certified financial reporting and Bureau of Labor Statistics wage data. The following list outlines the major components of the provider cost model:

- Staffing assumptions and staff wages
- Employee-related expenses — benefits, employer taxes (e.g., Federal Insurance Contributions Act (FICA), unemployment, and workers compensation)
- Program-related expenses (e.g., supplies)
- Provider overhead expenses, and
- Program billable units.

Fees are developed as the ratio of total annual modeled provider costs to the estimated annual billable units.

1905(a)(13) Other Diagnostic, Screening, Preventive, and Rehabilitative Services**13.d Rehabilitative Services****OMH Community Residential Eating Disorder Integrated Treatment Services****Reimbursement methodology for OMH Community Residential Eating Disorder Integrated Treatment Services:**

The Office of Mental Health established regional fee schedules for Community Residential Eating Disorder Integrated Treatment Services (CREDIT) provided by OMH licensed facilities of sixteen (16) or fewer beds. The unit of services is per diem.

Fee schedule rates are based on regional average actual costs to operate a facility licensed to serve either adults only or adults and youth, as reported by CREDIT Services providers to the state through annual consolidated fiscal reports, comparable program costs and other relevant published Federal statistical and economic data. The initial fee schedule rates are trended to the rate year using the Medicare Market Basket Index and are further adjusted by a utilization factor to account for fluctuations in case load. No costs for room and board are included in the rates for CREDIT Services.

Coordinated Specialty Care Services

Reimbursement Methodology for Coordinated Specialty Care Services

Effective July 1, 2023, for services provided by OMH licensed providers, reimbursement for Coordinated Specialty Care (CSC) services will be made in the form of a monthly fee if the minimum number of services, as defined herein is provided. Except as otherwise noted in the plan, state-developed fee schedule rates are the same for both governmental and private providers.

Monthly fees were calculated using provider-submitted Consolidated Fiscal Reports (CFR) for Coordinated Specialty Care services and were calculated by dividing allowable annual costs by 12 months and by provider case size. Such monthly fees are then adjusted by a factor to account for fluctuations in case load and the expected frequency of full or partial month claims based on established minimum contact thresholds.

CSC services are reimbursed either the full or half month fee based on the number of discrete contacts of at least 15 minutes in duration in which CSC services are provided. Providers will not bill more than one monthly fee, including the full or half month fee, for the same individual in the same month.

CSC services are reimbursed the full month fee for a minimum of four contacts per month, at least two of which must be with the individual. CSC services are reimbursed the half month fee for a minimum of two and fewer than four contacts per month, of which one must be with the individual. CSC services are also reimbursed the half-month fee for a minimum of two contacts per month for individuals admitted to a general hospital for the entire month, however the full monthly fee will be reimbursed in the month of the individual's admission or discharge if the provider meets the minimum of four contacts per month, of which two contacts will be provided while the individual is admitted to the hospital. Such reimbursement for individuals admitted to a general hospital is limited to five continuous months. For purposes of this provision, an inpatient admission is considered continuous if the individual is readmitted within 10 days of discharge. No more than one contact per day is counted for reimbursement purposes, except if two separate contacts are provided on the same day, including one contact with an individual and one collateral contact. Services provided using telehealth technology and services with collateral contacts are included for purposes of determining total monthly visits.

OMH Coordinated Specialty Care providers will maintain complete case records which form the basis of all claims and statistical and financial reports for at least six years from the date of service. All such records will be subject to audit for six years from the date the claim was submitted. Providers must also submit annual cost reports. The State periodically reviews case records, claims data, and provider cost reports to evaluate the adequacy and efficiency of bundled reimbursement rates.

The State also monitors the provision of CSC services to ensure that beneficiaries receive the types, quantity, and intensity of services required to meet their needs through services and provider monitoring tools including required client and program-level data reporting and annual fidelity assessment. Providers of CSC services are also required to perform patient-specific reporting to the State at routine intervals as a condition of authorization to provide CSC services.

The agency's fee schedule rate is adjusted as of April 1, ~~2024~~ 2025, and such rate is effective for services provided on or after that date. Fees for CSC Services are available on the OMH website at:

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all services to comply with the 2025-2026 proposed executive budget. The following changes are proposed:

All Services

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to reflect a 2.1% percent Targeted Inflationary Increase for the following Office of Mental Health (OMH), Office of Addiction Services and Supports (OASAS), and Office for People With Developmental Disabilities (OPWDD) State Plan Services: OMH Outpatient Services, OMH Clinic Services, OMH Rehabilitative Services, Comprehensive Psychiatric Emergency Program, including Extended Observation Beds, Children Family Treatment Support Services, Health Home Plus, Psychiatric Residential Treatment Facilities for Children and Youth, OASAS Outpatient Addiction Services, OASAS Freestanding (non-hospital) Inpatient

Rehabilitation Services, OASAS Freestanding Inpatient Detox Services, OASAS Part 820 Residential Services, OASAS Residential Rehabilitation Services for Youth, Intermediate Care Facility (ICF/IDD), Day Treatment, Article 16 Clinic Services, Specialty Hospital, Independent Practitioner Services for Individual with Developmental Disabilities (IPSIDD), and OPWDD Crisis Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$28.3 million.

Non-Institutional Services

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for diagnostic and treatment centers, including Federally Qualified Health Centers and Rural Health Clinics.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$20 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Assisted Living Programs (ALPs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$15 million.

Effective on or after April 1, 2025 through March 31, 2028, this proposal would provide a three-year increase in funding associated with the reimbursement for Adult Day Health Care programs (ADHCs).

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$5.4 million.

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for Hospice programs.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$0.7 million.

Effective on or after April 1, 2025 noticed provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, rates of payment for services provided by Health Facilities licensed under Article 29-I of the Public Health Law to individuals under age 21 years, will be increased to account for enhanced programmatic requirements and to ensure access to primary care services in these settings.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is \$36 million.

Effective on or after April 1, 2025, the Department of Health will adjust Medicaid rates statewide to account for increased labor costs resulting from statutorily required increases in New York State minimum wage for the following Office of Mental Health (OMH) State

Plan Services: OMH Outpatient Services, OMH Clinic Services, and OMH Rehabilitative Services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$84,000.

Institutional Services

Effective on or after April 1, 2025, the proposed amendment to the State Plan will allow Title XIX (Medicaid) reimbursement to general hospitals, as defined in Subdivision 10 of Section 2801 of the Public Health Law, for provision of inpatient acute care that is provided off-site, pursuant to the conditions set forth in proposed Subdivision 15 of Section 2803 of the Public Health Law (see Proposed Executive Budget, Health and Mental Hygiene, Part Y). Reimbursement rates will match those provided for inpatient acute care services provided on-site in licensed general hospital settings.

Under the proposed law, the Commissioner of Health of the State of New York may allow general hospitals to provide off-site acute care medical services that are (a) not home care services or professional services as defined in Subdivisions 1 and 2 of Section 3602 of the Public Health Law; (b) provided by a medical professional, including a physician, registered nurse, nurse practitioner, or physician assistant, to a patient with a preexisting clinical relationship with the general hospital or with the health care professional providing the service; and (c) provided to a patient for whom a medical professional has determined is appropriate to receive acute medical services at their residence. To participate, the general hospital must also have appropriate discharge planning in place to coordinate discharge to a home care agency where medically necessary and consented to by the patient after the patient's acute care episode ends, consistent with all applicable federal, state, and local laws.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025 the provision for Supplemental payments intended for services provided for Voluntary Hospitals up to the upper payment limit for Voluntary Hospitals shall be eliminated. Funds shall be available as Indigent Care Pool (ICP) dollars only.

There is no estimated change to gross Medicaid expenditures as a result of this proposed amendment.

Effective on or after April 1, 2025, hospitals owned and operated by the New York City Health and Hospitals Corporation are removed from participation in the Indigent Care Pool (ICP). Hospitals will continue to be funded in DSH via other DSH transactions.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-26 is (\$113 million).

Long Term Care Services

Effective on or after April 1, 2025 through March 31, 2028 this proposal would provide a three-year increase in funding associated with the reimbursement for residential health care facilities.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$378.9 million.

Effective on or after April 1, 2025, the Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services related to temporary rate adjustments to long term care providers that are undergoing closure, merger, consolidation, acquisition or restructuring themselves or other health care providers. These payments are authorized by current State statutory and regulatory provisions. The temporary rate adjustments will be reviewed and approved by the CINERGY Collaborative.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$30 million.

Effective on or after April 1, 2025 a demonstration program for aging adults with medical fragility shall be established. The aging adults with medical fragility demonstration will certify a medical fragility facility, as defined by Public Health Law § 2808-f, for the purpose of improving the quality of care for aging adults with medical fragility. The facility shall support the continuing needs for adults from age 35 years old to end of life who have a chronic debilitating condition or

conditions, are at risk of hospitalization, are technology-dependent for life or health sustaining functions, require complex medication regimens or medical interventions to maintain or to improve their health status, and/or are in need of ongoing assessment or intervention to prevent serious deterioration of their health status or medical complications that place their life, health or development at risk.

The State intends to utilize its current nursing home reimbursement rates for adults and take into account the methodology used to establish the operating component of the rates with an increase or decrease adjustment as appropriate to account for any discrete expenses associated with caring for aging adults with medical fragility, including addressing their distinct needs as aging adults for medical and psychological support services.

The estimated net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is \$59.6 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with SSL § 365-a(2)(i). The following changes are proposed:

Non-Institutional Services

Effective on or after May 1, 2025, portable radiology providers can transport radiology equipment and deliver radiology services in the setting where a home-bound individual is located, including a long-term care setting, residential setting, or private home or dwelling of a patient. Expansion of the program to home-bound individuals is a cost-effective option that also provides patients an alternative mode of receiving care.

Coverage requirements and regulations will be updated consistent with Federal Regulation (42 CFR Part 486 Subpart C - Conditions for Coverage: Portable X-Ray Services), which provide that portable radiology providers be either the employee of a supervising physician; or require the supervising physician to certify annually that they periodically check the procedural manuals and observe the operator's performance, that they have verified that equipment and personnel meet applicable Federal, State, and local licensure and registration requirements and that safe operating procedures are used.

The estimated net aggregate decrease in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2025-2026 is (\$1.6 million).

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. PUBLIC NOTICE

Department of State

F-2025-0024

Date of Issuance – April 30, 2025

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2025-0024, John Humann proposes to remove existing 20-foot-long by 6-foot-wide float and 2 anchor piles. Reinforce 81 linear feet of existing timber bulkhead. Install an approximately 4-foot-wide by 95-foot-long pier, with an approximately 4-foot-wide by 25-foot-long extension and an approximately 4-foot-wide by 36-foot-long extension to form a “U” shape pier. Install an approximately 2-foot-wide by 5-foot-long access platform leading to a proposed 21-foot-wide by 25-foot-long eight pile boat lift on the north side of the proposed pier. The work also includes installation of an approximately 2.5-foot-wide by 16-foot-long ramp, leading to an approximately 6-foot-wide by 30-foot-long float with four anchor piles on the southern side of the proposed 95-foot-long pier segment. Install six mooring piles inside the “U” shape pier extension to create a proposed boat slip. Install two 6-foot-wide by 6-foot-long elevator lifts with two piles each on the southern side of the pier. A total of four approximately 2-foot-wide by 12-foot-long safety ladders will also be installed at 21 Ocean Avenue, Nassau County, South Oyster Bay.

The stated purpose of the proposed action (Provide a safe private mooring. Bulkhead repair and maintenance).

The applicant’s consistency certification and supporting information are available for review at:
